Dear Paul,

I have today received an email from The Colony Hotel attorney, **which states, that you were reckless and wrong in providing the advice below.** She goes on to state that the hotel will use the space as they see fit, including holding events.

Could you please clarify if the towns position remains as outlined below?

Kind Regards

Paul

Subject: RE: Zoning Rules & The Colony Hotel

Mr. Wood,

Good afternoon. The Colony Hotel does not have permission to use the newly renovated garden on the east side of the Colony Hotel property for outdoor events. It is a passive space. They would need Town Council approval of a special exception in order to have events in that location. Via this email I am asking Code Enforcement to investigate your complaint. If you will send me your phone

number I will call you today when we get out of the Architectural Commission meeting. I am not sure when that will be as it is an all-day meeting.

Kindest regards,

Paul Castro, AICP

Zoning Manager

Dear Messer's. Bergman and Blouin,

I would appreciate a reply to my questions outlined below in the original mail sent on Jun 9th, I find it difficult to understand how it takes over 2 weeks for a reply to a resident on what appear to be simple requests.

Whilst I was initially skeptical about a statement made by the General Manager of The Colony "that the town is on their side on this topic and won't respond to our complaints" I am being to think that there is perhaps truth in the statement that the town has taken a position on this topic and is choosing to ignore us.

In the absence of some clarity and action by the town on an issue that is significantly disturbing for multiple residents, and is causing harm, discomfort, repose, peace health and safety, we clearly will need to consider our next steps to resolve this issue.

Kind Regards

Paul Wood

As we are about to encounter event #2 with amplified sound this evening; I would be grateful if you could let me know when you will be able to provide an answer to my questions below.

Kind Regards

Paul Wood

Subject: Zoning Rules & The Colony Hotel

Dear Sir,

I would like to understand the zoning rule and permits issued to The Colony Hotel.

I am a resident / President of the Board for The Ocean Colony Palm Beach COA which is located directly alongside the hotel. The Colony recently renovated the East Garden area and have started to use it as an event space. Last evening they held an event that had amplified music from a live band, singing and other noise. This noise at times reached over 98DBA when measured from my home. The impact of this noise is significant and infringes on the life and comfort of the residents of Ocean Colony COA. Indeed, I believe that given the close proximity (2.5 feet) to the residences, it would always directly contravene, S42-196 (3) of the Town Ordinance on prohibited noise.

The residents of Ocean Colony (5 homes) have no issues with the outside space being used but strongly believe the use of the new event space should be restricted and have a covenant to prohibit the use of live music and amplified sound that would inevitably contravene S42 -196(3) of the Town ordinance, otherwise every time there is an event of any kind that disturbs us we are going to have to seek enforcement by the police.

Could you advise if we need to petition the zoning board to seek such a restriction to the use of the East garden?

Could you also please clarify if event permits are required for events at the hotel?

Is a permit required to erect temporary structures such as tents and stages?

Kind Regards

Paul Wood
President Ocean Colony Palm Beach COA
