Re: ARC-22-113

Dear Mr.Falco and ARCOM members:

As someone who lives in Ms. Arredondo's neighborhood, and experiences similar intrusions, I would like to support her application for a front gate.

At the present time random people are walking onto her property, curious about her wonderful modern house. This scenario creates a frightening feeling. One with which I empathize as a single woman: people peering into my place along Hammon Avenue, For 133 Gulfstream Road this is a serious security issue.

Nor is Ms. Arredondo setting a precedent, as there are several neighbors with front gates to the west and south of her home.

Please give her application the most utmost consideration, so that in the middle of the night she is not awakened by a passerby having a "look."

Respectfully submitted,

Nadine Netter-Levy
