Dear Mayor and Town Council Members:

Thank you for your work on our behalf. I would like to clearly state my position regarding the determination or the possibility of a historic district designation for the Sea Streets. I am opposed to this designation and further I am disturbed by this disjointed process.

I believe all home owners should have the right of self determination within the current laws and regulations with regard to a landmark status. I believe that the home owner should always be in agreement and always be brought into any consideration before any action is taken. Therefore I am 100% opposed the the landmark commissions actions and would like a final ruling to oppose their action taken on the 10th of October.

Thank you again.
