Dear Kelly,

Lee Fensterstock shared his latest plan for 130 Algoma with me. I am his next door neighbor at 120 Algoma to the east of his property. We have no objections as long as he installs a temporary screen along our property line during construction that prevents trash and dust and dirt from blowing on to our property. We have also asked that Lee install tall plantings to protect our view of his proposed house and red roof. Lee assured us that he wants this screening too from our property and has instructed Mario Nievera accordingly. Please share my note with ARCOM if you feel it would be helpful and encourage anyone to contact me at 314-324-3238 with any questions.

Best,  
Sandy
