I. Communications

Community Meetings:

 South Phases: Cup of Joe with Bo & Town Staff Occurred Friday June 7, 2019 Location: South Fire Station There will be no meeting held in July.

Next Meeting scheduled for Friday August 2nd

North Phases: Coffee with the Crew & Town Staff
There will be no meeting held this month or in July.
Next Meeting scheduled for Monday August 5th

Significant Correspondence:

• Phase 4 Initial Easement Notification letters are being prepared by Staff.

II. Progress Summary:

Construction progress:

Phase 1 North Construction:

- Starting the week of May 27 Florida Power & Light and their authorized contractor began decommission and removal of overhead wires and poles in the Phase 1 North construction zone. Work is expected to continue through June and early July.
- Final landscaping activities will follow the FPL work and expected to begin in late June continuing through early July.

Phase 1 South Construction:

- FPL condominium conversions are in progress. The crews are working near the southern Town limits. As of May 29, 8 buildings have been converted to the underground system.
- Final pole removal and landscape is expected to begin in August.

Phase 2 North Construction:

All primary conduits are complete. Concrete pad, equipment placements and tie-ins
of conduits and private side service lines are in progress along Seagate,
Angler, Ocean Terrace, and Osceola Way.

Phase 2 South Construction:

- Kimley Horn provided the bid package to the Construction Manager, Kauffman Lynn, on May 2, 2019.
- Staff recommendation and GMP are expected to be on the August Town Council Agenda.
- With approval construction may commence as early as August/September 2019.

Phase 3 North Construction:

- The bid package was provided to the Construction Manager, Burkhardt Construction, on May 23, 2019.
- Staff recommendation and GMP are expected to be on the July Town Council Agenda.
- With approval construction may commence as early as August 2019.

Phase 3 South Construction:

- Bid package availability remains incomplete due to outstanding (appx 12) critical path easements along S. County Road.
- We are not ready to begin the bid process at this time.

Design & Easement Progress:

Phase 2:

• Phase 2 South Design is 98% complete

Easement Status:

• Phase 2 South: 84% of easements approved

Phase 3:

- Phase 3 North Design is 90% complete
- Phase 3 South Design is 71% complete

Easement Status:

- Phase 3 North: 50% of easements approved
- Phase 3 South: 50% of easements approved

Phase 4:

- Phase 4 North Design is 40% complete
- Phase 4 South Design is 26% complete

Easement Status:

- Phase 4 North: 0% of easements approved
- Phase 4 South: 0% of easements approved

Additional Details Regarding Status of Phase 3 & Easement Acquisition:

Phase 3 North

Easement Acquisition within Phase 3 of the Townwide Underground of Utilities Project is progressing. The Master Plan called for construction to begin in May 2019 however, Phase 3 North construction is estimated to start in July or August of 2019. We have a few remaining critical N Ocean Blvd & N Lake Way easements to secure.

Phase 3 North design remains on budget but behind schedule. Kimley-Horn reported delays receiving Comcast's initial design, additionally subsequent design coordination with both AT&T and Comcast in an effort to reuse existing underground infrastructure delayed the comprehensive bid package being made available to the CMAR (now with Burkhardt Construction as of May 23rd.)

A total of 29 private property easements and 12 Right of Way or existing easement equipment placements are required in Phase 3 North to complete the project. The Town presently has 50% of easements approved (either verbal approval or fully executed). Approximately 15 private property easements remain to be acquired with 11 on secondary roads and four on N. Lake Way or N. Ocean Blvd.

Phase 3 South

Phase 3 South start of construction remains undetermined at this time primarily due to uncertainty to acquire 12 critical S. County Road private property easements in addition to a significant number of others throughout the project area.

Phase 3 South design remains on budget but behind schedule. The situation regarding ATT & Comcast's designs being delayed are similar to the Phase 3 North however, the schedule delay is driven by challenges to secure numerous private property easements along S. County Road. The lack of easement progress will in turn delay the Town's comprehensive bid package delivery to the CMAR, Kauffman Lynn. A date for bid package availability and GMP presentation to the Town Council remains undetermined.

Phase 3 South is a challenging and complicated area with a total of 89 private property easements and 56 Right of Way or existing easement placements required to complete the project. The Town presently has 28 easements approved (either verbal approval or fully executed). 60 private property easements remain to be acquired with 48 on secondary roads and 12 along S. County Road. The S. County Road easement and right of way locations are considered critical path because they need to be agreed upon prior to submitting for FDOT permits for placement within their right of way.

Executive Summary For April 2019

Project Description
Townwide Overhead Utility Undergrounding
Phase 2 North
P.O. # 181400

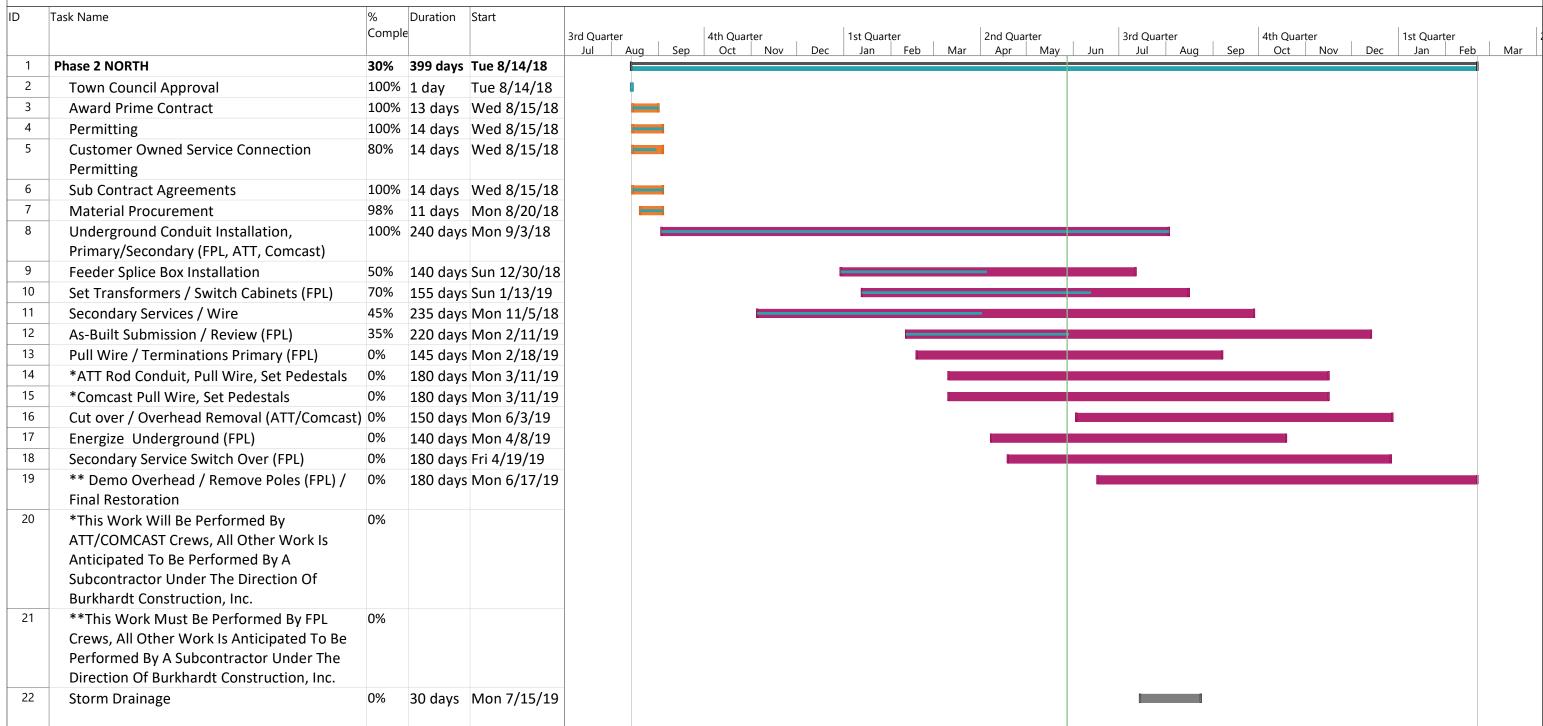

Project Status:

The crews continued with the horizontal drilling along the east/west roads. They mainly concentrated on Reef, Dolphin, Seagate, and Angler. A second drilling crew arrived midmonth and began drilling the private side services along Esplanade and Reef Road.

As the work progressed, setting of transformer pads, transformers, and AT&T splice boxes continued at various locations within the project limits.

The project remains on schedule and continues to stay within budget.
