**Buccan Restaurant Zoning Case #Z-21-00356  
For the expansion of hours  
Town of Palm Beach  
July 14, 2021 Town Council Meeting 9:30am**

Mayor and Council Members,

I've lived at 214 Chilean Avenue for only one year. I always had a dream of living here and now I have achieved my dream.

The garbage smell and grease splatter are constant and never ending during peak seasonal months. If I go for a walk and make the mistake of walking on the sidewalk adjacent to the always present Buccan grease splatter, I must leave my shoes outside and clean off the grease using solvent the next day. This was not part of my dream!

Please do not approve the Buccan Restaurant's expansion request until these two issues are fully corrected.

Regards,

Vivian Zhang
