2018 INSPECTION REPORT

2019 INSPECTION REPORT

OTHER COMMENTS: Limb/branch structure - poor pruning, crossing branches. 2 co-dominant branches/trunks at 40". Include bark - mild included bark here and higher up in the tree from other branches. . Good nuturtion - continue with exiting fertilization program. Disease/insect not visible.

OTHER COMMENTS:

PRUNING RECOMMENDATIONS: Clean/deadwood - remove suckers below 12'

PRUNING RECOMMENDATIONS:

ADDITIONAL COMMENTS: Girdling roots getting worse pruning & girdling root work will get this tree to a 4 rating

ADDITIONAL COMMENTS:

DESIGNATION RECOMMENDATION:

Keep

DESIGNATION RECOMMENDATION:

Tree #: 2 **Historic/Specimen Tree Inspection Report prepared by:** King Tree Service
Latin Name: Lonchocarpus Violaceus, Dicot **Certified Arborist:** Richard Maxwell
Common Name: Lancepod Tree
Address: 1 Via Sunny
Location on Property: Extreme NW corner of property, 15' S of NPL, 12' E of WPL
GPS: 26°42'43" N 80°2'57" W

Gate Code: 1233*

Rating Scale: 1=Poor, 2=Fair, 3=OK, 4=Good, 5=Excellent

Contact: Jonathan Santana - 561-602-4088

Date: 8/3/2017

Canopy Spread: 2017 = 33'

DBH: 6.9", 5.3"

Leaf to Wood Mass Ratio: 4

Limb/Branch Structure: 3 Poor pruning, crossing branches

Defects: Y

Decay: N

Conks/Fruiting Bodies Present: N

Co-Dominant Branches: Y 2 co-dominant branches/trunks at 40"

Included Bark: Y Mild included bark here and higher up in the tree from other branches

Pruning Recommendations: Clean/deadwood and remove south facing 2" dia. sucker off s. side of n. trunk @ 4' above

Fertilization Recommendation: Good Nutrition- Continue existing program grade.

Ornamental Pest Control: Disease/Insect Not Visible

Designation Recommendation: Keep

Overall Rating: 2

Additional Comments: Girdling roots getting worse. Pruning & girdling root work will get this tree to a 4 rating

*POST IRMA ASSESSMENT: Significant salt burn & defoliation. Broken secondary branches. Will re-foliate. Corrective pruning needed. Total canopy burnt & defoliated. Major limbs broken. Expect some die back. Corrective pruning necessary.

Overall Rating: 2
