RE: 218 Everglade Avenue

#B-01102021

February 10, 2021

Dear Commissioners,

I am writing in support of the project at 218 Everglade Avenue. This property has been in steady decline for years and brings down all surrounding property values. I have reviewed SKA Architect + Planner's plans and think this new home will be a great addition to the neighborhood. It will be nice to see this property brought back to life!

Please consider granting their variance request.

Sincerely,

A handwritten signature in cursive script, appearing to read "Rob Satterfield".
