Thank you for the latest notice of a zoning Application.

I can't say I am delighted to receive yet another notice of disruption in my neighborhood. I already feel like I live in the middle of a construction site, banging, crashing, noise from every direction, trucks in and out, the beepers of the equipment on the site, the yelling and loud voices of the construction crew yelling to each other from the roof tops. It's outrageous. I don't think the Town gives a hoot about anyone lucky enough to live next door.

I guess it's progress. But I don't know how much more I can tolerate. After living happily here since 1981, Guess I shall have to sell my house and pass on the experience.
