Dear Town of Palm Beach,

We are writing to express our apprehension of 250 Sandpiper project. Sandpiper is an incredible place to live and raise young our family. The openness and full sun of Palm Beach is why we love it! We would be very concerned that any variance change for 250 Sandpiper would provide a precedence for possible future two-story homes to be constructed. Keeping the charm and character of Sandpiper with single-story family homes is our wish.

Thank you for the consideration.

Sincerely,

Holly and Gerry Cardinale
