

TOWN OF PALM BEACH

Ordinances, Rules and Standards Committee

REPORT OF THE ORDINANCE, RULES AND STANDARS MEETING HELD ON THURSDAY, JANUARY 9, 2020

10 I. <u>CALL TO ORDER AND ROLL CALL</u>

The Ordinances, Rules and Standards Committee (ORS) meeting was called to order on Thursday, January 9, 2020, at 9:30 a.m. in the Town Council Chambers. On roll call, all committee members were found to be present.

- 16 II. <u>PLEDGE OF ALLEGIANCE</u>
 - Chair Araskog led the Pledge of Allegiance.
- 20 III. <u>APPROVAL OF AGENDA</u>

22 Motion was made by Committee Member Crampton, and seconded by Chair Araskog, to 23 approve the Agenda. On roll call, the motion passed unanimously.

- 25 IV. <u>COMMUNICATIONS FROM CITIZENS</u> None.
- 27 V. <u>REGULAR AGENDA</u>
 - A. Old Business

> 1. Proposed Modification to Chapter 106, Article VII, to Establish Town Council Approval Criteria for Walks/Runs Events on Public Property Jay Boodheshwar, Deputy Town Manager

Chair Araskog made comments regarding Town residents' quality of life and the burden walks/runs put on our residents who are construction weary and traffic fatigued. She discussed the Council's goals for the modifications to Chapter 106, Article VII and stated that it is her opinion that these modifications must be specific and detailed to give the Council the ability to protect our residents from disruptions to their quality of life and quiet enjoyment of their property or other safety issues.

Jay Boodheshwar, Deputy Town Manager, provided a brief background on the
Special Events Ordinance with regards to Walk/Run events and clarified the
objective of bringing this item before the Committee was to develop some criteria

1	for Council to reference when considering applications for new walk/run events. He
2	presented a review of the proposed modifications by staff to Chapter 106, Article VII
3	of the Town Code. The goal was to find a middle ground by reducing the
4	modifications presented at the October 24 th , 2019, ORS meeting and to eliminate
5	redundancies.
6	
7	Chair Araskog stressed the importance of having criteria that will allow the Council
8	to approve or disapprove of an event. She commented that if the criteria is too broad
9	or too narrow, the Council would not have the criteria necessary to approve or
10	disapprove an event. Chair Araskog opined that something in the middle would
11	probably be best and discussed changes to specific sections that she thought would
12	be appropriate to give the Council clarity and passed out her recommendations for
13	changes.
14 15	Chair Araskog and Deputy Town Manager Boodheshwar suggested changing
15 16	number one to add "as well as the walk/run route." It was agreed that number two
10	would stay the same and that the new material would be discussed.
18	would stay the same and that the new material would be discussed.
18 19	It was the consensus of the ORS Committee that the following quote be added to item number
20	one of the existing criteria, "as well as the walk/run route."
20	one of the existing effectia, as well as the wark/full foute.
22	It was the consensus of the ORS Committee that no change will be needed to item number two
23	of the criteria.
24	
24	
	Extensive discussion ensued regarding capping the amount of participants, limiting the number of times the same route can be used, and establishing a maximum number
24 25	Extensive discussion ensued regarding capping the amount of participants, limiting

Chair Araskog recommended one every two months. In response to a question from Committee Member Crampton, Chair Araskog clarified that this was three if using the same or a similar route. This would not pertain to other areas; each

It was a consensus of the ORS Committee that three walk/run events occur in season and must be every other month if in the same route area, with the Walk of Hope and the Turkey Trot being included in that number for that specific route.

25

Chair Araskog stated her opinion that additional criteria could prove important to allow the Council to give relief to an area that has had disruption to their quiet enjoyment of their property due to heavy construction in the area or other maintenance issues. Deputy Town Manager Jay Boodheshwar stated the Council and the Staff currently have the authority in Special Events Ordinance to deny an event based upon disruption of the community.

- 12 Chair Araskog proposed adding a cap to the number for other walks/runs, but felt it 13 was random at this point to pick a number. She thought 300 to 350 should be the 14 maximum. Committee Member Crampton was more inclined to 500. Deputy Town 15 Manager Boodheshwar in reply to Chair Araskog's question advised that the total 16 number of participants in the Turkey Trot was about 1300. Mr. Crampton was fine 17 with a number based on the Walk of Hope, which is about 500, that he said was a 18 feel good and charitable organization that he could approve. Deputy Town Manager 19 Boodheshwar stated that in lieu of the larger events in that route area, limiting the 20 third walk/run to a smaller participant number would be fine. Chair Araskog stated 21 her concern that in one route area there were 1300 in November, In February, there 22 would be 500-800 people and that it is appropriate to have a much smaller number 23 of participants for the third walk/run. 24
- The Committee agreed that 350 people would be the maximum allowed. Deputy Town Manager Jay Boodheshwar informed the Committee that the two grandfathered events would **not** have the cap of 350, unless the Council chose to require this maximum number of participants.
- Chair Araskog also asked that the Ordinance provide a cap on the maximum amount to include volunteers and organization members so as not to have an adverse effect on parking. It was recommended by Deputy Town Manager Boodheshwar that we pick 400 instead of 350 people in number 5 to include vendors, volunteers, walk/run participants, spectators, and workers from the organization sponsoring the walk/run event. He recommended we add the words "and all others" to include all participants, volunteers and the like. The Committee agreed.

It was the consensus of the Committee that 400 people should be the maximum participants allowed, including all volunteers, and the two grandfathered events would not have the cap of 40 participants, unless the Council chose to change this requirement.

41 42

38

Chair Araskog requested that the ordinance add that the event will not begin setup or
clean up before 8 o'clock in the morning if near any residential living unless
approved by Town Council. Committee Member Crampton agreed. Deputy Town
Manager Boodheshwar gave his opinion that the best time to have such events is
earlier in the morning to get the walk/race in and out before residents start their day.

1 2 3 4 5 6 7 8 9	Chair Araskog preferred that start times for setup be brought to Town Council and not just be staff approved to give residents the ability to weigh in on whether the time is too early and was detrimental to their quality of life, safety etc. Deputy Town Manager Boodheshwar pointed out that this is already coming to Council, but Chair Araskog wanted this to be added to the criteria to give the Council a reason to say no that is clearly stated and to have resident participation. She explained she is looking for extra layers of protection and specificity. It was decided to add "and will not adversely affect the adjacent residential neighborhoods" to an existing clause.
9 10	It was the consensus of the ORS Committee to make the addition of the following quote to the
11	existing criteria, "and will not adversely affect the adjacent residential neighborhoods."
12	
13	Discussion ensued on the maximum time for the event, which is already addressed
14	in the Special Event Ordinance.
15	
16	Discussion ensued about sections in the originally proposed changes at the last ORS
17	meeting that Deputy Town Manager Boodheshwar found were redundant. The
18	Committee approved the removal of such redundancies in number 5, 6, 9 and others.
19	It was the concentry of the ODS Committee to nomence the volum density in the evitanic that
20 21	It was the consensus of the ORS Committee to remove the redundancies in the criteria that were discussed.
22	were uiseusseu.
23	On the proposed number 10, Chair Araskog recommended staff provide a copy of
24	the noise ordinance to each applicant and that they be reminded that they must abide
25	by all noise ordinances.
26	
27	Chair Araskog requested no events on Sundays as this is the only day that
28	construction and landscape work are not allowed. She stated that this is important
29	when considering our resident frustration with the overwhelming construction and
30	traffic issues during the week and even on Saturdays. It was pointed out that Kathleen
31	Dominguez had included this in her version of the proposed ordinance discussed in
32	October 24, 2019, ORS meeting.
33	
34 25	It was the consensus of the ORS Committee to not allow events to take place on Sundays.
35 36	Chair Araskog asked that criteria be written to provide Council with a mechanism to
30 37	not allow amplified music or amplified speaking before 9 a.m. An example was a
38	warm up that occurred in one of the walk/runs that had a 7 a.m. warm up with music
39	and amplified discussions. A resident of the towers came with a noise reader and was
40	furious about being awakened on a Sunday to amplified music and talking. Chair
41	Araskog asked that this be brought to Council for their comments.
42	
43	It was the consensus of the ORS Committee to recommend to Council for discussion that
44	criteria be provided to not allow amplified music or talking before 9 a.m.
45	
46	Committee Member Crampton when asked stated that he was fine with Chair
47	Araskog's recommendations.

1 2 3 4 5 6 7 8 9 10 11	several crite It was the co document p	Chair Araskog asked if Council could advise on the different areas where she thought they needed guidance and more input before this went into ordinance form, but it was pointed out that it could be changed on the first reading at the February meeting. Onsensus of the ORS Committee to recommend Council have further discussion on Pria that was not decided upon. Onsensus of the ORS Committee to approve the changes as discussed, not as the Dorovided by Chair Araskog. Additionally, staff was directed to prepare an For review by the Town Council at the February 11, 2020, meeting.
12 13	B.	New Business
14	D.	
15		1. Proposed Modification to Section 66-236 – Application Procedure for
16		Vegetation Removal Permit, to Require Town Approval for Removing
17		Landscape Buffers
18		Wayne Bergman, Assistant Director of Planning, Zoning & Building
19		
20		Committee Member Crampton requested background information regarding the
21		presentation. His concern was regarding the property rights and requiring owners to
22		keep hedges on their own property to afford privacy to a neighbor.
23		
24		Wayne Bergman, Assistant Director of Planning, Zoning & Building, provided a
25		brief background on why the proposed modifications to Section 66-236 are being
26		brought before the Committee and asked for direction from the Committee to have
27		staff review and consider the section in depth. Mr. Bergman discussed instances in
28		the Town where a property owner has removed a privacy hedge. It is a rare
29		occurrence, but there have been enough coming forward that staff believed it merited
30 21		a discussion to see if there was direction to fill the void.
31 32		Committee Member Crampton requested more specific examples to understand the
32 33		problems. Mr. Bergman stated he was happy to bring the examples forward and
33 34		clarified that the instances involved landscape plans that had been approved by the
34 35		LPC or ARCOM and that in these instances, part of the approved package was to put
36		the perimeter buffering in certain places. He stated that as soon as the Certificate of
30 37		Occupancy was issued, or shortly thereafter, owners decided to remove the
38		landscaping and to replace it or not replace it. Mr. Bergman explained those were the
30 39		types of situations he is talking about.
39 40		types of situations ne is taiking about.
40 41		Committee Member Crampton stated that his examples are a different issue of not
41		following the ARCOM approved plans. Chair Araskog explained that in the ARCOM
43		Ordinance there were criteria involving protecting neighbor's privacy and that
44		ARCOM often requires certain hedging and landscape materials to protect the
45		neighbors from windows or other aspects of the architecture that could remove the
45 46		neighbor's privacy in their yards or homes.
40 47		norghoor o privacy in mon yaras or nonnes.
77		

Chair Araskog recommended that this be brought to Town Council for a decision on 1 if there should be some mechanism to prevent hedge or landscape removal when it 2 3 is implemented by ARCOM or LPC to protect the privacy of the neighbors or to hide garages, cars, or mechanical equipment from the public and neighbors. Chair 4 Araskog expressed the importance of this particular issue as people have complained 5 about the fact that they took the time to attend the LPC or ARCOM quasi-judicial 6 7 hearing to request privacy protection and ARCOM worked extensively on the plans to protect their privacy and all agreed on the plans and then all of a sudden the privacy 8 landscape/ hedging that was agreed upon is gone six months later. Chair Araskog 9 stated that she has seen this occur and believes it is not fair that there is not currently 10 any regulation requiring the landscape plans be followed once installed. 11 12 Committee Member Crampton asked why this is not a code issue. Chair Araskog 13 explained that this is not a code issue because there is nothing in the current code 14 pertaining to limiting the removal of ARCOM or LPC approved landscaping. Chair 15 Araskog thanked Mr. Bergman for bringing this to the attention of the Council and 16 17 the ORS Committee. 18 Chair Araskog stressed the extensive work put in by ARCOM on the landscape plans. 19 Committee Member Crampton agreed that this was important if it was agreed to and 20 issued a permit based by an ARCOM finding and they remove it that is a different 21 issue to him. The Committee agreed an ordinance should be drafted to protect this. 22 23 Chair Araskog used an example of a woman who attended several meetings to be certain a hedge would be used to protect her privacy from a larger building being 24 built next door and then they changed it to trees, which did not give her the privacy 25 she was promised at the ARCOM Meetings. 26 27 28 Chair Araskog also talked about possible unintended consequences if someone wanted to remove a ficus bemjamina hedge or both neighbors have agreed to remove 29 the landscape barrier, they probably should not have to go to LPC or ARCOM. 30 31 32 Chair Araskog stated that she thought Mr. Bergman's idea is great and asked that he come back with an Ordinance that holds the property owner to the plans unless they 33 go to ARCOM or LPC for the changes if it affects privacy, mechanical equipment 34 and garages or other potential blights on the neighborhood. If this was the intent, then 35 36 code should require that it go to ARCOM or LPC unless both neighbors agree. The Committee asked Mr. Bergman to come back with an ordinance that takes the issues 37 38 discussed into consideration. 39 40 It was the consensus of the ORS Committee to direct staff to make revisions to Section 66-236 and bring it back to ORS Committee for additional review. 41 42 Proposed Modification to Section 66-311 - Prohibited Plants, to Prohibit 2. 43 the Planting of Non-Native Ficus 44 Jay Boodheshwar, Deputy Town Manager 45 46

Chair Araskog made comments in regard to Ficus Nitida and ARCOM, especially 1 John David Corey, changing Nitida to another species. She discussed other types of 2 non-native ficus that attract White Fly and require all the chemicals that are being 3 currently sprayed. She mentioned Kathy Bleznak who spoke recently to Town 4 Council regarding a time extension request. Resident Bleznak had put in a Ficus 5 Nitida hedge to eliminate the heavy spraying the Ficus Benjamina required and 6 7 thought she would not run the risk of having White Fly. Her neighbor did not spray for White Fly and it infested his Ficus Benjamina. Then moved to her property, 8 infested her Ficus Nitida and then was required to use harmful chemicals on her Ficus 9 Nitida. 10

Chair Araskog stated there are two important factors: white fly and spraying 12 chemicals, both of which were factors as to why the Council decided to enact a 13 prohibition on Ficus Benjamina. This addition is meant to capture all ficus that 14 attracts white fly. She discussed that at one point some Council Members believed 15 Nitida was a good replacement for Ficus Benjamina, but that Ficus Nitida is equally 16 susceptible to White Fly in nearby areas or from infested Ficus Benjamina. She 17 pointed out that the White Fly will move from infested Ficus Benjamina to the Ficus 18 Nitida. Chair Araskog discussed instances at ARCOM where members asked Ficus 19 Nitida to be replaced because of this issue. Chair Araskog discussed the fact that the 20 spraying required to prevent White Fly is the strongest in our Town and that 21 therefore, it was recommended by Bobbie Lindsay and her that maybe only native 22 ficus be allowed. 23

11

24

35

- 25 Deputy Town Manager Boodheshwar provided a brief background on the changes last year to Section 66-311 dealing with prohibited plants and detailed that the 26 Council had imposed a prohibition on any new planting of Ficus Benjamina. He 27 28 reiterated Chair Araskog's point in stating that what they were seeing around town, and what they expect to keep seeing, is a movement from the White Fly's favorite 29 dish, Ficus Benjamina, to its second favorite dish, Ficus Nitida. Based on the 30 conversation at Council and the facts mentioned above, he recommended that the 31 next step of banning the planting of any non-native ficus would probably be the cure 32 for the White Fly jumping to their next favorite dish. He then reviewed proposed 33 revisions to the language in the code. 34
- Discussion ensued regarding Bobbie Lindsay's knowledge of all non-native ficus and the potential for white fly to be attracted to them. Deputy Town Manager Boodheshwar stated that there was potential for all non-native ficus to attract White Fly as per his understanding.
- Chair Araskog approved of his language adding non-native instead of Ficus
 Benjamina, but stated that she was fine to just have Ficus Nitida versus all ficus. The
 Committee agreed to have Bobbie Lindsay opine at Council on non- native ficus in
 the Council Meeting to assist in understanding if all non-native ficus should be
 prohibited. Committee Member Crampton expressed his concern that we were being
 too broad without the knowledge or research necessary to an all-out ban of ficus.
 Chair Araskog agreed with Committee Member Crampton. Deputy Town Manager

	Boodheshwar found that in the country there are 850 ficus species and perhaps more research is needed to realize which are used in Florida that attract white fly. The Committee agreed.				
It w	as the consensus of the ORS Committee to recommend to Council more discussion				
	rding prohibition of all non-native ficus species.				
8					
It wa	as the consensus of the ORS Committee to direct staff to make revisions to Section 66-311				
	to include Ficus Nitida as a prohibited plant and bring a draft Ordinance to Town Council on				
Febr	uary 11, 2020 for revision.
