Subject: The revitalization of the theater at the royal poinciana

We are writing in support of the project to reopen and revitalize the theater at the west end of the royal poinciana plaza. We feel strongly that this finishing touch for the plaza will become the crown jewel of the entire complex.

We live at palm beach towers, a condo that immediately abuts the plaza. Although some amount of construction noise and dust will be a temporary inconvenience, we firmly believe the final product will be well worth any trouble.

Thank you for your consideration
