RE: Ibis Isle Park- Security Fence

Dear Mr. Brazil,

As a follow up to our several conversations I have followed up on the letter that I have written (dated July 3, 2024) with regard to the fence for the Ibis Isle Park in order to ensure its safety. I have been able to secure a number of neighbors who believe that the fence is a great idea for the park ensuring the community safety. Everyone I approached supported the idea of a fence around the park. The only reason that I was not able to get every single resident is that a lot of people are out of town and I did not know their contact information. I also did not even try to approach the condominium residents and I am sure they also would support the fence for the park. It is my hope that this sampling is sufficient in order to immediately start the installation of fence for the safety of the community.

If there is anything further that you need me to do, please let me know and I will undertake said action. The following is a list of those residents who are in support of the fence for the safety

RE: Park on Ibis Isle

Dear Mr. Brazil,

My name is Howard Rudolph and I currently live at 2227 Ibis Isle Rd. East. I have lived at this residence since 2018. Prior to living at this residence, I lived at 2253 Ibis Isle Rd. East since 1994. Thus, I along with my Wife and Family have been residents of Ibis Isle for approximately 30 years. The park that is immediately across the street from my current residence (Ibis Isle Park) is the subject of this letter. As a result of various wildlife in the community, specifically raccoons, foxes and coyotes, I believe it to be in the best interest of the community to have a fence surrounding the park in order to create a safe harbor for the residents. I would imagine the fence would be approximately the height of the existing border shrubbery and green in color. Please let me know what it is that I need to do so that the Town of Palm Beach would take this reasonable action for the benefit of the community of Ibis Isle and the overall benefit of Palm Beach.

Very truly yours,

Howard Rudolph, Esq.
