ARCHITECTURAL COMMISSION (ARCOM)

ARCOM reviews and approves modifications to any existing structures visible from public rights-of-way, new construction, and landscaping. The seven regular members and three alternate members are Town registered voters appointed by the Town Council. Regular members are appointed for three-year terms and no member may serve more than two consecutive terms. Members are appointed on the basis of experience in art, architecture, community planning, land development, real estate, landscape architecture, or other relevant business, profession, or civic interest. At least two members, but not more than three members, shall be registered architects in the state. In the event there are, in the discretion of the town council, no bona fide applicants who are registered architects in the State of Florida, the town may solicit and appoint architects registered outside the State of Florida to fill one of the architect seats.

Question 1

I have been coming to Palm Beach for over 50 years, and now love living here. I want to help protect and maintain the beauty that draws people to this slice of paradise. Further, I feel that participation on ARCOM is a way in which I can give back to the community.

Question 3

Boards / Commissions / Committees

- ARCOM – Town of Palm Beach – 1 year
- Southampton Commons, Southampton, NY – Board Member 5 years
- Mountain Laurel Homeowners Association, Greenwich, CT – Board Member and Treasurer – 15 years
- University Of California, Los Angeles, CA – Entrepreneurship Endowment Fund – Committee Member 4 years
- University of Richmond, Richmond, VA – Parent Leadership Committee 4 years
- Amherst College, Amherst, MA – Parent Leadership Committee 3 years, Outdoor Art Committee 2 yr.
- Brunswick School, Greenwich, CT – Annual Fund Committee 14 yrs.

Question 12

I have served one year on the ARCOM Commission and have both learned much as well as given thoughtful consideration to the many projects that came before us. A major concern to me has been the building on divided lots and irregular or sized lots. Too often, applicants try to build to the maximum size allowed which often does not fit in with the neighborhood and what is aesthetically pleasing to the eye. Being charged with maintaining the beauty of Palm Beach, I feel it is my responsibility to offer constructive criticism so that these projects in particular are reduced in scale and better fit into their neighborhood.

Question 16

I would accept appointment as an alternate. (Technical glitch with the physically disabled question)
