please do not desecrate the Mizner Fountain. Do not add steps. You must ask Biil Bone who is paying him to pursue this obsession? the new park is a separate French style park with no relation in style to the "Moorish" styled Mizner Park. Adding steps will do nothing to improve the use of the park, and could add a dangerous slip and fall liability that the Town could be sued for. Perhaps adding some better tables ,chairs and benches would improve its use. Just another project that we really don't need that will take money out of the Town's pocket and put money in theirs. The Town made a covenant with the State, we must keep our word and adhere to the agreement not to add steps to the Landmarked Mizner Fountain.

sincerely, Orator Woodward

Dear Council, Mayor and Town Manager,

It is beyond me to understand the rationale behind adding stairs at the back of the Mizner Fountain. What is the safety issue? What is the justification and who is driving this ? It seems to me that it is not the residents but some entity that seeks a benefit. I have never seen so many photo shoots as this year from fashion to engagements and weddings to quinceaneras in front of the fountain. Are photographers looking for a different angle and want the back stairs? With all the construction, under grounding and general congestion throughout the town, is it really necessary to dig up the center of town? I cannot believe SHPO has approved this. What was said to make them think this is ok? Please spare us the degradation of this historic, iconic monument that is at the heart of Palm Beach.

Sincerely,  
Anne C. Pepper  
333 Seaspray Ave
