

Renourishment and Dune Construction at Phipps Ocean Park

Town of Palm Beach

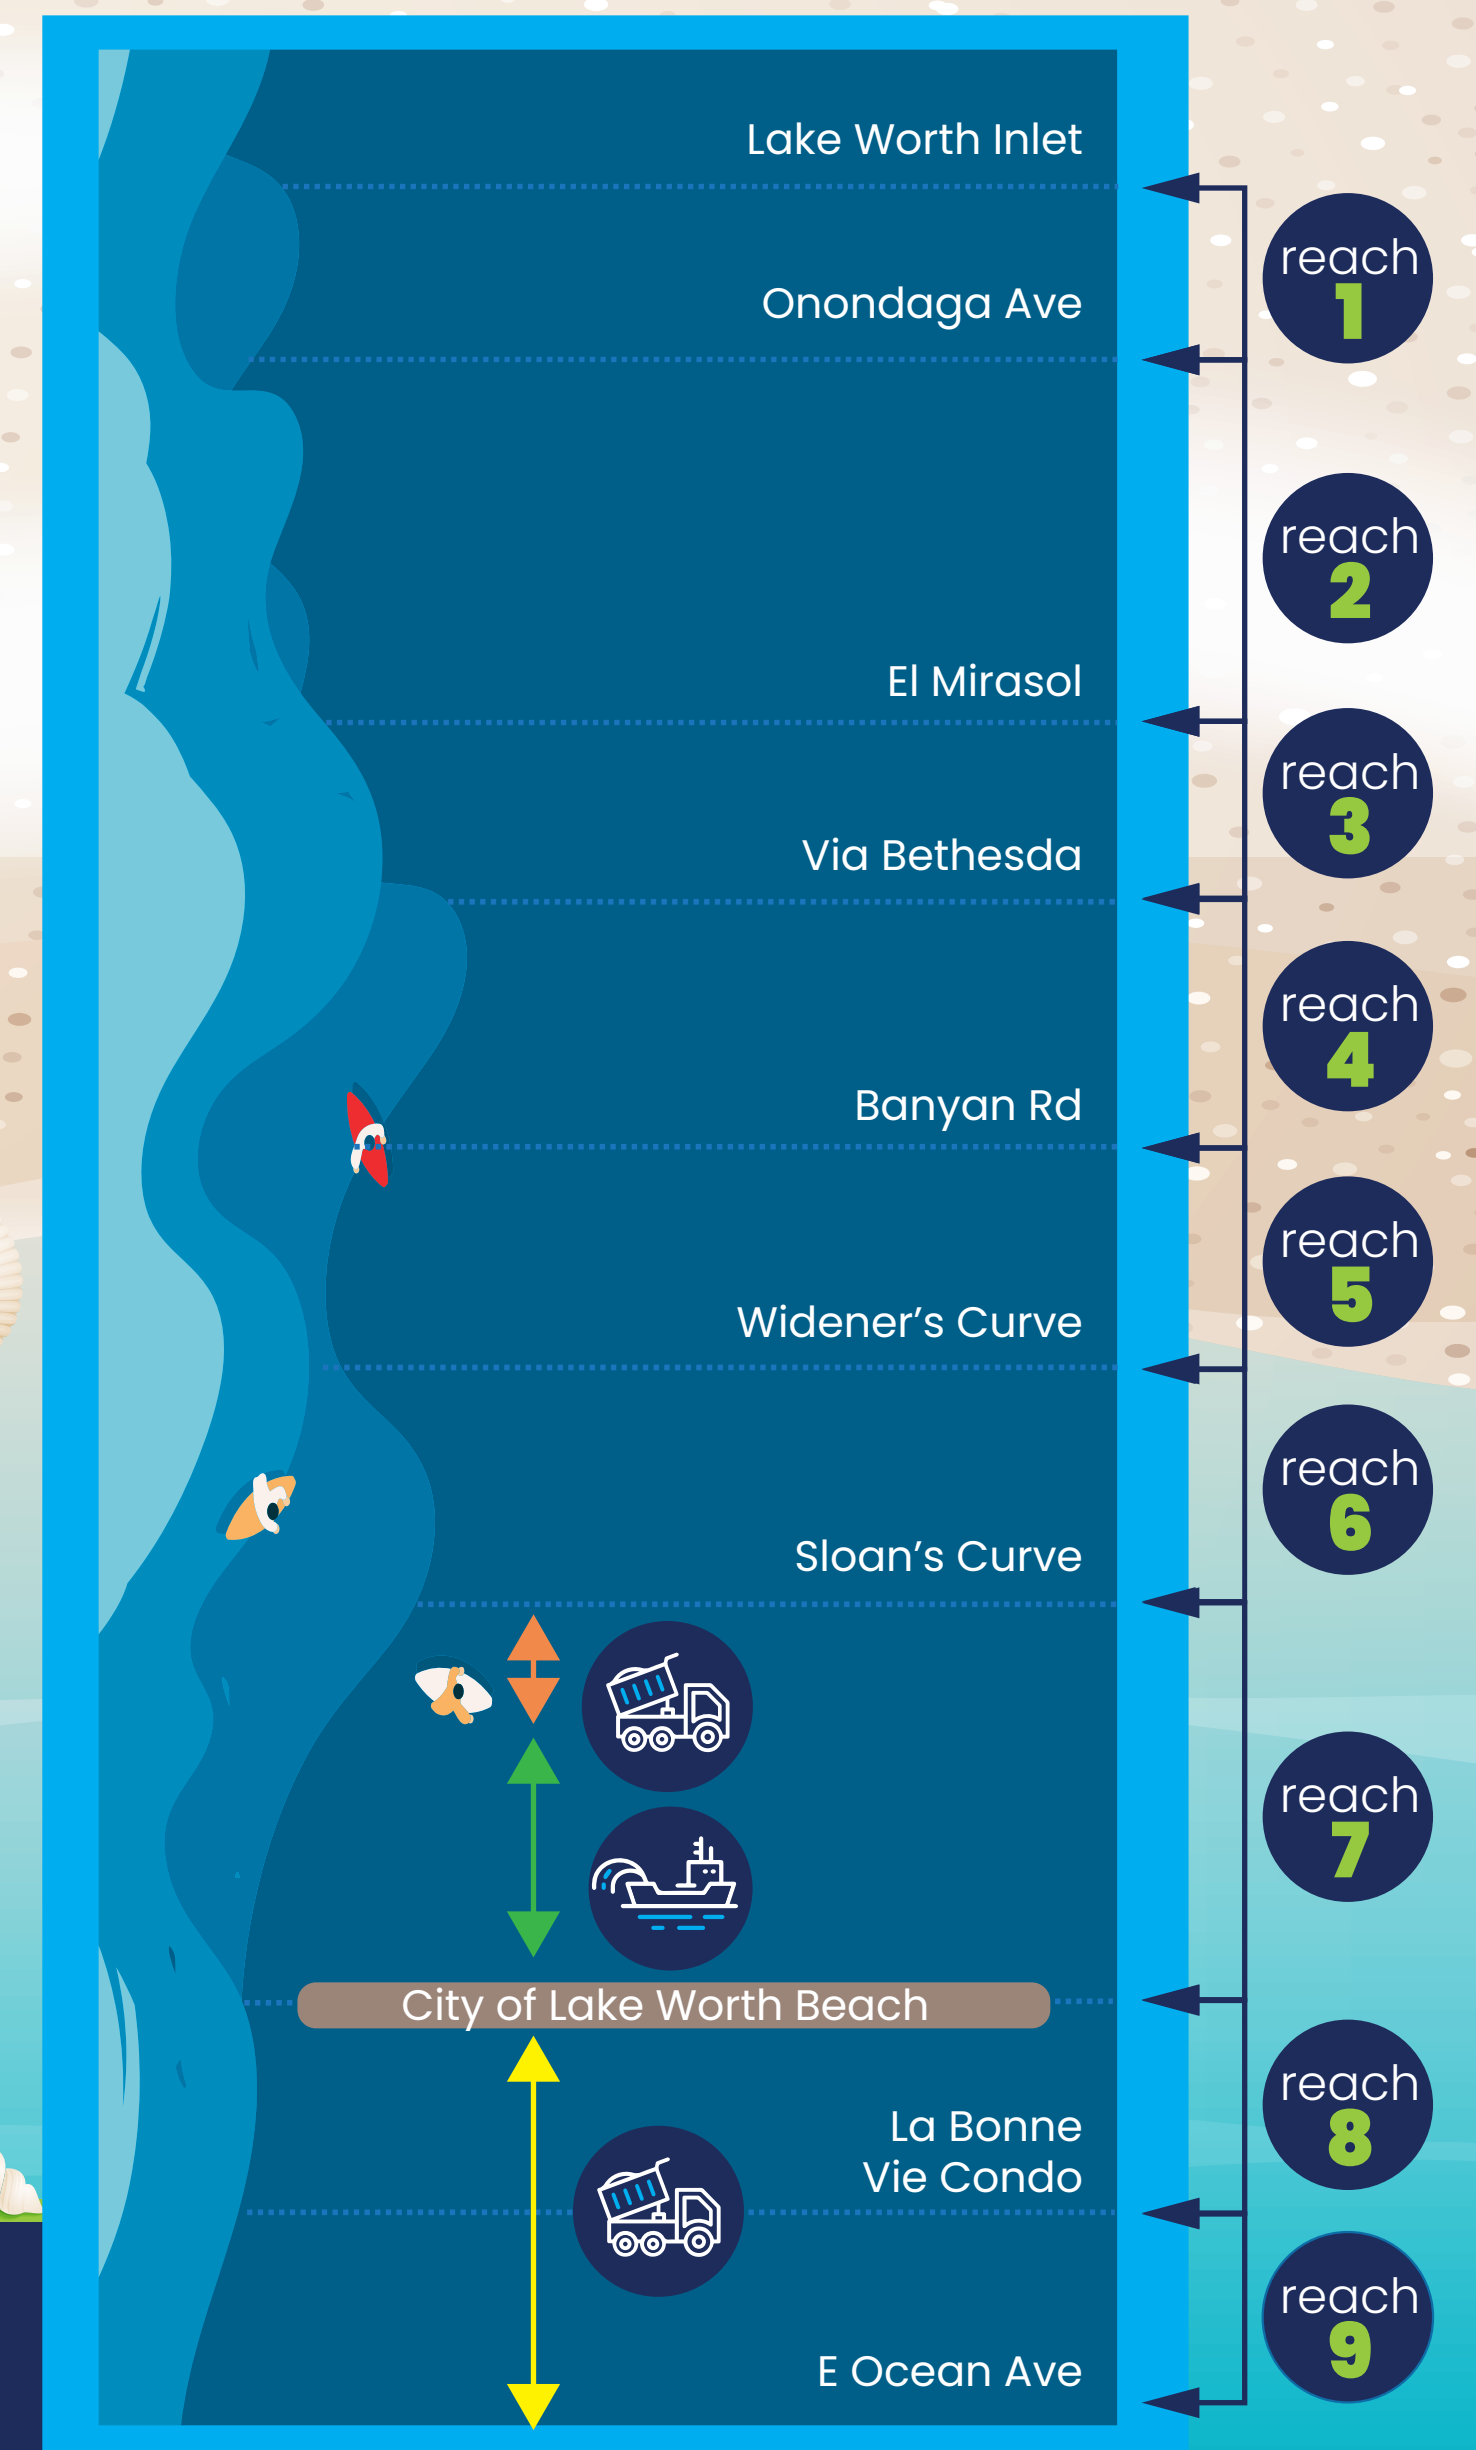

Due to storm damage from Hurricanes Ian and Nicole, the Town is overseeing a beach renourishment and dune construction project at Phipps Ocean Park and adjacent areas. Approximately 750,000 cubic yards of sand are planned to be dredged offshore and placed on the beach in Reaches 7, 8 and 9.

Project Locations:

- ▶ Sloans Curve to Phipps Ocean Park 
- ▶ Phipps Ocean Park to Ambassador Hotel 
- ▶ Lake Worth Beach to Lantana Municipal Beach 

Construction Window November 2024 – April 2025*

**Project schedule subject to change*
