Re: Proposed Ordinance to Chapter 66 of the Town Code Regarding Artificial Turf – Ord. No. 23-2021

Date: September 24, 2021

GENERAL INFORMATION

At the July 1, 2021 ORS meeting, committee members and staff engaged in a robust discussion regarding the potential regulation of artificial turf within the Town. After much discussion at the July 1 meeting, the committee directed staff to prepare language for inclusion in Chapter 66 of the Town Code of Ordinances. Staff drafted language to address the definition of artificial turf, allowed locations, the formal review and approval process, and some simple installation standards.

This language was reviewed by the ORS Committee at their meeting on September 2, 2021. The ORS Committee requested that two more sections (penalty / fines and existing turf) be added to the draft language, along with an addition to the proposed standards to deal with lead content of the turf. Also, the ORS Committee requested that staff prepare a policy of recommended best practices for the selection of artificial turf that could be provided to the members of Arcom and Landmarks.

This was reviewed by the Town Council at their September 14, 2021 regular meeting. The Council suggested a minor change in the proposed definition of artificial turf and they requested the removal of all proposed language dealing with existing turf.

Staff re-drafted the ordinance to include these changes. The draft ordinance was reviewed by Skip Randolph for form and legal sufficiency. Ordinance No. 23-2021 is ready for First Reading at your October 12, 2021 meeting.
