PLANNING, ZONING, & BUILDING DEPARTMENT  
PZ&B Staff Combination Memorandum: Town Council and Architectural Commission

FROM: Wayne Bergman, MCP, LEED-AP  
Director PZ&B

SUBJECT: ZON-24-0089 (01/27/25)—THE BREAKERS BEACH CLUB

MEETING: FEBRUARY 12, 2025 TC  
FEBRUARY 26, 2025 ARCOM

**ZON-24-0089 (ARC-24-0116) 1 S COUNTY RD (BREAKERS BEACH CLUB) COMBO — SPECIAL EXCEPTION AND SITE PLAN REVIEW.** The applicant, Breakers Palm Beach Inc. (Alex Gilmurray), has filed an application requesting Town Council review and approval for a Special Exception with Site Plan Review for modifications to an existing food and beverage operations (Beach Club restaurant). The Architectural Commission shall perform design review of the application.

**ARC-24-0116 (ZON-24-0089) 1 S COUNTY RD (BREAKERS BEACH CLUB) (COMBO).** The applicant, Breakers Palm Beach Inc. (Alex Gilmurray), has filed an application requesting Architectural Commission review and approval for exterior modifications to the east façade of the dining facility, specifically enclosing the existing covered loggia for interior dining space with a new glass windows and doors. The Town Council shall review the application as it pertains to zoning relief/approval.

Applicant: Breakers Palm Beach Inc  
Professional: Dailey Janssen  
Representative: Jamie Crowley

**HISTORY:**

As part of the Breakers current projects, Resolution 06-2025 will need to be adopted. The site plan presented as part of this application demonstrates the need to alter the existing PUD plat and therefore requires a PUD replat prior to the issuance of a permit.

At the February 04, 2025 Planning and Zoning Commission meeting, the Commission will hear the proposed PUD resolution.

**THE PROJECT:**

The applicant has submitted plans, entitled "The Beach Club Restaurant at the Breakers", as prepared by **Dailey Janssen**, dated and uploaded to the Town on 01/27/25.

The applicant is proposing the following scope of work at the property:

- Exterior and interior modifications to the existing restaurant, including enclosing approximately 1,805 SF covered area of the loggia.

The following Special Exceptions with Site Plan Review is required for completion of the project as presented:

- **SPECIAL EXCEPTION #1** Sec. 134-226 through 229, Special Exception Sec. 134-326 through 330, Site Plan Review Special Exception with Site Plan Review approval to for modifications to an existing food and beverage operation.

<b>South</b>	Breakers Hotel		
<b>East</b>	Atlantic Ocean		
<b>West</b>	Breakers Hotel Golf Course		

### **STAFF ANALYSIS**

The Breakers is a 534 room landmarked hotel situated on 140 acres on the Atlantic Ocean. The resort contains many leisure amenities including an 18-hole golf course, tennis facilities, and eight food and beverage operations within its expansive recreational campus. The Beach Club is currently located south of the hotel proper and along the ocean. The Beach Club at The Breakers Palm Beach was completed in March 1999, and remodeled in 2012. The facility is not open to the public, but caters rather to hotel guests, spa attendees and members. The Beach Club is currently approved and licensed (BTR-23-00114) for 340 seats. The proposal does not seek to increase that number, as the site plan indicates seating for 236. There was no documentation of any proposed operational changes (enclosure of covered loggia), hours (dinner service) or access (public vs. members) submitted; and if this proposal did wish to amend that, a separate application would need to be filed seeking Town Council review and approval as a Special Exception and may be subject to a DOUA.

The proposal is for modifications to the existing ground floor, beachfront restaurant, The Beach Club. Most notably, exterior modifications to the east façade of the dining facility, specifically enclosing 1,805SF existing covered loggia for interior dining space with a new glass windows and doors. to enclose with a glass storefront system the existing outdoor covered loggia dining space into enclosed air-conditioned space. The existing east dining terrace will continue to be utilized for outdoor dining space. The outdoor bar will be reconfigured into a service bar for the dining terrace, and no longer be used directly by guests, and there will be no customer seating at this bar. The north roof of the bar will be removed and the footprint of the bar will be reduced in size.

Due to the scope of work, the site plan review may qualify as an administrative site plan review under Section 134-622, which allows for administrative review for additions under 2,500 SF; however, due to the PUD amendment and the other two more substantial applications currently pending, all matters were grouped on the same agenda, albeit as separate applications. With regard to the design review of the project, the proposal was reviewed with the Chair, who determined that the magnitude of the changes merited full Commission input and review.

*Existing east façade of Beach Club*

*Proposed east façade of Beach Club*

*Existing floor plan with seating*

*Proposed floor plan with seating plan*

The applicant is proposing to install a new glass curtain wall system to the arched loggia the currently serves as covered seating. The proposal will increase the interior enclosed space by 1,805 SF but not increase the number of seats. The outdoor bar will be reconfigured into a service bar for the dining terrace, and no longer be used directly by guests, and there will be no customer seating at this bar. The north roof of the bar will be removed and the footprint of the bar will be reduced in size. Other minor modifications include a new glass railing, and new paving tiles. The proposal will not impact any abutting properties and is not visible from any right-of-ways.

**CONCLUSION:**

Approval of the project will require two (2) separate motions to be made by the Town Council:

- (1) For the Special Exception for the restaurant use.
- (2) For the Special Exception for the outdoor café seating.

Approval of the project will require one (1) separate motion(s) to be made by the Architectural Commission:

- (1) for the overall design of the project in accordance with Sec. 18-205 criteria, subject to any imposed conditions.
