Dear Bobbie and Dani,

I'm writing to you both as fellow garden club members as well as members of the town council to express my concern about the proposed new restaurant on the corner of Phipps Plaza & County Rd. Even though it would be nice to have a new restaurant to replace the empty 264, I am concerned that the owners want to expand to FOUR TIMES the size of 264, up to 11,000 sq. ft. from the original 3000. Why would they need such a huge area? I live on Seaspray Ave. so am a neighbor who would be affected by parking & congestion problems.

I am wondering what your take on this project is. I think we in the garden club are on the same page, so I'd appreciate your opinion, and how you plan to vote on it this coming Wednesday. The first I heard about this was by chatting with a neighbor the other day, so I am also wondering why there has not been more publicity about such a large project.

Thanks for your in-put,
Sincerely,
Betsy
