Re: Fiscal Year 2019 Recreation Department Fee Schedule

Resolution No. 084-2018

Date: June 19, 2018

# STAFF RECOMMENDATION

Staff recommends the approval of Resolution No. 084-2018, amending the Recreation Department fees as outlined in Exhibits I - IV, and granting authority to the Recreation Director to modify daily tennis and golf fees, when necessary, to fill underutilized times and promote specials to attract new players.

# **GENERAL INFORMATION**

### **Fee Schedule**

The proposed fee schedule for FY 2019 includes charges for the Town Docks, Par 3 Golf Course, Recreation Center and Tennis Centers. The fee schedule recommendations were reviewed by the Recreation Advisory Commission (RAC) at their April 4, 2018, special meeting and were unanimously supported.

#### **Docks**

Staff is recommending dockage rate increases for annual and transient customers. The overall increases should not affect our place in the market as the attached rate survey demonstrates.

### Golf

Staff is recommending the creation of a weekend and holiday rate. These higher rates will be charged on Friday, Saturday and Sunday and on all holidays. Additional fee modifications include the creation of an Off Season Pass Program and the increase in the rental club fee. These recommendations were all contained within the Comprehensive Review of Town Operations and recommended by the Town Council for implementation. In addition, fee adjustments have been made to round the final cost of play to the closest \$.25 after tax is applied to the purchase. This change will reduce the time staff spends traveling to the bank to acquire change.

#### **Recreation Center**

Staff has recommended the creation of a Maintenance & Improvement Fund for the Recreation Center. A separate reserve to cover costs associated with non-routine maintenance and improvement projects would assist in ensuring funds are available to support capital improvement projects and unanticipated maintenance projects. A minimal charge of \$1.00 for a single day/drop-in registration and a \$5.00 fee for a multi-class enrollment is being recommended. This fee was contained within the CROTO and recommended by the Town Council for implementation.

## **Tennis Centers**

The proposed fee schedule for tennis operations for fiscal year 2019 includes an increase in all daily fees by \$.50 and the Play Pass by \$6.00 This recommendation was contained within the CROTO and recommended by the Town Council for implementation.

## **Fee Surveys**

Annual surveys of similar municipal and privately owned public facilities were completed to compare rates to those we charge at our service centers. The golf course rates remain at the top of the market for similar size facilities and less than a majority of championship courses. Fees for the tennis centers remain competitive with tennis centers throughout the area. Rates for dockage at the Town Docks remain competitive. The rates shown for the local marinas are rack rates.

# **Authorization to Modify Fees**

Staff is requesting authorization to modify fees, when necessary, to maximize play at the golf course and tennis facilities. This request is consistent with requests that have been made and approved over the last several years. This strategy would be used to fill underutilized court times, tee times and to promote new play opportunities during non-peak times. Special offers would be used only when necessary and will be consistent with industry practices.
