Dear ARCOM Committee Members,

As direct easterly neighbors to 143 Reef Road, we are writing today in support of the design as well as the variance request for the project. The applicants are a young family with long ties to the island. They spent the last year designing a very thoughtful home that would fit the needs of their growing family as well as offer an architectural style that will complement the charm of our north end street. Their variance request is reasonable to the hardship they face and should be granted approval. This applicant will build to a higher standard and contribute to our community's effort for trying to ensure a safer future so we can thoughtfully preserve our quality way of life. Please approve this project as presented.

Regards,

Maureen Raihle Kandziora and Don Kandziora
