To Whom it may concern;

I was very excited to learn that Michel McCarty was proposing to open a new club in Palm Beach. I started coming down to the area in the late nineties and the highlight of every visit was a dinner or two at McCarty's restaurant. The food was great, the atmosphere both welcoming and elegant, and the opportunity to meet old friends and new ones was unsurpassed.

Having made Palm Beach my permanent residence just three years ago, I sorely miss the tradition of McCarty's. The proposed Carriage House Club plan is exciting as well as respectful to the neighbors and anything that Michael McCarty is involved with is sure to be an asset to the community in keeping with the gracious life style that makes Palm Beach so special, world renowned.

I look forward to the opening of the Carriage House!

Sincerely,

Bonnie Allsopp Nadal
