Subject: Testa Development Address Assignments

Good Afternoon Everyone,

As the Testa development project gets closer to completion, I need to advise you on the address assignments for the property. Please be advised that the address assignments are as follows:

- Building #6 (furthest east) will be 221 Royal Poinciana Way
- Building #1 (next furthest east) will be 223 Royal Poinciana Way
- Building #5 will be 225 Royal Poinciana Way
- Building #2 will be 227 Royal Poinciana Way
- Building #3 will be 229 Royal Poinciana Way
- Building #4 (farthest West) will be 231 Royal Poinciana Way.
- The small commercial space (about 350 SF) in Building #4 which has only (1) entrance and it is off Sunset Avenue and on the even side of the street will be 216 Sunset Avenue.

The six residential units above the first floor in all the buildings will have corresponding unit number addresses which are the same as the building numbers with a tentative Via Flagler street name addresses. The via name is still pending Town Council approval. I have attached a map that identifies the addresses. Please modify your records accordingly. Also, please let me know if you have any questions.

Thank you,

Paul Castro, AICP
