Dear Gail, Maggie, Dani, Julie ,Bobbie and Lew,

I know that you will be hearing from so many of those vocal residents on North Ocean tomorrow, so I thought I would give you one of my observations tonight. I wrote to you last month when the new fence was installed on Wells Rd just to say that our lovely vista of the ocean was now changed. I know it was with good intentions that landscaping went in yesterday. However, now the green island ficus totally blocks the view of the ocean from the street until you go through the fence. I don't know the answer, but I do know that it is an unwelcome change to our beautiful street. Losing our view and being locked out of the beach in the evening has been a dramatic change for us. I realize that you are all in a difficult position trying to please all the residents and maintaining safety and order. I am so appreciative of your efforts and hopefully some resolution can be found. Britty Damgard
