To the Town Council:

As Palm Beach residents for 20 years, we have been surprised by the lack of activities available to the general public other than shopping and eating except for members of private clubs. Now we have received the exciting news that after years of perseverance to find and combine just the right elements, Upmarkets has succeeded in putting together an All Star team to restore the [Royal Poinciana Playhouse](#) to an incredible entertainment experience venue. To have the multi-use new Playhouse operational, combined with a unique Intracoastal facing high end beautifully designed restaurant plus innovative performance and visual arts events, will be their crowning achievement. In fact, every Palm Beach resident I have been speaking with seems to feel the same level of excitement and anticipation.

Arriving in Palm Beach over the bridge to see a beautifully landscaped and thoughtfully designed renovated Playhouse will be a wonderful addition to our community. It is my hope that the Town Council will feel the same way about this spectacular addition to our already incomparable town and that the newly formulated plans can move forward as quickly as possible.
