

A pre-application meeting with the Public Works Department (Town Engineer) is required prior to submission of application for abandonment of dedicated public property.

In accordance with "Town of Palm Beach Code of Ordinances, Chapter 106, Article IV. Vacation and Abandonment of Streets and Easements," please complete this application for Abandonment of Dedicated Public Property. Submit an application fee of \$1,000.00 and one original plus twenty (20) copies of the signed application to the Director of Public Works, Town of Palm Beach, 951 Old Okeechobee Road, West Palm Beach, FL 33401. A privilege fee of 100 percent of the total land value of the petitioned site may be required upon approval of the application by the Town Council, and a portion of the application fee may be credited towards the privilege fee.

RE: Re-routing of water lines for Park Place, Inc. (369 S. Lake Drive, Palm Beach, Florida 33480)

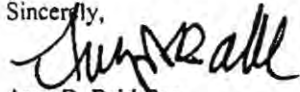

To Whom It May Concern:

This firm represents Park Place, Inc., located at 369 South Lake Drive, Palm Beach, Florida. Park Place, Inc., has applied for permission to the Town of Palm Beach zoning department to install a generator and associated generator enclosure building. In order to make this happen, a water line will have to be re-routed around the proposed building. Attached please find a map outlining the old and new route. Park Place, Inc., will need to grant a new easement to the Town of Palm Beach Public Utilities Department for this new route.

The Town of Palm Beach, as part of the procedure for abandonment and dedication of utility easements, requires that letters of no objection be received from all relevant utilities. If you do not object to the abandonment and dedication of utility easements as outlined in this letter, please sign and date at the bottom of this letter and return via email, fax and/or U.S. Mail to the attention of Amy D. Bahl, Esquire. Should you have any questions or concerns about this requires, please call. Time is of the essence with regard to our submittal to the Town. Please respond with a signed letter no later than Friday, May 22, 2021.

Thank you for your prompt attention to this matter.

Sincerely,

Amy D. Bahl Esq.

Subject: FW: PARK PLACE 369 S LAKE DR - CONCEPTUAL APPROVAL OF PROPOSED WATER MAIN ROUTING

Mr. Petreikis,

Based on my site meeting on 6/31/21 with Jim Wesson and preliminary site investigation by City Representatives from Water Distribution and Customer Service, the conceptual alignment of the water main routing around the proposed generator building as shown on sheet C-1 is approved. Final approval will be contingent upon final construction plans with pertinent water main profile and construction details along with additional survey, sketch and legal description necessary for the new easement and abandonment of the existing easement.

I have copied Vince Noel in this email for additional comments regarding the existing and proposed easement for the City's water main.

Thank you.

Re: Re-routing of water lines for Park Place, Inc. (369 S Lake Dr, Palm Beach, Florida 33480)

Dear Ms. Bahl & Ms. Ziska:

You have informed FPL that you have a project under construction at the above location, and have asked us for a letter stating that your project doesn't interfere with our facilities or ability to provide you with new service. Upon reviewing your plans, we have determined that FPL has existing energized facilities that provide service to this premise. Based on the Town of Palm Beach procedure for abandonment and dedication of utility easements request letter attached and presented by your firm, FPL has no objection to abandon the corresponding easement containing all existing facilities after everything has been properly relocated to a new easement. **(See attached exhibit, page 3).**

The issue in the above-referenced paragraph has no bearing, however, on the issue of the safety of the workers on your project vis a vis FPL's facilities. It is imperative that you visually survey the area prior to commencing construction and determine whether the construction of any proposed structures will bring any person, tool, machinery, equipment or object closer to FPL's power lines than the OSHA-prescribed limits. If it will, you must either re-design your project to allow it to be built safely given the pre-existing power lines. **You must do this before allowing any construction near the power lines.** It is impossible for FPL to know or predict whether or not the contractors or subcontractors, and their employees, will operate or use cranes or other mobile equipment, or handle materials or tools, in dangerous proximity to such power lines during the course of construction, and, if so, when and where. Therefore, if it becomes necessary for any contractor or subcontractor, or their employees, to operate or handle cranes, draglines, mobile equipment, or any other equipment, tools or materials in such a manner that they might come closer to power lines than is permitted by local, state or federal regulations, you and any such contractor or subcontractor must notify FPL in writing of such planned operation prior to the commencement thereof and make all necessary arrangements with FPL in order to carry out the work in a safe manner. **Any work in the vicinity of the electric lines should be suspended until these arrangements are finalized and implemented.**

The National Electrical Safety Code ("NESC") has certain minimum clearances that must be maintained. If you build your structure so that those clearances can not be maintained, you will be required to compensate FPL for the relocation of our facilities to comply with those clearances. As such, you should contact FPL prior to commencing construction near pre-existing overhead power lines to make sure that your proposed structure does not impinge upon the NESC clearances.

If you have any questions, please feel free to contact me at 561-616-1657.

Sincerely,

Jorge I Sanchez

Reason for Abandonment

Park Place, Inc. has obtained conditional approval from the Town of Palm Beach to construct a generator building to house a new generator for the residents of the Park Place condominium. The easement which runs under the existing pool equipment building must be abandoned in order to be able to demolish the building and construct the new generator building. New easements will be provided to go around the new generator building.
