Subject: Club Parking on Sea Streets

We are leaving here in our House for the last seven years and bought our House in the believe that our street would be quiet and peacefull. We heard through our Neighbours that there is a project to have Valet parking on all the Sea streets, I would like to inform you that we are absolutely against that project!! We have a lot of trucks due to construction on our street which we can not oppose ,but we feel strongly that the new parking project will be awfull! Thank you for your understanding.
Felice and Sergio Haberfeld
