August 25, 2019

To Whom it may concern:

The Palm Group has for over 20 years, been an integral resource in keeping my home safe, secure, maintained and consistently monitored.

Their presence on the island is something that I and the other home owners have been looking forward to for quite some time.

As a "town serving" company, I'm sure you will determine that they are qualified and an important business to have here.

It is reassuring to know that the Palm Group is now close and available with an easily accessible office on the island.

The Palm Group should be welcomed as an addition to our Beautiful Palm Beach Island.

Sincerely,

A handwritten signature in blue ink that reads "Karen Berger". The signature is fluid and cursive, with the first name "Karen" and last name "Berger" clearly distinguishable.

Karen Berger
