- I Agree

Why do you feel you are qualified to serve on the Town's Architectural Commission?

I have served one year on the ARCOM Commission and have both learned much as well as given thoughtful consideration to the many projects that came before us. A major concern to me has been the building on divided lots and irregular or sized lots. Too often, applicants try to build to the maximum size allowed which often does not fit in with the neighborhood and what is aesthetically pleasing to the eye. Being charged with maintaining the beauty of Palm Beach, I feel it is my responsibility to offer constructive criticism so that these projects in particular are reduced in scale and better fit into their neighborhood.

To enable Town Council to consider potential conflicts of interest, please list the family members who live and/or work in the Town of Palm Beach, including your spouse, parents, siblings or children.

ARCHITECTURAL COMMISSION (ARCOM)

ARCOM reviews and approves modifications to any existing structures visible from public rights-of-way, new construction, and landscaping. The seven regular members and three alternate members are Town registered voters appointed by the Town Council. Regular members are appointed for three-year terms and no member may serve more than two consecutive terms. Members are appointed on the basis of experience in art, architecture, community planning, land development, real estate, landscape architecture, or other relevant business, profession, or civic interest. At least two members, but not more than three members, shall be registered architects in the state. In the event there are, in the discretion of the town council, no bona fide applications who are registered architects in the State of Florida, the town may solicit and appoint architects registered outside the State of Florida to fill one of the architect seats.
