TOWN OF PALM BEACH EXECUTIVE SUMMARY

Proposed Budget for Fiscal Year 2022-2023

Executive Summary

Town of Palm Beach

FY2023

Town of Palm Beach, Florida

July 14, 2022

Honorable Mayor, Town Council and Residents of the Town of Palm Beach;

Each year the Directors and I start the budget process by conducting a thorough review of Town operations and available resources, while looking for improved ways to meet the needs and expectations of the community.

The proposed FY2023 budget is the result of the fifth year of hard work to find efficiencies and apply lean government principles on a Town-wide basis. Once the new budget is adopted, members of staff continue to closely examine each expenditure before it is made, to ensure the following questions are answered: Is the resource still needed? Can the expense be deferred? Can the operational needs be met in a more efficient and/or effective manner (reorganization, technology, etc.)?; and, is the Town procuring and purchasing its budget allotments in the most cost effective manner?

The Town Team found efficiencies where possible and produced a \$2.3 million surplus in FY21. We expect to have another surplus for FY22. We are proposing a budget which contains additional staffing to meet operational and service needs of the community as outlined by the Town Council and members of Town staff. Inflation continues to pose challenges to controlling costs, particularly material and labor costs in the South Florida market. The increase in the current values of real estate has allowed us to propose a budget that contains a tax cut for homestead and some non-homesteaded properties. More detail on proposed expenditures and revenues are contained later in the summary.

This year staff has been busy implementing new initiatives and working on many significant projects. These include:

- ✓ The IT Department is busy upgrading the Town to Office 365; implementing cybersecurity measures; maintaining and upgrading the IT infrastructure; and supporting the Town staff.
- ✓ The Human Resources Department is currently undergoing a major transformation and rebranding process. Over the past three months, it has begun the shift from a highly efficient and technically competent administrative hub to a formally integrated People and Culture business partner that projects the highest quality of standards and cost-efficiencies to the internal and external marketplace. As People and Culture seeks to establish a pandemic resilient and aspirational workplace, it will feature an employee

life cycle model that attracts, onboards, develops, supports, rewards, advances and retains its employees throughout their journey with the Town. By optimizing a people-centric and highly engaged culture, its goal is to establish the Town of Palm Beach as the #1 Municipal Employer.

- ✓ Finance has developed, produced and released a new Annual Report detailing the fiscal year end 2021 financial information, accomplishments and future initiatives.
- ✓ The Purchasing Division has begun to write all contracts and/or agreements and filtering them through legal review. They now review KPI's of vendor performance as a tool to renew contracts or defining a plan for improvement. They also serve as a repository for all contracts and agreements within a contract management system. The Division will now be titled Procurement and Contract Management Division.
- ✓ Consultants have been selected and are beginning the process of code reform.
- ✓ A permitting software system has been selected for the Planning Zoning and Building Department and the implementation will begin soon.
- ✓ Staff has been working with the Strategic Planning Committee to develop a new strategic plan. This plan will be released during the spring of 2023.
- ✓ The Town-wide undergrounding project is now in Phase 4 and Phase 5 with Phase 6 starting shortly.
- ✓ A facilities assessment has been performed and the Capital Projects budget has been updated to reflect the findings of this assessment.
- ✓ The Town is in the implementation phase of ongoing resiliency efforts.
- ✓ The Town is actively exploring water feasibility options for future water use.
- ✓ The number of construction site monitors have been increased to resolve the issues experienced at these sites.
- ✓ The number of police officers have been increased to promote high visibility in the community to increase interaction with business, schools, and religious institutions in Town.
- ✓ The North Fire-Rescue staff will be relocated to temporary trailers for the station reconstruction efforts.
- ✓ The Mandel Recreation Center and the Seaview and Phipps Tennis centers are having record years.
- ✓ Marina revenues will exceed expectations in the initial year of operations.
- ✓ Golf revenues continue to set records.

General Fund

FY23 Budget Presentation

There are two sets of documents that have been provided to the Town Council and the public. One document contains the program-by-program detail of the General fund and other fund

budgets. The other document, which can be found online, contains the budget “flex sheets” which show the budget detail by line item.

Each Department prepared memorandums that are included in each department section of this document that highlights the major changes for each program.

FY23 General Fund Revenues

Property Taxes

FY22 Final Property Taxes

The General Fund is the only fund to directly use property taxes as a revenue source. Property taxes (ad valorem taxes) represent the largest revenue source. The Town’s portion of the total millage rate in FY22 was 17.85%. This means for every \$100 paid in taxes only \$17.85 stays in the Town.

Below are the taxing districts and the adopted millage rates for FY22 with the total amount of taxes paid to each of the districts by Palm Beach Property owners. The biggest beneficiaries of Town of Palm Beach property owners’ taxes are Palm Beach County and Palm Beach County School District collecting 72.05% of all taxes paid in the Town followed by the Town of Palm Beach at 17.85% with the other taxing districts making up the balance of 10.1%.

Taxing Authority	FY22 Adopted Millage Rates	Taxes Per \$1 Million Value	% of Total Tax Bill	Total Taxes Paid by Palm Beach Property Owners
Palm Beach County School District	6.8750	\$6,875	42.37%	\$141,609,992
Palm Beach County	4.8149	\$4,815	29.68%	\$99,176,429
Palm Beach	2.8966	\$2,897	17.85%	\$59,663,637
Health Care District	0.7261	\$726	4.48%	\$14,956,075
Children Services	0.6233	\$623	3.84%	\$12,838,619
South Florida Water Mgmt	0.2207	\$221	1.36%	\$4,545,938
Everglades Construction	0.0365	\$37	0.22%	\$751,820
Florida Inland Navigation	0.0320	\$32	0.20%	\$659,130
Grand Total	16.2251	\$16,225	100.00%	\$334,201,640

The total taxes paid per million of taxable value in the Town in FY22 was \$16,225 a decrease of \$269 from FY21. Of that amount, \$2,897 stayed in the Town to pay for services and the remaining \$13,328 went to other taxing districts. A breakdown by taxing district for a \$1 million homesteaded property using the FY22 tax rates is shown below.

Executive Summary

Town of Palm Beach

FY2023

FY23 Millage Rate

The millage rate table below shows the FY23 proposed rate, the \$0 increase for homestead properties rate, both versus the FY22 millage. The proposed FY23 millage rate of 2.5903 represents a 10.57% reduction from FY22 and a \$214 reduction in taxes per million for homesteaded properties and a \$48 reduction for non-homestead properties based on the 10% cap, as defined by State law, for these properties. We have also included the millage rate representing a \$0 change for homestead properties. With this higher millage the Town would generate an additional \$8,548,439 in property tax revenue some or all of which could be used to fund resiliency efforts, capital projects, accelerate the reduction in the return assumption from 6.6% in FY22 to 6.0% in FY23 for the retirement fund (an additional cost of \$1,923,769), and still provide a tax decrease. If there are projects or additions to the budget that the Town Council would like to consider, we can make the millage rate calculations at the Town Council meeting.

	FY22 Millage Rate	FY23 Millage Rate \$0 Increase for Homestead	FY23 Proposed Millage Rate
Millage Rate	2.8966	2.8082	2.5903
Tax Revenue	\$59,663,700	\$68,212,139	\$62,919,808
Revenue Increase over FY22	n/a	\$8,548,439	\$3,286,108
Millage % Increase/Decrease vs. FY22	n/a	(3.05%)	(10.57%)
Homestead Value Increased by 3.0%	\$1,000,000	\$1,030,000	\$1,030,000
Town Taxes	\$2,752	\$2,752	\$2,572
Increase/(Decrease) over FY22	n/a	(\$0)	(\$214)
Non-Homestead Tax Increase (Decrease) Max 10%	n/a	\$192	(\$48)

The State of Florida requires the Town to calculate a rolled-back millage rate. The rolled-back rate is defined as the millage rate which provides the same property tax revenue for each taxing authority as was levied during the previous year (exclusive of new construction, additions, rehabilitative improvements increasing assessed value by at least 100%, annexations, deletions). The rolled-back millage rate currently is 2.4843. This millage would represent a 14.23% decrease from the FY22 millage and would provide the homestead property owner a \$317 per million reduction in taxes. The rolled-back rate is required to be announced at the public hearings in September.

Town of Palm Beach

FY2023

Revenues

The FY22 revenue budget estimates were conservative. For FY22 to date, many of the revenue sources are exceeding budget expectations. The FY23 proposed revenues represent a conservative increase over FY22. The revenue budget by type for the General Fund for FY23 compared to FY22 is shown on the table below:

Revenue	FY2022	FY2023	FY21 vs. FY22 Difference	% Change
Ad Valorem Taxes	\$59,663,700	\$62,919,808	\$ 3,256,108	5.46%
Non Ad Valorem Taxes	6,710,500	6,672,100	(38,400)	-0.57%
Licenses & Permits	4,419,233	5,012,400	593,167	13.42%
Intergovernmental	1,121,700	1,181,000	59,300	5.29%
Charges for Services	6,172,500	7,823,200	1,650,700	26.74%
Fines and Forfeitures	1,025,500	943,200	(82,300)	-8.03%
Investment Earnings	359,811	235,000	(124,811)	-34.69%
Miscellaneous	499,500	332,700	(166,800)	-33.39%
Transfers from the Enterprise Funds	3,736,665	6,164,921	2,428,256	64.98%
Transfers from unassigned fund balance for Contingency and Compensated Absences	5,431,464	3,429,500	(2,001,964)	-36.86%
Total Revenues	\$89,140,573	\$94,713,829	\$ 5,573,256	6.25%

Significant highlights for General Fund FY23 revenues include:

- ❖ The Property Appraiser's Preliminary Certification issued June 28, 2022, showed existing property taxable values in the Town have risen 18.07% over the prior year. The total taxable value is \$25,569,115,619.
- ❖ The amount included for property tax represents the taxes generated from a millage rate of 2.5903 that represents a \$214 decrease per million for homestead property owners.
- ❖ The Non Ad Valorem tax revenue has decreased based on current trends.
- ❖ The increase in Licenses and Permits is due to the high volume of current activity expected to continue into FY23.
- ❖ The Intergovernmental revenue increase is due to improvements in State sales tax receipts.
- ❖ Charges for services increased mostly due to proposed increases for special assignment overtime, parking meter fees and usage. Fire Prevention fee modifications are also being proposed. Staff is proposing fee increases for both special assignment overtime and parking meters. In addition, Recreation fees also increased due to the expectations that usage will continue at historically high levels during the FY23 season. Resolutions to approve the Recreation fee increases, Special Assignment Overtime fee increases and modifications in the Fire Prevention fees are included later in the document. These increases are being proposed due to additional contractual, labor and maintenance costs. The parking meter fee increases will be reviewed by the Business and Administrative

Committee at their meeting on Friday July 15th and a Resolution will be presented at the August Town Council meeting with their recommendation.

- ❖ Fines and forfeiture revenue decreased based on current trends.
- ❖ Investment earnings have decreased based on the current interest rate environment.
- ❖ The transfers from the Enterprise Funds represent a transfer of \$25,000 from the Par 3 Golf Course enterprise fund, a transfer of \$620,465 from the Marina Fund which represents General Fund allocated costs of services such as Finance, Human Resources, Town Manager and a small portion of Public Works. The transfer from the Building Enterprise Fund of \$5,519,456 represents allocated costs of General Fund services provided for the building permit process. This amount was originally estimated conservatively when the fund was established. The actual costs have been much higher than originally anticipated. A true-up of the transfer for FY22 will be done at the end of the fiscal year and the funds will be transferred to the General Fund.
- ❖ Transfers from fund balance represent transfers for Contingency and the compensated absence payouts for the year. In addition, the estimates for the reconstruction of the North Fire-Rescue station have been modified, and a transfer of \$2 million is proposed for additional funding for this project.

General Fund Expenditures

General Fund expenditures have increased by 6.25% from FY22. The details by expenditure category are shown in the table below.

Expenditure Category	FY2022	FY2023	FY22 vs. FY23

Total General Fund	\$89,140,573	\$94,713,829	\$ 5,573,257	6.25%
FTE Totals	350.43	362.59	12.16	3.47%

Highlights for General Fund expenditures are as follows:

Total operating expenditures increased \$6,655,985 or 10.84% from FY22. Total transfers and other expenses decreased \$1,082,729 or 3.9%. Details of the changes are as follows:

Operating Expenditures:

- ❖ Tentatively, \$3,415,231 has been earmarked to pay for increased salary and wages, and the increase in FTEs allocated to the General Fund of 9.6 (see full description later in the document). The increase also includes merit and step increases and a cost-of-living increase (COLA). Previously, the Town Council approved during the Compensation study, lowering merit increases to 1.5% - 6%, from 3% - 7.5% in FY22 and providing for an annual COLA. Last year we adopted a policy using the Social Security COLA calculation as the method to determine our annual COLA rather than focusing on a one-month snapshot, which could result in abnormal spikes. We use the average of the CPI index for the Miami-Ft. Lauderdale-West Palm Beach area for the last three reporting periods. (This CPI index is reported every other month).
 - Using this methodology alone, would result in an 8.9% COLA resulting in a budget cost of \$2,294,643. In addition to CPI index the Town Council should consider current and future budgetary needs and concerns, long term impacts particularly to pension and local market comparables, which will be provided for review and consideration, before adopting a salary and wage policy for FY23.
 - We reached out to the actuary to provide us an estimate of the pension impact of adding the full 8.9% to the salaries of employees that are not at the top of their ranges. His preliminary estimate showed an increase to the Town Contribution for FY 2025 of approximately \$350,000 and an increase to the UAAL of between \$1.8 million to \$2.0 million in the 9/30/23 actuarial valuation.
 - The Town Council could consider two other options to reduce or eliminate the pension impact. These options include, paying out the total amount in a non-pensionable lump sum, or; adding a COLA of 2% to salaries and the balance in a non-pensionable lump sum. (The 2% COLA would keep the salaries within the pension assumptions).
- ❖ We are also including market adjustments for Police and Fire-Rescue personnel to ensure they remain at the 75th percentile and a 3% market adjustment for General Employee ranges to maintain internal equity and market competitiveness as well as effective compensation administration practices. Additional information regarding compensation changes can be found later in this message under “Compensation Update”.
- ❖ The total annual required contribution for the defined benefit plan (DB) and defined contribution (DC) pension benefits decreased in the general fund by a total of \$187,219 due to investment gains in FY21. The General Fund portion of the defined benefit costs decreased by \$302,389 offset by the defined contribution cost increase of \$112,418.
- ❖ Other employee benefit costs increased by \$940,298 or 14.19%. Health insurance costs increased for the first time since 2013. Total Town funding for health insurance increased

by \$737,914 with \$619,016 of the increase allocated to the General Fund. Health Insurance costs are calculated and then allocated throughout the budget on a per Full-Time Equivalent (FTE) basis. The health costs per FTE for FY23 are \$12,393.

- ❖ FICA tax increased by \$257,655 due to the increase in the salary budget. The Longevity/Bonus program increased by \$42,937. Last year the Federal government adopted Juneteenth (June 19th) as a federal holiday. After a thorough canvassing of some 50 municipalities, it was determined that approximately half of the local municipalities, including Palm Beach County have established Juneteenth as an official holiday. The holiday has been added to the FY23 budget pending approval and we will begin to observe the holiday on June 19, 2023.
- ❖ Included in Other Employee Benefits is the Transfer to the OPEB trust. The transfer to the OPEB trust fund decreased by \$2,998. In the most recent actuarial report, the Town's funding level was 147.8% funded using a 5% return assumption.
- ❖ Over half of the increase in contractual costs (\$2,018,051) is due to increases in sewage treatment and disposal costs of \$1,027,162 as defined by the East Central Regional Water Reclamation Facility (ECR), the remaining increase includes the addition of cloud computing services of \$150,000, IT support costs of \$65,000, software maintenance \$214,487, merchant service charges for parking meters increased \$38,800. Upgraded traffic software and licensing \$67,600, contracted garbage collection \$112,700, consultant for landfill \$40,000, landscape contracting increase of \$124,153, increases in facilities maintenance \$135,900 and traffic studies \$42,000.
- ❖ The increase in commodities of \$239,340 is related to additional software \$41,900, higher fuel costs \$125,010, uniforms \$8,450, cleaning supplies \$27,700 and other supply budgets throughout the budget \$18,950.
- ❖ Depreciation/Capital outlay costs increased \$230,284. Most of the increase (\$175,000) is due to IT equipment that includes: A virtual environment technology refresh to replace aging technology, consolidation of old servers, technology improvements to the Council Chambers and EOC and Public Works Conference room and funding of \$92,137 for the shortage in the Equipment Replacement Fund for an ambulance and fire engine replacement. These increases are offset by a decrease in depreciation funding.
- ❖ The funding for the Four Arts Library will increase by \$10,898. This funding is now tied to CPI with a cap of 3%.

Transfers and Other:

- ❖ The transfer to the Risk Fund increased by \$100,619 due to anticipated increases in the insurance market.
- ❖ The annual transfer to the Capital Improvement Fund increased by \$442,820 or 10% over FY22 to improve funding levels for facility projects that have been added as the result of a facilities study that was completed this year. Costs for the North Fire Rescue Station are

expected to be higher than had been budgeted in FY22, so we have included an additional \$2,000,000 to the budget. This additional transfer will be from General Fund reserves.

- ❖ The transfer to the Underground Utility Fund represents funding to pay for the Project Manager's salary and benefits.
- ❖ The transfer to the debt service fund increased by \$3,947.
- ❖ Coastal funding has been increased by 7% or \$344,422. The estimates for the Mid-Town seawall replacement have been updated and additional annual funding is included in the budget and future annual contributions will also be increased. Please see the Coastal Budget section for more information about the budget and forecasted expenditures and revenues.
- ❖ The extraordinary transfer to the retirement fund to accelerate improvements to the UAAL remained at \$5,420,000.
- ❖ Contingency is funded at the same amount as last year. Absent extraordinary unforeseen circumstances, this amount should be enough to cover unexpected expenditures.

Funding By Department

Departmental Expenditures

The three largest departments, Police, Fire-Rescue and Public Works, account for over 58.1% of the Town budget. The transfers mentioned above account for another 26.6% for a total of 84.7% of the total Town budget. All other general government and administrative departments make up the balance of 15.3%. The charts below and on the following page provide a graphic example of expenditures by each department and transfer.

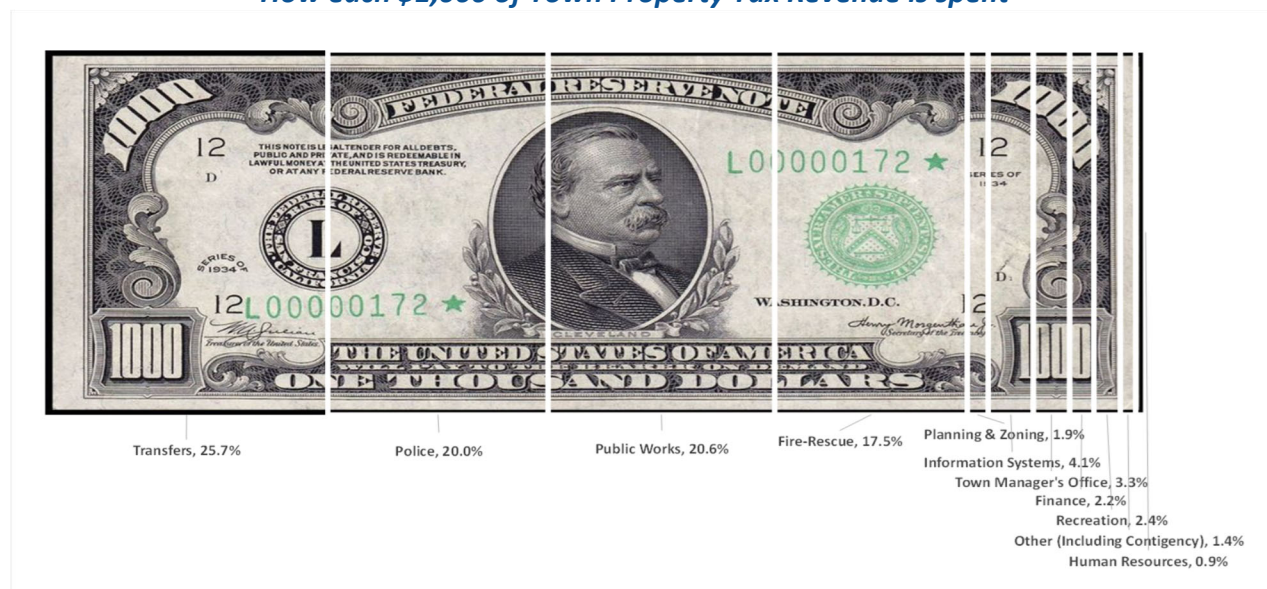

Executive Summary

Town of Palm Beach

FY2023

How each \$1,000 of Town Property Tax Revenue is spent

Fund Balance

The General Fund Unassigned Fund Balance as of September 30, 2021, was \$28,001,332. This amount was \$10,408,316 above the policy-required minimum. The FY23 budget includes a transfer of \$600,000 from fund balance to fund the contingency. We are proposing a \$2,000,000 transfer from reserves to fund the additional estimated costs for the North Fire-Rescue Station. After these transfers, the remaining unassigned fund balance will be \$25,401,332. Estimated compensated absence payouts totaling \$829,500 will be paid from the reserve for compensated absences. Total excess reserves in all Town funds as of September 30, 2021, were \$25,123,830.

For FY22, revenues are exceeding the budget estimates and are at 86.1% through May, and expenditures are close to budget estimates at 66.8% to date. We expect another surplus this fiscal year.

Compensation Update

People & Culture staff conducted an annual market assessment to ensure the Town's pay ranges remain competitive within the Palm Beach County market and at the 75th percentile for public safety. Twenty (20) percent of all general positions and all sworn and certified positions were studied. The analysis of public safety market pay ranges resulted in increases to the minimum and maximum for all positions on the Fire Rescue step plan in order to bring the minimum and maximum to the 75th percentile inclusive of a Cost of Living Adjustment (COLA). The Police step plan will be increased for the Police Officer and the Police Sergeant position to bring the minimum and maximum to the 75th percentile inclusive of a Cost of Living Adjustment (COLA). The Police positions not of the Police step plan (Police Management) were also analyzed and resulted in

FY2023

increases to the minimum and maximum for all positions to bring the minimum and maximum to the 75th percentile.

The 20% of General employees that were studied this year remain competitive and within policy with thirteen exceptions. Thirteen positions were found to be below the 65th percentile of the market and have been re-graded so that the maximum is between the 65th and 75th percentile. In order to remain competitive for the rest of the General positions, we have increased the salary ranges by 3% for all other General positions (unless they are at or above the 75th percentile).

Moving forward, due to the unstable market, People & Culture has determined a more proactive approach is required in order to ensure that all Town salaries remain market competitive in the coming years. Rather than undertaking a costly five-year comprehensive Town salary survey, we propose to raise the annual review of all general positions from 20% to 33% to ensure that all positions are consistently reviewed within a three-year period. It also proposes a more appropriate and market-typical salary administration approach to ensure that salary scales are adjusted upwards on an annual basis from 25% to 50% of the CPI, thereby preventing the current practice of pay crowding at the top of each scale and avoiding the need for larger adjustments during those years when increased fiscal restraint is required.

Personnel Complement

Total FTE includes full time employees and part time no benefits employees (PTNB). The total personnel complement (for all funds Town-wide) for FY23 is 362.59 full-time equivalent personnel (FTE), which is a net increase of 12.16 FTE from the adopted FY22 budget. The increase of 12.16 FTEs in FY23 is made up of the following changes in full time and part time positions:

Department	Roles	# FTEs	Comments
IT	Applications Specialist	1	Enhanced IT systems and cyber security
Planning, Zoning & Building	Administrative Support	1	Costs absorbed by increased revenues
People & Culture	Specialist	.25	PT to Full Time
People & Culture	Benefits Specialist	1	Outsourced in previous budget
Recreation	Administration	1	Support Operations
Police	Police Officers	4	Increased security
Police	Parking Enforcement	2	Increased enforcement
Police/ Planning, Zoning, Building	Construction Site Monitors	2.25	Shifted to full time FTEs for site monitoring. In addition to the 1.75 in FY22 for a total of 4
Planning, Zoning & Building	Zoning Technician	1	Costs absorbed by increased revenues
Recreation	Pro Shop	1	Costs absorbed by increased revenues
Planning, Zoning & Building	Building Inspector	-1	Reorganization
Planning, Zoning & Building	Combo Plan Reviewer	-1	Reorganization
Recreation	Part Time FTE's	-0.34	Change annually based on needs
Total FTE additions		12.16	

Other Funds

Below are highlights from the budgets for other Town funds. Additional information can be found at the tabs in the back of the Budget Document behind the General Fund information. The Town's other funds include Special Revenue, Debt Service, Capital Improvement Funds, Enterprise Funds (Marina, Par 3 Golf Course and Building Enterprise Fund), Internal Service Funds (Health, Risk, Equipment Replacement), and Trust Funds (Pension and OPEB Trust).

Special Revenue Fund (122) Town wide Underground Utility Project

The Town wide Underground Utility Project fund accounts for the project costs and associated assessments and borrowings for the project. During FY23, we expect to finish construction of Phase 4 North and Phase 3 South. During FY23 work will continue on Phase 5 North and South 6 North and South and begin Phases 7 North and South. The entire project is expected to be completed in 2026.

In addition to the FY23 budget, a cash flow projection through 2026 using the updated opinion of costs is included in the Town wide Underground Utility section. The forecast has been updated to include the annual transfer of \$2.6 million of Marina surplus funds to offset the prior project deficits. This transfer was approved last year and is included in the FY23 budget.

Debt Service Funds (205, 206)

The Debt Service Funds provide for the payment of principal and interest on the Town's outstanding bonds.

The 2013, 2016A and 2019 Series Revenue Bond debt service is funded from non-ad valorem revenues. A portion of the debt service payment is funded through the Par 3 Enterprise Fund for the Town's portion of the golf course and clubhouse renovation (\$187,426), and a portion is funded through the Coastal Management Fund (\$509,135). The non-ad valorem revenue transfer from the General Fund for FY23 is \$5,680,666.

The 2016B Series Revenue Bonds debt service appropriation of \$723,513 is funded through non ad valorem assessments on the property owners within the Worth Avenue Assessment District.

The Town has issued General Obligation bonds for the Underground Utility Project. These bonds shall be payable first from the Underground Utility Project special assessments and, to the extent the assessments are insufficient to pay debt service or not assessed, ad valorem taxes will be levied and collected on all taxable property in the Town to pay principal and interest on the bonds as they become due and payable. Total debt service for FY23 on these bonds will be \$3,848,755 and is included in the Town wide Underground Utility project fund.

Executive Summary

Town of Palm Beach

FY2023

In 2020, the Town issued non ad valorem debt totaling \$31,000,000 through a bank loan for the Marina construction project at an interest rate of 2.25%. The debt service for FY23 will be \$1,992,950 and paid through the Marina fund. This loan is structured to include a 1% prepayment premium during the first four years and no prepayment premium thereafter.

The Town's outstanding Revenue Bond debt as of September 30, 2022, is shown on the table below:

<i>Year Issued</i>	<i>Outstanding Principal Balance September 30, 2022</i>	<i>Purpose</i>
2016A	\$36,870,000	First Phase of the ACIP and Refund Outstanding Debt
2016B	\$9,535,000	Worth Avenue Commercial District Project
2013	\$4,205,000	Remaining Balance on Second Phase of ACIP
2018	\$52,225,000	General Obligation Bonds for Town-wide Undergrounding Project
2019	\$47,860,000	Taxable Refunding Revenue Bonds for Second Phase of the ACIP
2019	\$4,285,000	Refunding of Remaining Balance of First Phase of ACIP Debt
2020	29,690,000	Marina Loan
2021	8,360,000	General Obligation Bonds for Town-wide Undergrounding Project
Total	\$193,030,000	

As of September 30, 2022, the Town's net bonded debt will amount to 15.1% of the legal limit of \$1,278,455,781 (5% of preliminary FY23 taxable value of \$25,569,115,619).

Capital Improvement Funds (307, 309, 311)

For FY23, the following items totaling \$9,308,345 are included in the Capital Improvement Fund (307):

- Pavement Management - \$1,000,000
- Drainage Improvements - \$1,325,000
- Sanitary Sewage System Improvements - \$2,475,000
- Town Facility Improvements - \$3,408,345
- Water main improvements (WPB) - \$1,000,000 (Funded by West Palm Beach)
- General Engineering Services - \$100,000

The transfer from the General Fund to the Capital Improvement Fund is \$4,871,020 an increase

of \$442,820 from FY22 due to the addition of the Town facility improvements that reflect the recommendations from a facilities study conducted in FY22. The study and allocation from the operating budget lend itself to improved financial planning and less reliance on transfers from reserves.

The American Rescue Plan (ARP) will provide the Town funding for sewer and drainage projects. We currently expect to receive a total of \$4,415,526 from this source and have received the first of two installments of \$2,207,763.

Coastal Management

The Coastal Management Fund (309) is used to fund the construction costs of the coastal projects. The details of the FY23 budget for Coastal Management can be found in the Annual Budget Document. This plan has been updated by Public Works to include estimates for future projects based upon current costs. The plan includes resiliency projects such as the Mid-Town seawall. The costs estimates have increased to \$18.5 million for this project and \$7 million per year for the next two years has been added to the program. Also included in this budget is annual funding of \$1,000,000 per year for the next ten years for seawall or bulkhead repair or replacement. We are proposing an increase in the annual funding for the coastal program of \$344,422 or 7% to begin to offset the Mid-Town seawall costs. The additional funding from the FY23 budget should lead to less reliance on transfers from reserves.

Enterprise Funds (401, 402, 405)

Town Marina

Town Marina reopened for new vessels on November 1, 2021. FY22 has been a very successful year. The success is due in part to improvements in branding, marketing, and financial planning. To date through May, revenues exceed budget estimates by \$1,507,668. The FY23 revenue budget is projected to be 31% or \$3,024,239 higher than FY22 budget. The expenditure budget has increased by 18.6% or \$447,109 due to increases in the submerged land lease, which is based on revenues, increases in salaries and benefits, promotional advertising, electricity, and contractual services. The projected net income for FY23 is 113% higher than the forecast prepared last year.

Par 3 Golf Course

Pending the Town Council approval of the recommended fees, Par 3 revenues are projected to increase over end of year estimates during FY23. The various FY23 fee adjustments include strategic increases to green fees and passes which will capitalize on player demand for our unique facility. The Par 3 Golf Course anticipates an operating gross profit of \$803,626 prior to depreciation and other below the line expenses. The transfer to the reserves for the Golf Course and Clubhouse and the Equipment Replacement Fund total \$236,538. Additional deductions

from the operating profit include transfers for debt service (\$187,426), contingency (\$130,169) and the general fund transfer (\$25,000).

To date, for FY22, the Par 3 revenues are above estimates at 102% of budget and will end the year well over the budget estimates. The Par 3 should end the year with a surplus. The LTFP forecast shows improvement to the net assets of the fund.

A memorandum and resolution are included in the backup for the proposed fee increases.

Building Enterprise Fund

The Building Enterprise Fund was created in FY21 to account for all building permit revenue and expenses and allow for greater transparency as required by the State of Florida. During FY20, a cost allocation study was performed to confirm the appropriate permit fee multiplier to stay consistent with Florida Statutes and to provide the basis for implementing reduced permit fees for owners and contractors that choose to use private providers on their construction projects. FY22 revenues are expected to be higher than budget and will provide for a higher surplus than anticipated. Total revenues for FY23 are conservatively estimated to be \$9,268,236 and total operating expenses are \$8,268,236 which includes a transfer to the General Fund of \$5,519,456, which is for the allocated costs that the General Fund provides to the building permit process. Building permit related revenues have increased by \$1,227,797 due to the recent increase in building activity. After depreciation of \$89,503 and a 5% operating expense contingency of \$187,439 there is a projected reduction in reserves of \$276,942.

For the past two years, the budget included a \$3,200,000 transfer to the General Fund for allocated costs. This amount was based on an estimate when the fund was established. After two years of operations, there is a better understanding of the true allocated costs. The FY23 amount represents the new allocation. At the end of FY22, a calculation will be made based on the new allocation and a true-up amount will be transferred to the General Fund as directed in the Building Fund Reserve Policy adopted by the Town Council last year.

Internal Service Funds (501, 502, 320)

The transfer to the Risk Fund (501) has increased by \$100,619 due to expected increases in the insurance market.

The transfer from all funds to the Health Insurance Fund (502) has increased for the first time since FY13 due to recent higher than normal claims experience. The increase in Town funding is \$737,914 or 20%. During FY21 the fund had a deficit of \$601,379. This was the first deficit since 2008. A deficit is also expected for FY22. These 2 past years maybe an anomaly influenced or caused by the pandemic and individual catastrophic events. Due to the increase, we are

proposing a 10% increase in employee contributions for their dependent health premiums. This is the first increase since 2014.

The Town of Palm Beach is proposing to re-establish a Town Clinic, located at Public Works, on Old Okeechobee Road in West Palm Beach. The former clinic, originally opened in 1973 and staffed by a Town employee nurse, administrative assistant and PT physician, was closed in 2016 when it was decided that similar services could be provided by outside contractors at a lower cost.

In the years following, the complexity and costs of managing multiple contractors and employee absenteeism resulted in a re-examination of the business model. The new model proposed differs from the former Town Clinic in that it will be fully outsourced (including the registered nurse practitioner, administrative support and physician oversight) to a single full-service provider. Concentra, is the #1 national provider that specializes in occupational health management and effective and efficient coordination and oversight of workers compensation claims. With a focus on total employee health and return on investment to municipalities, the clinic will provide a level of service that will greatly increase overall employee health, reduce employee absenteeism, and the need for at least five departments to manage and administer multiple providers. This model also has the potential to reduce the costs of overall health insurance premiums through preventative health, early detection, group pharma purchases, and decreased claims for all Town employees. The clinic budget in the first year is estimated at \$347K of which \$40K are startup costs. The budget allocated for the most current model in 2022 was 108K with considerable unbudgeted and invisible additional costs which are outlined in the attached Annexes. More information regarding the proposed clinic can be found in the Internal Service Funds Section of this document.

The Equipment Replacement Fund (320) contains the accumulated depreciation of all fixed assets over the established thresholds of \$5,000 for capital equipment and \$3,000 for computer equipment. A detailed listing of planned equipment purchases is located in the Internal Service Funds section of the Annual Budget Document.

Trust Funds (600 & 610)

Retirement (600)

The FY23 actuarially determined contribution to the DB plan totals \$11,457,243. The contribution decreased \$288,762 due to the strong investment return for FY21. The return assumption will decrease from 6.6% in FY22 to 6.4% in FY23. If the Town Council chose to reduce

Executive Summary

Town of Palm Beach

FY2023

the assumption to 6% this year, the Town Contribution would increase by \$1,923,769 and the UAAL would increase by \$24,961,949.

The budget also contains the \$5,420,000 extraordinary contribution to the retirement plan. The funded ratio increased from 72.7% to 76.1% and the unfunded liability decreased from \$94,163,607 to \$85,333,977. Assuming all assumptions are realized the total Town contributions to the retirement system, including the extra Town contributions of \$5.42 million per year are expected to be in the range of \$12.2 to \$16.8 million over the next 8 years and are then projected to decline to around \$4.9 to \$5.5 million.

The Town contribution amounts by employee group are shown below versus the FY22 contribution. Legacy plan costs represent \$8,275,061 (72.2%) of the total and the costs for the ongoing plan are \$3,182,182 (27.8%).

Town DB and DC Retirement Contributions

Town Retirement Contributions	FY2022	FY2023	\$ Change	% Change
General Employee DB	\$3,636,738	3,493,970	(\$142,768)	-3.93%
Lifeguards DB	195,379	182,855	(\$12,524)	-6.41%

The historical 10-year trend in Town actuarially determined employer contributions (ADEC) for the defined benefit pensions are shown on the chart below.

Executive Summary

Town of Palm Beach

FY2023

The 10-year trend for employee contributions is shown below:

For General Employees and Lifeguards, the Town contributes a mandatory match of 3% and an optional match of 2% to the Defined Contribution (DC) plan. Total employer contributions to the DC plan are shown in the table below:

Employer Defined Contribution Funding

DC Contributions	FY2019 Actual	FY2020 Actual	FY2021 Budget	FY2022 Budget	FY2023 Budget
General	\$445,592	\$450,148	\$620,455	\$631,738	\$733,205
Lifeguards	5,155	2,356	6,386	7,008	11,805
Total	\$450,747	\$452,504	\$626,841	\$638,746	\$745,010

Health Insurance (OPEB) Trust (610)

The actuarially determined transfer to the OPEB trust from the General Fund in the FY23 budget is \$331,217. This amount is \$2,998 less than FY22. The funded ratio in the September 30, 2021, actuarial report was 147.8% at the 5% rate.

The Town's balance in the OPEB trust fund continues to be well ahead of other government agencies across the country.

Worth Avenue Special Assessment District

The budget for the Worth Avenue Special Assessment District is included in the Capital Funds and the Debt Service section of the budget document. The budget includes funding for maintenance

and debt service. These costs are fully offset by the assessments charged to property owners within the district.

Tentative Millage Rate

Resolution No. 091-2022 adopts a tentative millage rate of 2.8966. This rate is set at the same rate as last year in case changed circumstances and/or Town Council decision later this summer require the final millage rate to be set higher than the proposed rates under consideration. Florida law requires a first class mailing to all taxpayers if the millage rate is increased above the tentative millage rate adopted by the Town Council prior to the September public hearings. The final millage rate will be set at the public hearings in September.

Long-Term Financial Plan

The Long-Term Financial Plan (LTFP) will be updated with the FY23 adopted budget and will be finalized in September.

Upcoming Meeting Schedule

The State mandated schedule requires that two public hearings be held in September to provide for the final adoption of the Town's FY23 budget and millage rate. The proposed public hearing meeting dates are as follows: These dates are presented in the Millage Rate Resolution and provided to the Property Appraiser.

- First Public Hearing – September 14, 2022, at 5:01pm
- Second Public Hearing – September 22, 2022, at 5:01pm

Conclusion

This concludes the executive summary portion of the FY23 proposed budget. Please see the documents that follow this summary for detailed information about the FY23 budget. Staff will be prepared to answer any questions you may have.

This represents an overall increase of 2.57% (\$25,854)

Contractual

- 28.61% increase (\$41,854)
- Includes a \$2,400 (12%) increase for actuarial services.
- Additional \$1,170 (59%) budgeted for Iguana expenses based on elevated expenses in FY2022 and expect similar numbers of culling events in FY2023; and
- Increased cost estimate for annual holiday decorations (\$96,844) and replacement of Oregon fir garland replacement (\$34,440) which represents an overall increase of \$38,284 (41.2%) in FY2023 budget request.

Program 121 – Administrative Management

FY2023 Request \$1,102,989

FY2022 Adopted \$947,587

This represents an overall increase 16.40% (\$155,402)

Salaries

- 19.52% increase (\$134,312)
- This increase is attributed to pay for performance increases and higher pay range for Administrative Manager due to elevated responsibilities.

Benefits

- 7.11% increase (\$17,340)
- This increase is attributable to a rise in FICA/Medicare costs, insurance, and retirement contributions.

Contractual

- 48.70% increase (\$3,750)
- This increase is attributable to the addition of the educational reimbursement expense of \$3,000 (100%),
- Increased budget request for printing of \$500 (167%), and
- Increase in other miscellaneous expenses of \$250 (20%).

Program 122 – Advice and Litigation**FY2023 Request \$365,000****FY2022 Adopted \$365,000**

This represents overall no change

Program 131 – Town Clerk**FY2023 Request \$448,552****FY2022 Adopted \$357,145**

Overall increase of 25.59% (\$84,882)

Salaries

- 35.26% increase (\$66,615)
- Increase is attributed pay for performance increases, personnel reclassification for a second Deputy Clerk, and an increase of 0.5 FTE.

Benefits

- 21.34% increase (\$22,757)
- This increase is attributable to a rise in Fica/Medicare costs, insurance, bonus and retirement contributions.

Contractual

- 4.78% increase (\$2,505)
- This increase is attributable to the additional \$9,000 (150%) funding request for codification and the additional \$1,000 (50%) for legal advertising based on FY2022 expenditures.

Legislative
Town of Palm Beach

PROGRAM: LEGISLATIVE 111

Pursuant to the Town's Charter, the Mayor and Town Council are elected at large by the electors of the Town. The Town Council enacts ordinances and resolutions, reviews and adopts the annual budget, and establishes policies and other measures, which promote the general welfare of the Town and protect the health and safety of its citizens. Town Council members are elected for two-year terms, two in odd numbered years and three in even numbered years. The Mayor runs in odd numbered years for a two-year term and is not a voting member of the Council, but may vote to break a tie and may veto ordinances and resolutions, subject to Town Council override. Elected officials serve without pay.

This program also includes funding allocations for lobbying services and Mayor and Town Council interaction with other government related agencies. These agencies include the Palm Beach County League of Cities, the Florida League of Cities, the Countywide Intergovernmental Coordination Program, and other local, State and Federal government organizations. Formal and informal interaction with other government representatives improves existing information exchange networks, and enables Town officials to provide better services to the community and protect the Town's interests in Federal, State, and County legislative and administrative matters.

TOWN OF PALM BEACH

Office of Information Technologies

MEMORANDUM

TO: Kirk Blouin, Town Manager

FROM: Andy Jadoo, Director of Information Technology

DATE: April 14, 2022

SUBJECT: IT Department Budget Highlights for FY2023

Program 125 – Information Technology

FY23 Proposed \$3,846,137
FY22 \$3,072,318

This represents an overall increase of 25% (\$773,819) in the IT FY23 Budget.

Most of the budgetary increases are due to the needed infrastructure and service updates required to implement the resilience, high-availability, and disaster recovery missing in Town's current IT infrastructure.

Other Contracted Services (34.10)

FY22 Adj.– \$288,984

FY23 – 467,000

- 61% increase (\$178,016)
 - Cloud compute is a new category which is budgeted at \$150,000. These funds consist of Cloud hosting services and some consulting costs that will help configure and move files from aging servers to SharePoint; properly setup back-up and security protocols; and advise TOPB IT Staff as needed to maintain this new setup in the future. The Network Administration budget was decreased \$50K to offset some of the cost of this new category, as LAN Administration will be less.
 - HR has two initiatives added to this account as well
 - New Intranet Site - \$20K
 - Document digitization project - \$40K
 - Office 365 support is also a new category - \$35K. This will cover advanced support for Office 365.
 - There is also an increase in cloud back services as the town will become more

dependent on cloud back up as we continue to decommission the old Drobo backup units.

- Audio/Visual support was also increased due to the planned EOC, Public Works, and Councils Chamber updates.

Hardware Maintenance (46.05)

FY22 Adj. – \$147,243

FY23 – \$123,000

- 16.46% decrease (-\$24,243)
- Decrease is due to the decommissioning of old equipment that is no longer needed.
- The Isolon Data Storage Unit is end of life and Support on it is coming to end of life, however, we must keep support on it until we replace it.
- Eaton UPS batteries in the Police Department are scheduled for replacement at an estimated cost of \$12K

Computer Software (52.10)

FY22 Adj. - \$10,000

FY23 - \$51,900

- 419% Increase (\$41,900)
- The dramatic Increase is due to the VMWare Licensing that is estimated for the Data Center Project.

Software Maintenance (46.11)

FY22 Adj. - \$943,141

FY23 - \$1,145,840

- 21.5% Increase (\$202,699)
- There was a general anticipated increase across the board on all the software packages for FY23, which contributed to the overall increase in the budget.
- This account was missing the \$40K/year costs for the SQL licensing. We added it to this year's budget. It will need to be in all future budgets.
- Office 365 subscription renewal cost for this year also added to the increase. We are currently in a transition state running in both 2016 and Office 365. We should see a reduction or at minimum a stabilization of costs in future years for the email portions of this category. Cost fluctuation will also be dependent on the features and users count additions to the subscription.

Minor Computer Equipment (52.17)

FY22 Adj. - \$154,438

FY23 - \$85,000

- 45% decrease (\$69,438)
- The main reason for the dramatic budget decrease is due to cost increase in equipment which leaves us with minimal options that we can apply to this account for equipment purchases, particularly for PCs and Laptops. With Office 365 we need to purchase more robust machines to leverage the advantages Office 365 offers, given the restrictions on this account we will have to use 64.04 and ERF for FY23 equipment replacement.
- Given the current budget burn rate we will end the year under the current budget, so I am anticipating a similar situation for FY23.

Major Computer Equipment (64.04)**FY22 Adj. - \$5000****FY23 - \$175,000**

- 3400% increase (\$170,000)
- This increase along with funds from the Equipment Replacement Fund will be used to replace servers that are up to 11 years old.
- Funds will also be used to improve infrastructure and service needed to implement the resilience, high-availability, and disaster recovery missing in Town's current IT infrastructure.
 - VM Servers
 - New SANS
 - Offsite Disaster Recover
 - Council chamber technology update
 - EOC Technology Update
 - Technology for Public Works conference room
 - Ipads for Council

PROGRAM: INFORMATION TECHNOLOGY 125

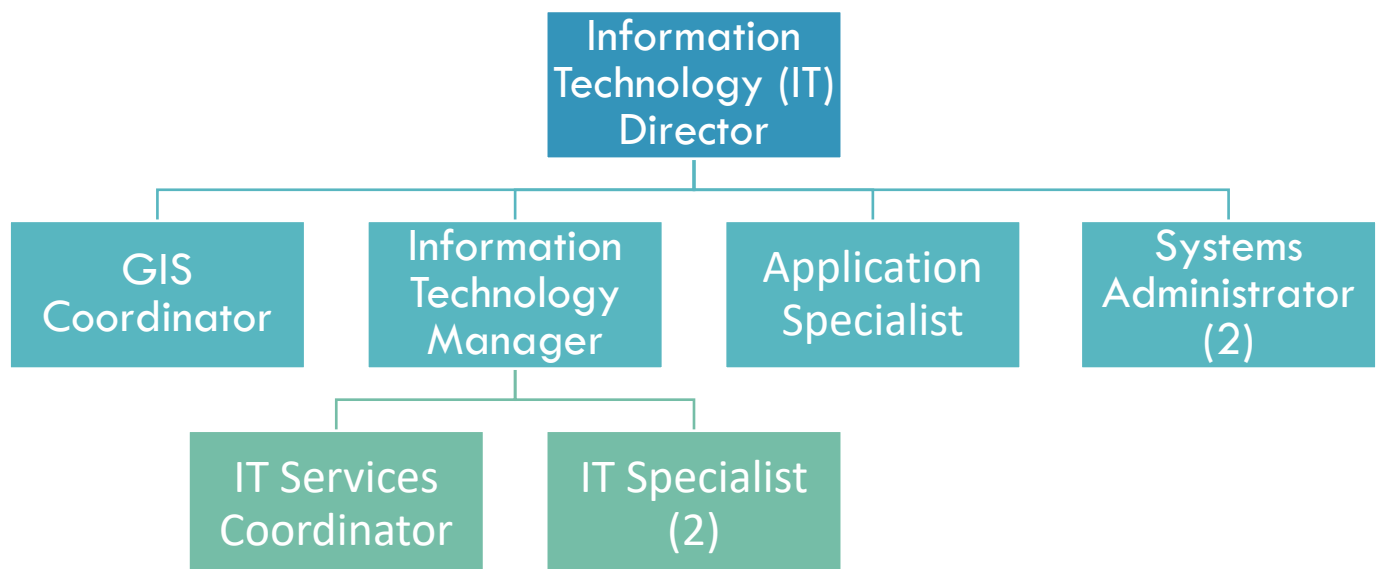

MISSION:

Provide a collaborative and cooperative enterprise approach in identifying, prioritizing, managing, supporting, partnering and successfully executing a service portfolio of digital initiatives and solutions aligning with town strategic goals and cross-functional vision through the use of industry standards, generally accepted principles and formal project management tools and techniques.

MAIN ACTIVITIES:

The most important things we do to fulfill the mission are:

- Provide strategic direction and long-range planning for the development, deployment, integration and operation of the foundational digital environment in support of evolving town-wide operations
- Continuously evaluate the digital environment against evolving security threats and execute emerging best practices and ongoing security training
- Establish and promote IT governance that includes IT Controls, Frameworks and Methodologies including Policies, Procedures (SOP), and Best Practices
- Provide exceptional customer service and responsive remediation based on defined service levels
- Coordinate and direct services and solutions that ensure efficiency and effective use of digital resources
- Advocate in support of digital solutions that support transparency and civic engagement
- Support collaboration of emerging digital resources among Town personnel and residents
- Centralize systems support, service, programming and high availability
- Facilitate end-user device management, maintenance, support, and established refresh cycles
- Manage, coordinate and educate regarding the complex digital service portfolio managed and maintained town-wide
- Coordinate the continued execution of replacement cycles as suggested by industry best practices and standards
- Oversee GIS solutions and assist departments with the optimal use of these mission critical systems
- Manage and maintain key elements of Town electronic content management (ECM) systems.

FY23 Estimated Request	\$849,784
FY22 Adopted	\$740,608

The P&C General Fund is the smallest portion of expenses managed by the department. The expenses are predominantly related to FTE costs but also include recruitment, training, and general operational costs for providing people & culture functions to all employees. There is a 14% increase in this fund between FY 22 and FY 23 associated with the following:

- Reclassification of two positions in FY 22 that will carry over into FY 23
- Increases for three positions following a market review in FY 22 that will carry over into FY 23
- Shift in consultancy expenses from the Health & OPEB budgets to a full time FTE in the General Fund 123 to fund an Administrative Specialist (Benefits) position that will carry over into FY 23
- Increase of overall net .75 FTE with the P&C restructuring (Administrative Assistant)
- Expansion of the Town's orientation program and provision for a quarterly reception with the Town Mayor
- Increase in advertising costs due to an extraordinarily competitive job market
- Incorporation of VIEW Committee costs and related events into P&C
- Restart of training for P&C staff post COVID to ensure skillsets and approaches meet the needs of a competitive market

Whenever possible the Department has sought to contain costs by planning for the launch of multiple new P&C programs using internal staff and minimizing the use of outside consultants except for those key areas.

Employee Health (Internal Service Fund 502)

FY23 Estimated Request	\$7,339,521
FY22 Adopted	\$5,988,795

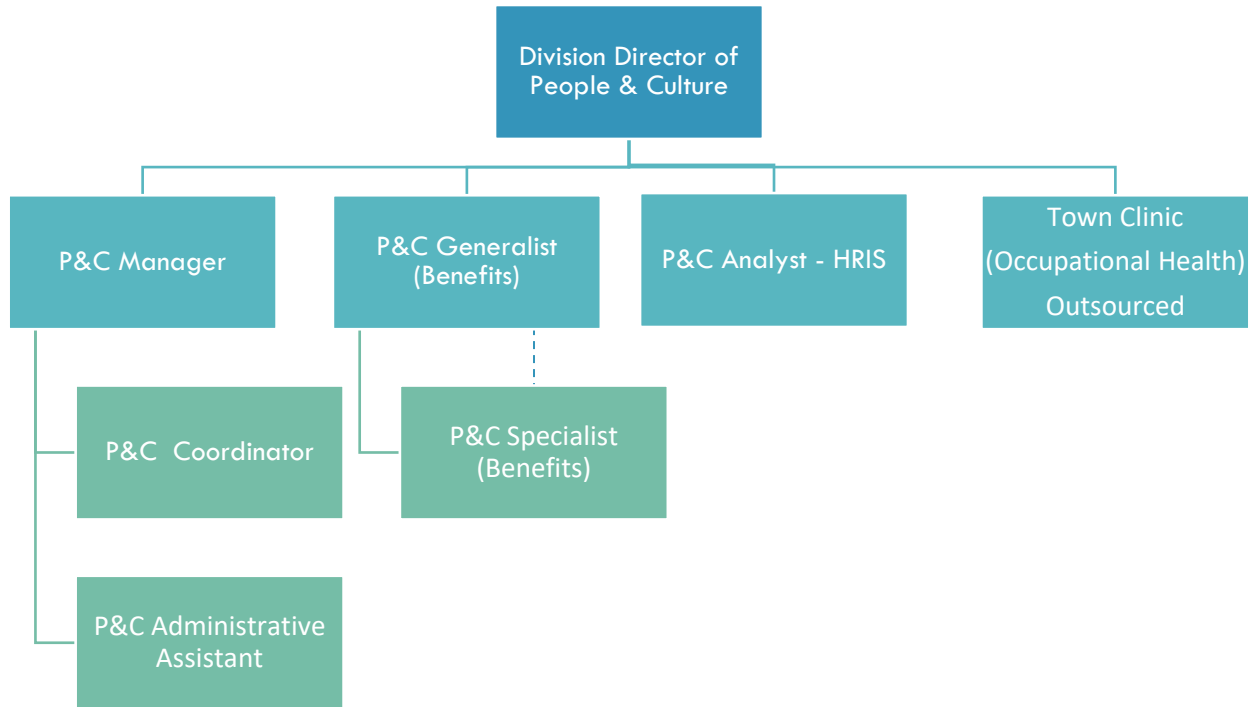

The overall Employee Health budget is expected to increase by 21.2%. . Expenses and operations associated with Employee Health are managed by People and Culture staff. FTE allocations of staff were more appropriately adjusted for the new FY period, resulting in an increase in the salaries and associated payroll items. Rates for Stop Loss coverage increased during calendar year 2022. Claims in the last FY increased significantly due to a couple of factors: 3 large employee claims where the Stop Loss coverage was utilized and COVID-related claims. The COVID-related claims were not necessarily all COVID virus related; they were due to the period when employees were not utilizing the plan and attending to their preventative visits. This resulted, in some cases, in more serious or advanced issues or additional claims to address what may have been addressed or caught in earlier stages with preventative visits. Costs for claims are expected to level out in FY 2023. In the previous six fiscal years, expenses associated with the Employee Health Fund remained relatively flat, this fiscal year being the first in several years where we have experienced such a significant increase. The cost for the proposed clinic (335K) is included in the Other Contracted Services, in anticipation of contracting with a new vendor for clinic services.

OPEB Trust (Fund 610)

FY23 Proposed Request	\$2,722,638
FY22 Adopted	\$2,854,297

The overall OPEB Trust expenses are projected to decrease by 10% in Plan Year 2023. Increases to payroll related items are associated with the reallocation of FTEs within the People and Culture Department. The change in the Medicare Part D line item and Ancillary Charges appears to be a keying error in FY22's budget process.

PEOPLE AND CULTURE ORGANIZATION CHART

PROGRAM: PEOPLE AND CULTURE 123

MAIN ACTIVITIES:

- The People & Culture Department's primary purpose is to establish a pandemic resilient and aspirational workplace that projects the highest quality of standards and cost-efficiencies to the internal and external marketplace.
- Through its robust **employee life cycle model** that attracts, onboards, develops, supports, rewards advances and retains employees throughout their journey with the Town, its role as a key business partner for all Town Departments will establish the Town of Palm Beach as the premiere workplace of choice for the next generation of top municipal public service talent.

SALARIES AND WAGES

The salary budget is derived from the payroll data for the Full Time Equivalent Employees (FTE) listed in the table below. The FY2023 budget includes a COLA increase and pay for performance increases. It also includes the results of a FY 22 market review and reclassification of two positions and reflects a shift of Risk Management to the Finance Department.

EMPLOYEE BENEFITS

The employee benefit costs include FICA, health insurance, retirement costs, any paid incentives and allowances, and the performance bonus. The health insurance and retirement costs are based on an allocation of the total Town costs by FTE per program.

CONTRACTUAL

Contractual costs decreased primarily due to the shift of all pre and post employee testing and related services to the new Town Clinic in the Health budget. Expenses include employee training, recognition and engagement; mayor reception; investigative services and archiving; criminal background checks and increased advertising.

COMMODITIES

Increase reflects increase in cost for training and technical workshops in the post-COVID environment.

TOWN OF PALM BEACH

Finance Department

MEMORANDUM

TO: Kirk W. Blouin, Town Manager

FROM: Jane Le Clainche, Director of Finance

SUBJECT: FY2023 Budget Highlights for the Finance Department

DATE: June 9, 2022

Finance Budget

FY2023 Budget Request **\$2,002,342**

FY2022 Adopted **\$1,865,675**

The overall Finance Department proposed FY2023 budget is estimated to increase by 7.3% over the FY2022 Adopted Budget. The main reason for the increase is the COLA and merit increases in salaries and benefits. All additional cost increases or savings are outlined within the following programs:

Program 141 – Financial Management

FY2023 Program Request **\$1,202,333**

FY2022 Adopted **\$1,107,657**

The proposed FY2023 budget for Financial Management reflects an estimated increase of 8.6%, or \$94,676, of which \$68,702 is in salaries and \$26,074 is in benefits. There was a small increase in contractual (\$100) and a small decrease in commodities (\$200) to be more in line with actual spending in the past few years.

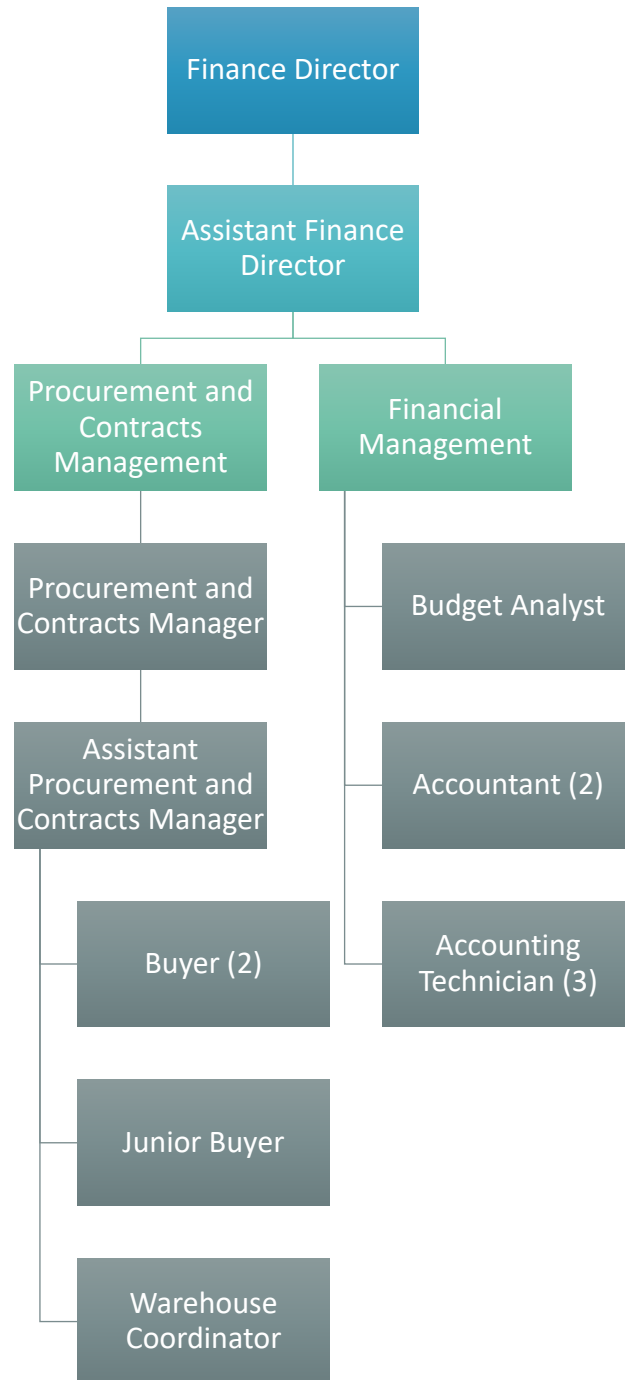

Program 144 - Purchasing

FY2023 Program Request **\$800,009**

FY2022 Adopted **\$758,018**

The proposed FY2023 budget for Purchasing reflects an estimated increase of 5.54% or \$41,991, of which \$46,902 is in salaries. There was a decrease in benefits of \$7,411 due to one employee entering DROP. Contractual and Commodities also had small increase of \$1,700 and \$800 respectively.

FINANCE DEPARTMENT ORGANIZATION CHART

DEPARTMENT: FINANCE

MISSION:

The Finance department is dedicated to providing the highest quality service through a commitment to excellence, integrity, and teamwork. We serve the finance and purchasing needs of the Town Council, citizens, Town Manager, Town employees and general public. We provide publications and information to inform citizens and other interested parties regarding the financial position and operations of the Town. We use Generally Accepted Accounting Principles and GFOA budgeting standards to assure that policy makers and the community are well informed, and the Town remains fiscally strong. It is important to us to perform our duties efficiently, effectively, reliably, and accurately. We take pride in serving our elected officials, our fellow employees, and our community.

PROGRAM: PROCUREMENT AND CONTRACTS MANAGEMENT 144

MISSION:

The Procurement and Contracts Management Division provides professional procurement services to the Town Departments while ensuring compliance with County Ethics Commission, Inspector General, Florida State Statutes, and Town Purchasing Policies and Procedures. These services include purchase of supplies, equipment services, and construction in an efficient, effective manner as well as managing the purchasing card program, the fixed asset inventory, central stores warehouse, and surplus property.

The Town of Palm Beach was awarded the National Purchasing Institute Excellence in Procurement during FY21.

MAIN ACTIVITIES:

The most important things we do to fulfill the mission are:

- Develop and administer purchasing policies consistent with established policies and procedures and governmental best business practices
- Solicit goods, services and construction services for Town Departments through RFP's, RFQ's and ITB's
- Coordinate solicitation documents, award documents and agenda preparation for all sourced items
- Administer the Town Purchasing Card Program
- Prepare contracts/agreements for awarded solicitations
- Continually seek to improve procurement and inventory processes while providing top quality service and products
- Ensure delivery of critical purchases on time
- Maintain positive vendor relationships
- Administer evaluation process for vendor performance for both goods, services and construction
- Facilitate the sale of surplus Town assets through an online Governmental Auction Site
- Evaluate warehouse stock to minimize long-term storage and obsolete materials
- Engage performance improvement with user departments/divisions
- Provide internal stakeholder training and to the vendor community

Re: FY 2023 Budget Highlights for Planning, Zoning & Building – **General Fund**

Date: June 7, 2022

Total Planning, Zoning & Building Budget – All Expenses

FY 2023 Estimated Request: \$4,957,312

FY 2022 Anticipated Budget: \$4,099,366

FY 2022 Adopted Budget: \$4,771,421

The overall Planning, Zoning & Building Department proposed FY 2023 budget is estimated to increase by 3.9%, or \$185,891, over the FY 2022 Adopted Budget. This includes the two Enterprise Fund programs and the two General Fund programs. The FY 2023 budget includes: a new Admin. Assistant for Building, 4 full-time Construction Site Monitors, \$100,000 for the study of potential landmarked buildings, town attorney attendance at all Arcom, PZC and Landmark meetings, \$25,000 for a CRS consultant for the end-of-year ISO audit, and \$35,000 for the continued scanning of historic plans. Details of the various division budgets and budget categories are shown below. Due to the uncertain dollar amount for code reform, all monies needed for the project in FY23 will be requested from contingency once the amount is known.

Total PZB General Fund Budget Expenses

FY 2023 Estimated Request: \$1,119,029

FY 2022 Anticipated Budget: \$1,084,608

FY 2022 Adopted Budget: \$997,844

The Planning, Zoning & Building General Fund covers the activities of the Planning & Zoning Division, which handles all applications to Arcom, Landmarks and Town Council; and the Business Service Division, which includes records and BTR's. Revenues for Programs 211 and 214, which are part of the General Fund, are generated by land use application fees and Business Tax Receipts.

Program 211 – Planning & Zoning

FY 2023 Estimated Request: \$901,569

FY 2022 Anticipated Budget: \$898,153

FY 2022 Adopted Budget: \$793,811

The proposed FY 2023 budget for Planning & Zoning reflects an estimated 13.6% increase, or \$107,758.. The FY 2023 Program 211 budget also includes the hiring of an administrative assistant and a planner II, and therefore an increase in salary and benefits to this division; and an increase in contractual expenses (legal representation of meetings, professional planning firm and a land use attorney for code reform efforts).

Program 214 – Landmarks Preservation

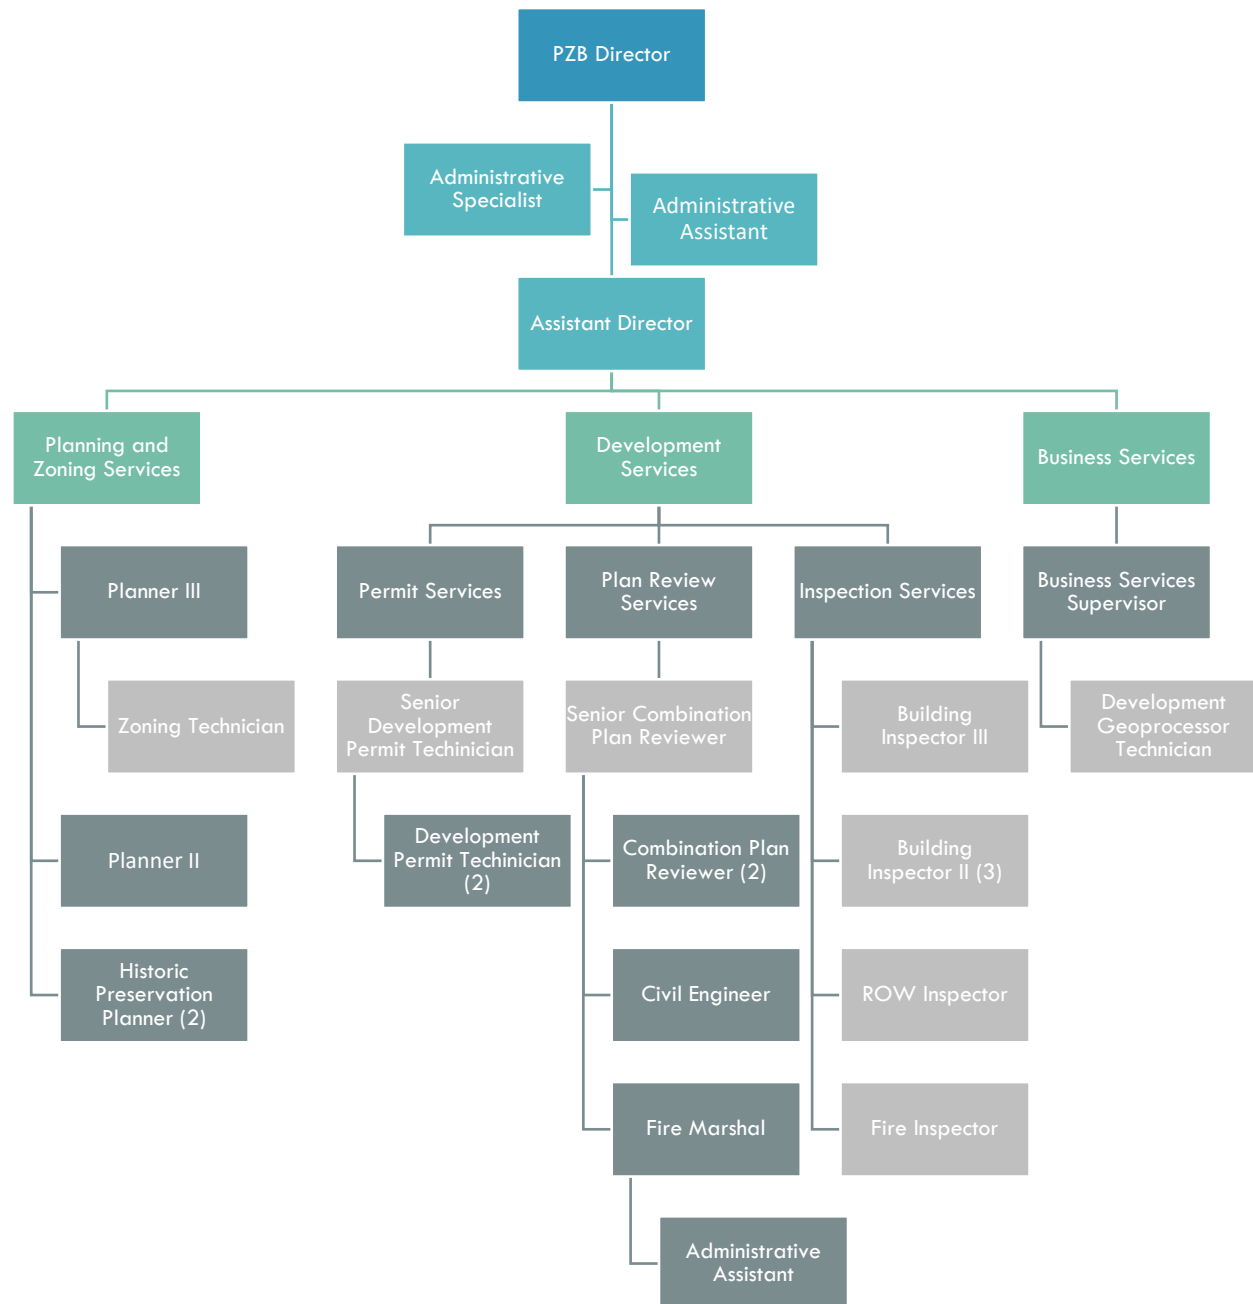

FY 2023 Estimated Request: \$217,460

FY 2022 Anticipated Budget: \$186,455

FY 2022 Adopted Budget: \$204,033

The proposed FY 2023 budget for Landmarks Preservation reflects an estimated 6.6% increase, or \$13,427, which is due to an increase in contracted services (legal advertising). Minor decreases will occur in salaries and benefits.

TOWN OF PALM BEACH

POLICE DEPARTMENT

DEDICATED TO EXCELLENCE

MEMORANDUM

TO: Kirk W. Blouin, Town Manager

FROM: Nicholas Caristo, Chief of Police

SUBJECT: FY2023 Proposed Budget Summary

DATE: 3/14/2022

Program 216 - Code Enforcement Budget

FY2023 Proposed	\$332,478
FY2022 Adopted	\$276,663

The proposed FY23 budget reflects an increase of 20.17% or \$55,815. This is primarily the result of increases in retirement, insurance, and bonus costs associated with the transfer of a sworn officer back to this program.

Police Budget

FY2023 Proposed	\$18,071,479
FY2022 Adopted	\$16,877,684

The overall Police Department proposed FY2023 budget is 7.07% above the FY22 Approved budget of \$16,877,684, or an increase of \$1,193,795. Decreases were realized in contractual costs and benefits in certain programs. Increases realized were primarily due to the unfreezing of a Major position, the addition of four sworn officer FTE's, parking kiosk costs, and increases in demand for Special Assignment Overtime.

Below is a summary of these budget highlights by unit.

Program 421 – Administration

FY2023 Proposed	\$1,385,987
FY2022 Adopted	\$1,138,020

The proposed FY23 budget reflects an increase of 21.79%, or \$247,967. There were decreases in both contractual and commodity costs. Increases in salary and benefits were due to the unfreezing of a Major position.

Program 422 - Organized Crime Vice and Narcotics

FY2023 Proposed	\$875,788
FY2022 Adopted	\$854,324

The proposed FY23 budget reflects an increase of 2.51%, or \$21,464. Contractual costs remained the same while commodity and benefit costs decreased. Increases to this program were in salaries.

Program 423 – Records Information Systems Unit

FY2023 Proposed	\$170,162
FY2022 Adopted	\$176,732

The proposed FY23 budget reflects a decrease of 3.72%, or \$6,570. Decreases were in contractual costs. Benefit costs were also reduced due to the replacement of a tenured employee with a new employee.

Program 424 – Training & Community Relations Unit

FY2023 Proposed	\$210,701
FY2022 Adopted	\$193,096

The proposed FY23 budget reflects an increase of 9.12%, or \$17,605. An increase was due to the inclusion of an expenditure account to fund annual Virtra Simulator service and maintenance plan costs.

Program 425 – Communications Unit

FY2023 Proposed	\$1,880,820
FY2022 Adopted	\$1,723,546

The proposed FY23 budget reflects an increase of 9.13%, or \$157,274. The unit's overtime budget continues to be budgeted below actual fiscal year cost but is offset by salaries as the result of an average vacancy of 2-3 Telecommunicators. The increases in this program are primarily from salaries and approximately \$15,000 in increased MPSCC dues costs.

Program 426 – Crime Scene Evidence Unit

FY2023 Proposed	\$289,514
FY2022 Adopted	\$273,347

The proposed FY23 budget reflects an increase of 5.91%, or \$16,167. Other than a nominal increase in fuel costs, program increases were only realized in salary and benefits.

Program 428 – Patrol Division

FY2023 Proposed	\$11,270,033
FY2022 Adopted	\$10,501,598

The proposed FY23 budget reflects an increase of 7.32%, or \$768,435. The unit budget increases are due to the conversion of four overfill sworn officer FTE positions to budgeted positions. Additionally, there is an increase in demand for Special Assignment Overtime. Special Assignment Overtime revenues are not shown in this expenditure budget, but the program as a whole continues to be revenue generating for the Town.

Program 429 – Detective Bureau

FY2023 Proposed	\$1,367,787
FY2022 Adopted	\$1,411,351

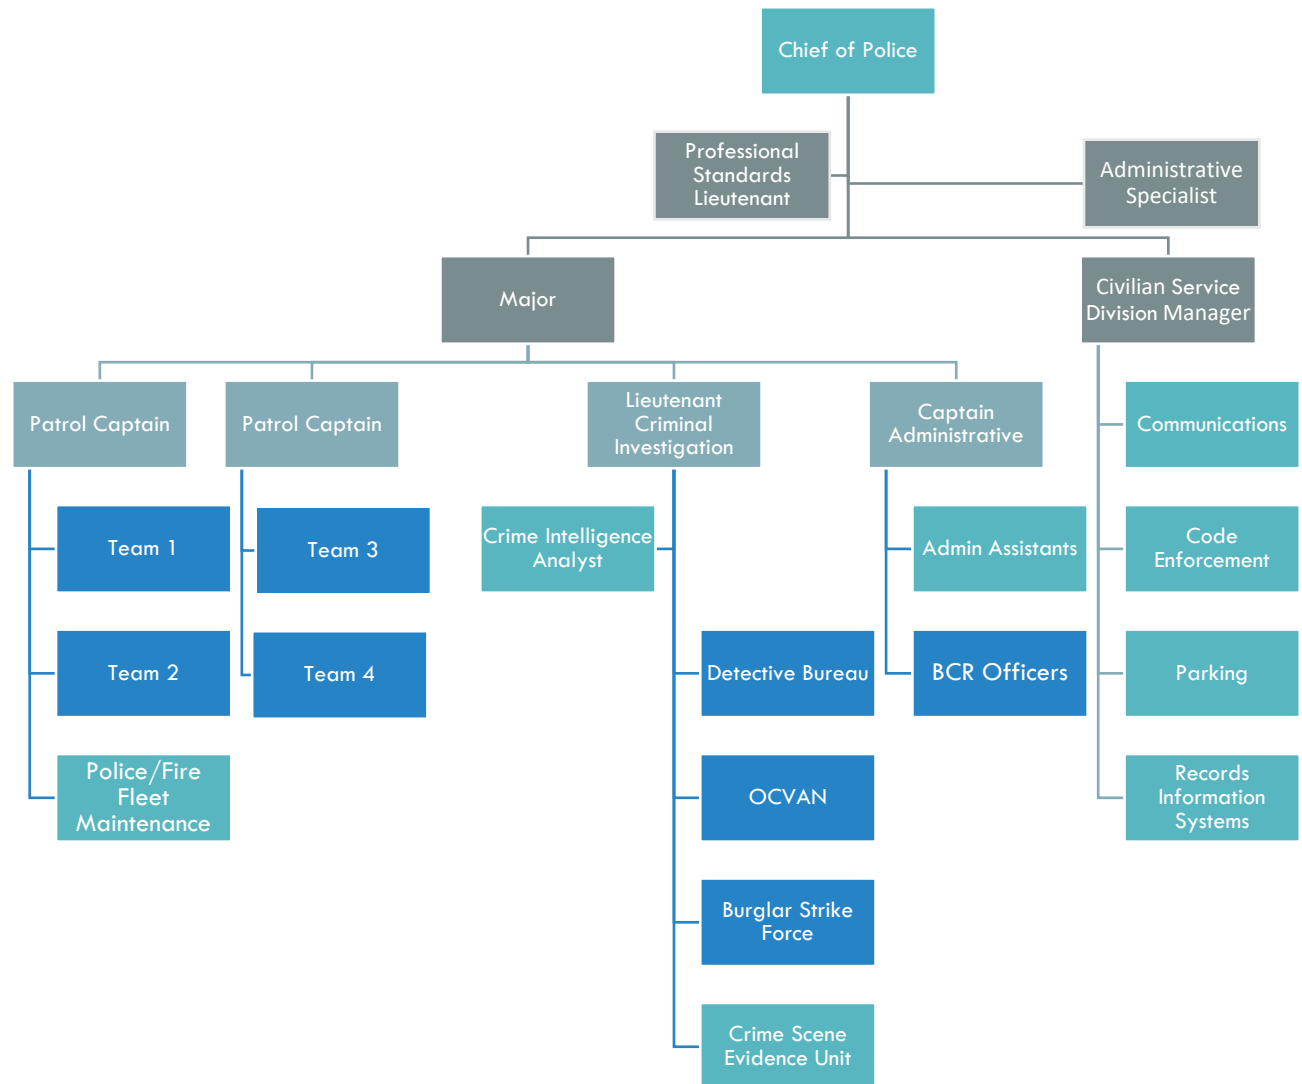

The proposed FY23 budget reflects a decrease of 3.09%, or \$43,564. Decreases were in salary and benefit costs due to personnel changes.

Program 430 – Parking Control Unit

FY2023 Proposed	\$620,687
FY2022 Adopted	\$605,670

The proposed FY23 budget reflects an increase of 2.48%, or \$15,017. The majority of the increase in this program is in the credit card processing fees for kiosks that were under budgeted last year. Other changes to this position include adding two full time and 3 part time employees and decreasing the contracted staff positions. The budgeted positions can be offset with Parking revenue if deemed appropriate at the conclusion of the budget year.

PROGRAM: PARKING CONTROL UNIT 430

MISSION:

This division exists to provide for the efficient use of limited public parking availability through active enforcement of all parking ordinances, rules and regulations.

MAIN ACTIVITIES:

The most important things we do to fulfill the mission are:

- Patrol parking areas on a regular basis to identify and ticket violators
- Address inquiries and complaints from the public
- Handle pedestrian and vehicular traffic at schools and major intersections
- Apply vehicle immobilization device as necessary
- Review construction plans for traffic hazards, traffic flow and parking for special events as needed
- Parking Enforcement Officers serve as the school crossing guards for the Town

TOWN OF PALM BEACH

Public Works Department

MEMORANDUM

TO: Kirk Blouin, Town Manager
Jane Le Clainche, Director of Finance

FROM: H. Paul Brazil, P.E., Director of Public Works

RE: **FY23 Budget Highlights for Public Works**

DATE: March 14, 2022 (2ND REVISION June 23, 2022)

Public Works Operating Budget

FY23 Estimated Request	\$19,104,155
FY22 Adopted	\$16,700,542

The overall proposed Public Works budget is 14.39% or \$2,403,613 higher than last year's adopted budget. Salaries increased by 7.36% or \$430,707. The salary increase includes a Cost of Living Adjustment (COLA) for filled positions. Seven (7) vacancies are budgeted at the mid-point without a COLA. Public Works anticipates four (4) end of DROP Retirements in FY23. Benefits increased 2.54% or \$83,636. Depreciation increased by 7.81% or \$49,495 and Capital Outlay increased by 327% or \$19,620. This is a combined increase of \$69,115 due to scheduled replacement of vehicles and equipment. The remainder of the budget increases are in Contractual and Commodities. These elements increased by \$1,820,155. We have eliminated the manpower allocation (used to track program cost) because of the Lucity software. This change will make it difficult to compare historic program costs.

Program 511 - Administration

FY23 Estimated Request	\$ 919,932
FY22 Adopted	\$1,039,036

The Administrative Management's FY23 budget reflects a program decrease of -11.46% or -\$119,104 due to decreases in Salaries of -9.65% or -\$67,927, Benefits -16.73% or -\$51,477. This is resulting from the transfer of two (2) FTE to Program 561/Engineering. Both the GIS Specialist and CMMS Coordinator positions are managed by the Town Engineer. Contractual increased by \$300.

Program 521 – Streets Repair/Maintenance

FY23 Estimated Request	\$562,662
FY22 Adopted	\$519,136

The proposed FY23 budget for Streets Maintenance and Repair Bureau reflects an overall program increase of 8.38% or \$43,526. This increase includes 4.53% or \$6,434 in Salaries, 20.31% or \$11,800 in Commodities, and 11.44% or \$25,600 in Contractual. Benefits decreased by -0.39% or -\$308. The increase associated with Commodities are due to increased costs of fuel, aluminum waste containers and signs; and concrete delineators and street markers. The increase associated with Contractual is due to an estimated increase due to rebidding of the street sweeping maintenance contract and addition of a dumpster for street sweeping debris required by FDEP.

Public Works
Town of Palm Beach

Program 523 – Traffic Control

FY23 Estimated Request	\$86,500
FY22 Adopted	\$18,800

The proposed FY23 budget for the Traffic Control Program reflects an increase of 360.11%, or \$67,700. The increase in Contractual is due to the proposed purchase of upgraded Edaptive Traffic Control Software and annual licensing and anticipated increase in electric.

Program 524-Street Lighting/Electrical

FY23 Estimated Request	\$748,506
FY22 Adopted	\$727,390

The proposed FY23 budget for the Street Lighting/Electrical Program reflects a minimal increase of 2.90% or \$21,116. The 12.54% or \$26,500 increase in Contractual Services is due to anticipated usage of electric, (based on 3-year average) and increase in street light painting and repair costs. Commodities increased by 15.27 % or \$6,900, primarily due to systematic replacement of six (6) light fixtures located on South and North Ocean Blvd. Those increases are offset by decreases in Salaries and Benefits.

Program 531-Storm Sewer Maintenance

FY23 Estimated Request	\$375,337
FY22 Adopted	\$320,132

The proposed FY23 budget for the Storm Sewer Maintenance program reflects an overall increase of 17.24% or \$55,205. Contractual costs increased 24.74% or \$57,100, due to: (A) anticipated electric and water costs of \$20,500 (three (3) year average). (B) The costs for pump repair, fuel tank inspections and generator repairs have also seen a progressive increase, estimated at \$25,400. (C) We need to improve our communications from our pumping stations, resulting in the need to improve the SCADA system. We are proposing an increase of \$9,300 for SCADA work with CC Controls for Storm System, and also \$1,900 for Travel and Per Diem for training/professional development. Commodities increased by 9.33% or \$6,100 due to costs for fuel, supplies, and equipment (three (3) year average).

Program 532-Sanitary Sewer Maintenance

FY23 Estimated Request	\$2,095,501
FY22 Adopted	\$1,948,961

The proposed FY23 budget for the Sanitary Sewer Maintenance Program reflects an increase of 7.52% or \$146,540, due to an increase in Salaries of 10.13% or \$103,710. Benefits increased by 3.08% or \$18,197. Contractual costs increased by 21.17% or \$33,800, due to increase of electric and water (three (3) year average), as well as increased costs of telemetry and water sampling needs. Commodities increased by 5.09% or \$4,800, due to increase of fuel costs.

Program 533-Sanitary Sewer Treatment

FY23 Estimated Request	\$3,506,137
FY22 Adopted	\$2,478,975

The proposed FY23 budget for Sanitary Sewer Treatment and Disposal reflects an estimated increase of 41.44%, or \$1,027,162. This represents the Town's pro-rated share of the operating and capital expenses associated with the East Central Regional Water Reclamation Facility (ECR), and reflects the budget anticipated to be approved for FY23 by the ECR Board, as well as Kemira Chemicals Inc. for the supply and delivery of our sanitary treatment chemical.

Public Works
Town of Palm Beach

Program 541 - Residential Collection

FY23 Estimated Request	\$1,077,904
FY22 Adopted	\$1,007,640

The proposed FY23 budget for Residential Collection reflects an increase of 6.97% or \$70,264. This includes an increase in Salaries of 6.05% or \$31,083, and 4.725% or \$15,981 in Benefits. There is a 229.41% or \$3,900 increase in Contractual due to facility maintenance/improvements at Pinewalk Transfer Station. Commodities increased by 40.63% or \$19,300, due to increased costs of fuel, chemicals, cleaning and other supplies.

Program 542 - Commercial Collection

FY23 Estimated Request	\$1,449,898
FY22 Adopted	\$1,266,142

The proposed FY23 budget for Commercial Collection reflects a 14.51% or \$183,756 increase. This includes an increase in Salaries of 8.03% or \$41,875, and 8.73% or \$22,572 in Benefits. This increase in salaries takes into account restructuring the manpower allocation of the Division Manager for payroll purposes. There is a 33.33% or \$112,700 increase in Contractual, due to new compacted garbage collection contract, plus a 5% increase to Temp. Labor contracts. The compacted garbage collection increases will be offset by equal revenues. There is an increase of 21.74% or \$11,000 in Commodities due to fuel costs.

Program 543 - Refuse Disposal

FY23 Estimated Request	\$76,600
FY22 Adopted	\$73,000

The proposed FY23 budget for Refuse Disposal reflects increase of 4.93%, or \$3,600. This increase is in anticipation of rate increases imposed by the Solid Waste Authority for tip fees not covered by commercial or residential disposal credits.

Program 544 - Yard Trash Collection

FY23 Estimated Request	\$2,430,493
FY22 Adopted	\$2,227,040

The proposed FY23 budget for Yard Trash Collection reflects a 9.14% or \$203,453 increase. This includes an increase in Salaries of 8.53% or \$83,103, which takes into account restructuring the manpower allocation of the Division Manager for payroll purposes. This includes an increase of 20.80% or \$51,500 in Contractual Services and increases of 22.09% or \$27,300 in Commodities primarily for fuel costs, and 19.64% or \$40,343 increase in Depreciation. Benefits increased by 0.18% or \$1,207.

Program 545 - Recycling

FY23 Estimated Request	\$415,510
FY22 Adopted	\$378,946

The proposed FY23 budget for Recycling Collection reflects a 9.65% or \$36,564 increase. This is largely due to the 121.94% or \$15,343 increase in depreciation. This also includes increases of 7.32% or \$15,164 in Salaries, 5.3% or \$700 in Contractual Services, and 14.79% or \$2,100 in Commodities due to fuel costs. Benefits increased by 2.47% or \$3,257.

Public Works
Town of Palm Beach

Program 551 – Parks

FY23 Estimated Request	\$1,842,295
FY22 Adopted	\$1,678,705

The proposed FY23 budget for the Grounds Program reflects an overall increase of 9.75% or \$163,590. Salaries increased by 3.33% or \$5,109 and Benefits increased by 0.57% or \$459. The largest changes are associated with Contractual services and Commodities. Contractual services increased by 9.15% or \$125,253, due to contractual CPI increase and assumed cost for additional maintenance for Phipps Plaza Park. Commodities increased by 60.29% or \$29,600, due anticipated fuel costs, and changes of scope for chemical applications. The Town is now procuring these materials. Depreciation increased by 11.76% or \$3,169.

Program 554 – Facilities Maintenance

FY23 Estimated Request	\$1,470,115
FY22 Adopted	\$1,273,673

The proposed FY23 budget for Facilities Maintenance reflects an overall increase of 15.42% or \$196,442. The largest increases are recognized in Salaries and Contractual. The 10.63% or \$36,560 increase in Salaries are due normal merit pay rate increases and a Cost of Living Adjustment. Benefits decreased by -0.58% or -\$1,239. Contractual increased by 22.56% or \$149,200, due to increased facility maintenance requests, vendor CPI increases, and anticipated costs for contracts to be rebid (Janitorial, HVAC, and interior landscaping for PD). Commodities decreased by -1.14% or -\$500.

Program 561 – General Engineering Services

FY23 Estimated Request	\$1,003,166
FY22 Adopted	\$ 749,218

The proposed FY23 budget for General Engineering reflects an increase of 33.90% or \$253,948. This includes a 30.38% or \$162,076 increase in Salaries and 43.01% or \$86,872 increase in Benefits. These increases reflect anticipated merit review pay increases, a Cost of Living Adjustment, and the transfer of two (2) FTE (GIS Specialist and the CMMS Coordinator) which manage and support the ArcGIS and Lucity work management systems for Public Works. Contractual increased by 41.67% or \$2,000 due to Travel Per Diems for training. Commodities increased by 187.5% or \$3,000 due to employee training/professional development and increased fuel costs.

Program 565-Right-of-Way Inspections

FY23 Estimated Request	\$119,651
FY22 Adopted	\$107,581

The proposed FY23 budget for Right-of-Way Inspections reflects an overall increase of 11.22% or \$12,070. Salaries increased by 15.92% or \$10,156. This is due to anticipated merit review pay increase and a Cost of Living Adjustment. Benefits increased by 2.08% or \$814. Contractual increased by 16.67% or \$100 and Commodities increased by 76.92% or \$1,000 due to increase in fuel costs and \$500 in office supplies.

Program 571 - Equipment Operations/Maintenance

FY23 Estimated Request	\$923,948
FY22 Adopted	\$886,167

The proposed FY23 budget for Equipment Operations/Maintenance reflects an overall increase of 4.26% or \$37,781. This includes an increase of 1.50% or \$5,710, in Salaries, and a decrease of -1.22%

Public Works
Town of Palm Beach

or -\$2,761, in Benefits. There are increases of 4.53% or \$3,200 in Contractual Services, and 3.97% or \$7,440 in Commodities. There is an increase in Capital Outlay of 327% or \$19,620 for necessary equipment purchases. Depreciation reflects an increase of 31.81% or \$4,572.

Program 581 - Coastal Management

FY23 Estimated Request	\$208,274
FY22 Adopted	\$198,799

The proposed FY23 budget for Coastal Management reflects an increase of 4.77% or \$9,475. This is primarily due to anticipated increases in benefits, merit pay increases and a Cost of Living Adjustment.

Program 307 Pay-As-You-Go

FY 23 Estimated Request	\$12,989,180
FY 22 Adopted	\$ 9,328,000

The proposed FY23 budget shows an increase of 39.25% or \$3,661,180. This increase is due to the I&I work to line sewer lines which is reimbursed 100% by the American Rescue Plan Grant and the additional \$2 million budgeted for the North Fire Station.

Program 309 - Coastal Management

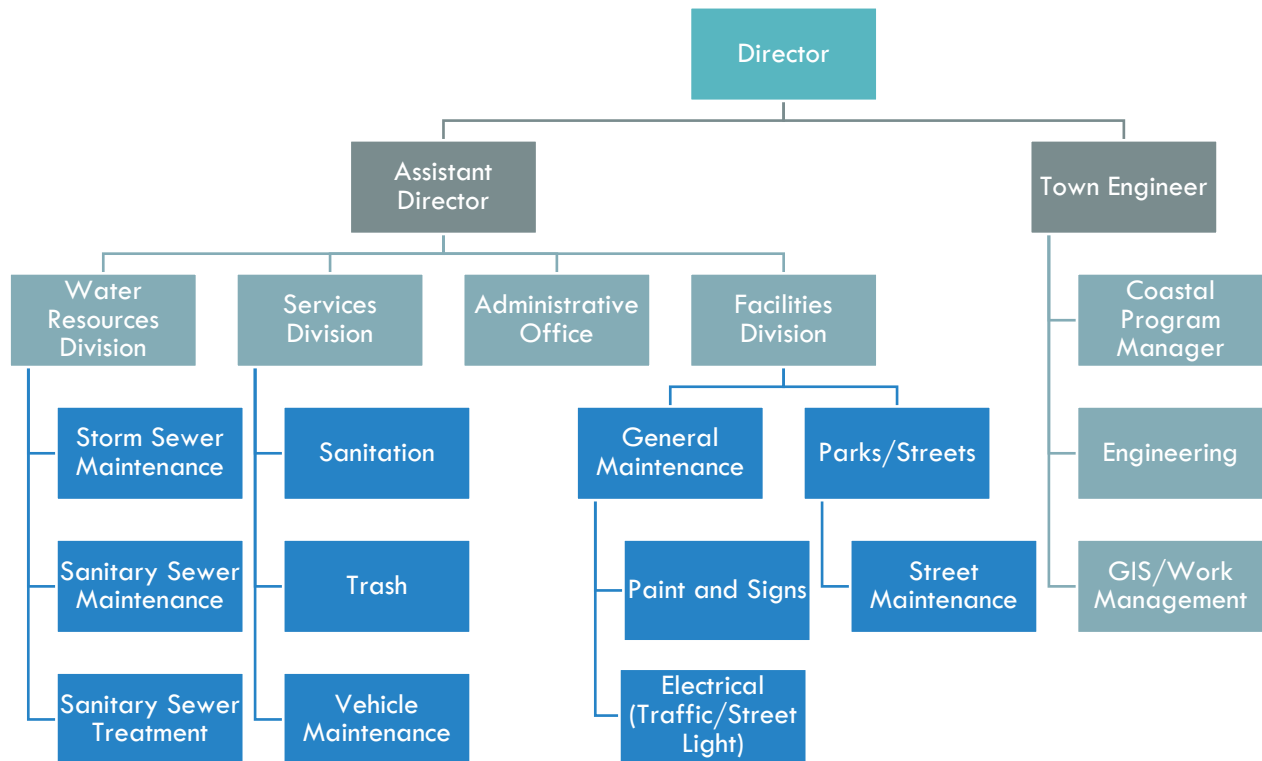

FY23 Estimated Request	\$12,418,409
FY22 Adopted	\$23,686,986

The proposed FY23 budget for Coastal Management is mostly consistent with the funding outlook included within the FY22 budget, and as indicated in the 2015 updated Town Council adopted 10-year plan. There are no beach nourishment projects planned for FY23. Expected FY23 projects include completing a sand search to identify suitable sand resources to further support future nourishment projects under the Beach Management Agreement. Other notable items within the FY23 proposed budget include appropriations for seawall replacement along Mid-Town on the oceanfront and along portions of Town-owned lands on the lagoon. Two (2) line items, "Flooding and Climate Control" and "Water Level Monitoring" have been added to the FY23 budget and beyond for consultant support services and tide gauge installation and maintenance consistent with the Level-Up Palm Beach Coastal Resiliency Implementation Plan.

*FY22 Adjusted includes FY22 adopted budget plus purchase orders written against the FY21 budget but spent against the FY22 budget.

SALARIES AND WAGES

The salary budget is derived from the payroll data for the Full Time Equivalent Employees (FTE) listed in the table below. The FY2023 budget includes a COLA increase and pay for performance increases.

EMPLOYEE BENEFITS

The employee benefit costs include FICA, health insurance, retirement costs, any paid incentives and allowances, and the performance bonus. The health insurance and retirement costs are based on an allocation of the total Town costs by FTE per program.

CONTRACTUAL

This increase reflects additional hours for bringing temporary labor from part time to full time; and rebidding of the curb painting contract. The new contract includes additional scope of work, adding tire stops, delineators and bollard painting, which increased the cost from past contracts. In addition, increased costs for data plan for tablets. A minor reduction of vendor participation relating to pothole patching in commercial areas, repair and replacement of sidewalks based on revised ordinances requiring adjacent property owners to be responsible for that effort.

COMMODITIES

The increase is due to increased cost of fuel, aluminum waste containers and signs; and concrete delineators and street markers.

OTHER PROGRAM 321: LIBRARY SERVICES

The Town contracts with The Society of the Four Arts Library to provide library services to its residents. The library maintains exceptional collection of books, audio, and video tapes and periodicals on the arts. It also sponsors special events and activities for its patrons. This annual appropriation takes the place of, and is substantially less than, property taxes that would be levied upon the residents by the Palm Beach County Library District.

PROGRAM 711: CONTINGENT APPROPRIATIONS

This program contains the budget for the General Fund Contingency account.

The budget for the General Fund Contingency Account is and adjusted throughout the year by Town Council approved transfers. Appropriations are transferred out of this line item and into line items designated by Town Council. Expenditures are not reflected in this program, but in the program approved by Town Council, on a case by case basis.

The Contingent Appropriations Program reflects expenditures which are not readily identifiable to a Program, and are not under the direction of any one Department.

DEBT ADMINISTRATION

GENERAL OBLIGATION BONDS

General Obligation Bonds offer maximum security to investors through the pledge of the municipality's full faith and credit, which for the Town of Palm Beach requires voter approval.

The voters approved a referendum on March 15, 2016 for the issuance of \$90,000,000 in General Obligation Bonds for the Underground Utility Project. The Town issued \$56,040,000 of the General Obligation Bonds in September 2018. The all-in true interest cost (TIC) for the 2018 series was 3.64%.

In 2021, the Town issued \$8,575,000 in General Obligation Bonds through Robert W. Baird & Co. Inc. for the Underground Utility Project. The all-in true interest cost (TIC) for the 2021 series was 2.02%.

The General Obligation Bonds shall be payable first from the Underground Utility Project Special Assessments and, to the extent the Underground Utility Project Special Assessments are insufficient to pay debt service or not assessed, ad valorem taxes levied and collected in the Town on all taxable property in the Town sufficient to pay principal and interest on the bonds as they become due and payable. The Town may apply other legally available sources of revenues to the payment of the Bonds.

REVENUE BONDS

In 2010 the Town issued 2010A Public Improvement Revenue and Refunding Bonds in the principal amount of \$57,035,000, and 2010B Worth Avenue Commercial District Project bonds in the principal amount of \$14,770,000. The all-in true interest cost (TIC) for the 2010A issue was 4.52% and the 2010B issue was 4.51%.

The 2010A bonds refunded the 2003B bonds (\$5,310,000), the 2008 Revenue Note (\$10,000,000), and a 2009 Line of Credit (\$600,000) which was issued for the Worth Avenue Project. The balance of the proceeds were to fund a portion of the Town's Accelerated Capital Improvement Program totaling \$41,232,000 and \$1,740,844 was used to reimburse the Town for the Town's portion of the Par 3 Golf Course Project.

The 2010B bonds were used to fund the Worth Avenue Commercial District streetscape project. The Town imposed a capital special assessment against real property in the Worth Avenue Commercial District to pay the costs of the Worth Avenue Projects. The assessments will be payable over a thirty year period. The assessments will be security for the 2010B bonds.

On January 1, 2012, the Town used excess funds remaining after completion of the Worth Avenue Project to redeem \$1,485,000 of the 2010B Bonds.

On August 25, 2016, the Town issued bonds to refund the 2010A & 2010B bonds. This transaction produced gross savings of \$8,900,539 over 23 years. The net present value savings is \$6,895,965 or 13.35%. The all-in true interest cost (TIC) for the 2016 issue was 2.75%. On October 17, 2019, the Town refunding the remaining \$4,660,000 of the 2010A bonds. The refunding achieved \$1,157,902 of net present value debt service savings or 25.39% of the refunded bonds par amount. The all-in true interest Cost (TIC) was 2.46%.

In 2013, the Town issued Public Improvement Revenue Bonds in a par amount of \$55,590,000. The proceeds of the bond were used for the second phase of the Town's Accelerated Capital Improvement Program (\$44,997,957) groin rehabilitation and seawall replacement (\$11,900,000) and the Town's portion of the Par 3 Clubhouse project (\$1,250,000). The all-in true interest cost (TIC) for the 2013 issue was 4.49%. In

2019, the Town issued bonds to refund most of the 2013 bonds. The transaction produced savings of \$4,385,248 or 10.24%. The all-in true interest cost (TIC) for the 2019 refunding was 3.036%.

In 2020, the Town issued \$31,000,000 in Revenue Bond through CenterState Bank for the Marina Construction project. This bond is secured by non-ad valorem revenues. The rate on the bonds is 2.25%. All of these bonds are revenue obligations of the Town payable solely from and secured solely by the pledged revenues. Pledged revenues shall consist primarily of Non-Ad Valorem Revenues budgeted and appropriated annually by the Town for the purpose of paying debt service on the Bonds. The Town covenants that in each fiscal year while any bonds are outstanding, the total non-self-supporting debt service in any fiscal year of the Town will not exceed 50% of Non-Ad Valorem Revenues of the Town.

The Town has covenanted and agreed that it will not incur any indebtedness payable from or supported by a pledge of the Non-Ad Valorem Revenues unless the Town can show that following the incurrence of such additional indebtedness, (1) the total amount of Non-Ad Valorem Revenues (based upon the most recent Fiscal Year) will be greater than twice the then maximum debt service and (2) the total amount of Non-Ad Valorem Revenues in each Fiscal Year in which Bonds are outstanding will be greater than 2.00 times the non self-supporting debt in each such fiscal year.

As part of the preparation for the 2021 General Obligation Bond, the Town's issuer's and Revenue Bond ratings were reviewed by both Moody's and Standard & Poor's. The Town's conservative financial policies and strong management of its financial resources were recognized, and it resulted in Moody's Investors Service issuing a rating of Aa1 for the Revenue bonds and an Aaa GO issuer's rating. Standard and Poor's issued a Revenue bond rating of AA+ and a AAA issuer's GO rating. The ratings for both the Bond and issuer credit are the highest ratings these two rating services issue and represent the highest quality investment grade debt.

On February 23, 2018, Standard and Poor's reviewed the Town's Revenue bond ratings and raised the credit rating from AA+ to AAA while affirming the stable outlook. For the 2018 General Obligation Bond issue both Standard and Poor's and Moody's reaffirmed the Town's AAA ratings.

FUND 309: COASTAL MANAGEMENT FUND

MISSION:

The Town's Coastal Management Program implements beach and dune projects for erosion-control and storm protection, as adopted by Town Council, consistent with both the State Strategic Beach Management Plan and the Beach Management Agreement, through coordination with state and federal regulatory and advisory agencies. In addition, the Coastal Management Program includes the planning, development, and implementation of long-term coastal resiliency projects to maintain sustainable shorelines.

MAIN ACTIVITIES:

- Develop budget estimates for beach nourishment, dune restoration, erosion-control structures, and other coastal protection and coastal resiliency projects
- Plan, design, permit and oversee coastal construction projects
- Ensure state and federal permit required physical, biological, and sea turtle nesting monitoring obligations are met
- Prepare Town Council-appointed Shore Protection Board members to make informed decisions during regular public meetings and report their recommendations back to Town Council
- Perform contract administration with U.S. Army Corps of Engineers, consultants, and contractors
- Administer state grant agreements for project-related cost-sharing

MARINA ENTERPRISE FUND ORGANIZATION CHART

Marina Enterprise Fund
Town of Palm Beach

FUND 401: MARINA ENTERPRISE FUND

The only public facility of its kind in the area, a classic dating from the 1940s, The Town of Palm Beach Marina reopened after an extensive \$36 million renovation in Fall 2021. It is designed to fit in with the desirable, historic Palm Beach community, with coveted berths ranging in size from 60'-294' for residents and visitors alike. The Marina's location near both the island's fashionable Worth Avenue shopping district and the commercial downtown of West Palm Beach, makes it a perfect boater's destination.

The 84- slips will be leased annually, monthly or daily. The marina property will offer a variety of amenities - three dock buildings, electrical service panels for all vessels, freshwater, Wi-Fi, Captain's lounge and showers, sewage pump-out systems, and 7 day a week security with surveillance cameras.

The Dockmaster is responsible for daily operations, supervision of employees (Town and contractual), slip assignments, safety, and revenue collection in accordance with established policies, with assistance from the Assistant Dockmaster, Administrative Assistant and Dock Attendants and Dock Hands. A Marina Maintenance worker provides routine maintenance services and in-house repairs.

EXPENSES

SALARIES AND WAGES

The salary budget is derived from the payroll data for the Full Time Equivalent Employees (FTE) listed in the table below. The FY2023 budget includes a COLA increase and pay for performance increases.

EMPLOYEE BENEFITS

The employee benefit costs include FICA, health insurance, retirement costs, any paid incentives and allowances, and the performance bonus. The health insurance and retirement costs are based on an allocation of the total Town costs by FTE per program.

CONTRACTUAL

Increase due to the renovation and closing of the Town Marina beginning in May 2020; costs include electrical costs, 7 day-a-week security, the payment to the state for the Sovereign Submerged Lands Lease (based on the previous year's revenue), contractual labor (Dock Attendants/Hands), water, and the ongoing international marketing and re-branding campaign.

COMMODITIES

Increase due to the renovation and closing of the Town Marina beginning in May 2020: costs include re-stocking office supplies, equipment supplies (non-warranty pumping station parts, compactor maintenance/repair/parts), dock cart replacements and parts, janitorial and cleaning supplies, staff uniforms.

Golf Course Revenues

Revenue

FY23 Proposed: \$3,407,000
 FY22 Approved: \$2,730,800
 This represents an increase of 25%, \$676,200

Cost Recovery Projection for FY23: 131%

Proposed golf green fees have been increased between \$4 (regular rate) and \$5 (regular weekend and holidays) across the board. These fees were reviewed with Club Caddie, the provider of POS and electronic tee time sheets. Riding cart rentals went up \$1 across the board, as did all practice range buckets, and resident annual pass rates between \$250 and \$750. Dynamic pricing will be used to maximize revenue and increase play during underutilized times.

A few of the factors taken into fee consideration:

- We are continuing to aim to hit the “sweet spot”: maximum rounds / maximum price
- High volume of traffic is supportive of the peripheral revenue sources, adding to sales of range balls, merchandise, golf carts, restaurant traffic, etc.

Par 3 Enterprise Fund
Town of Palm Beach

FUND 402: PAR 3 ENTERPRISE FUND

The Par 3 Golf Course is a scenic and challenging facility, featuring holes which range up to 211 yards. The clubhouse, which opened in January 2014, offers a full-service pro shop and food and beverage services. There is a staff of qualified PGA instructors who conduct adult and junior clinics and private lessons. The Par 3 hosts outings, tournaments and league play. The maintenance building is located on the west side of South Ocean Boulevard.

The Golf Course Manager is responsible for daily supervision of the golf course, in conjunction with the Golf Course Superintendent. Both positions oversee a variety of full, part-time and contractual labor service employees. The Golf Manager also administers the golf instruction services contract.

Re: FY 2023 Budget Highlights for Planning, Zoning & Building – **Enterprise Fund**

Date: June 7, 2022

Total Planning, Zoning & Building Budget - Expenses

FY 2023 Estimated Request: \$4,957,312

FY 2022 Anticipated Budget: \$4,099,366

FY 2022 Adopted Budget: \$4,771,421

The overall Planning, Zoning & Building Department proposed FY 2023 budget is estimated to increase by 3.9%, or \$185,891, over the FY 2022 Adopted Budget. This includes the two Enterprise Fund programs and the two General Fund programs. The FY 2023 budget includes: a new Admin. Assistant for Building, 4 full-time Construction Site Monitors, \$100,000 for the study of potential landmarked buildings, town attorney attendance at all Arcom, PZC and Landmark meetings, \$25,000 for a CRS consultant for the end-of-year ISO audit, and \$35,000 for the continued scanning of historic plans. Details of the various division budgets and budget categories are shown below. Due to the uncertain dollar amount for code reform, all monies needed for the project in FY23 will be requested from contingency once the amount is known.

Total PZB Enterprise Fund Budget - Expenses

FY 2023 Estimated Request: \$3,838,283

FY 2022 Anticipated Budget: \$3,014,978

FY 2022 Adopted Budget: \$3,773,577

The Planning, Zoning & Building Enterprise Fund covers the activities of the Building Division and includes the administration and enforcement of the Florida building Code. All revenues for Programs 212 and 213, which comprise this Enterprise Fund, are generated by building permit fees. These activities, and their associated expenses, occur with no cost to the Town taxpayers.

Program 212 – Permit Issuance Expenses

FY 2023 Estimated Request: \$1,599,713

FY 2022 Anticipated Budget: \$1,479,630

FY 2022 Adopted Budget: \$1,769,504

The proposed FY 2023 budget for Permit Issuance reflects an estimated 9.6% decrease, or - \$169,791, which is due primarily to a small decrease in salaries and benefits; an increase in contracted services (GIS and the upcoming CRS audit); and a large decrease in capital projects (new PZB software paid in 2022). The program, along with Program 213, now includes full-time Construction Site Monitors (4) and a new Admin. Assistant. This program, along with Program 213 – Inspection / Compliance, is an Enterprise Fund.

Program 213 – Inspection / Compliance Expenses

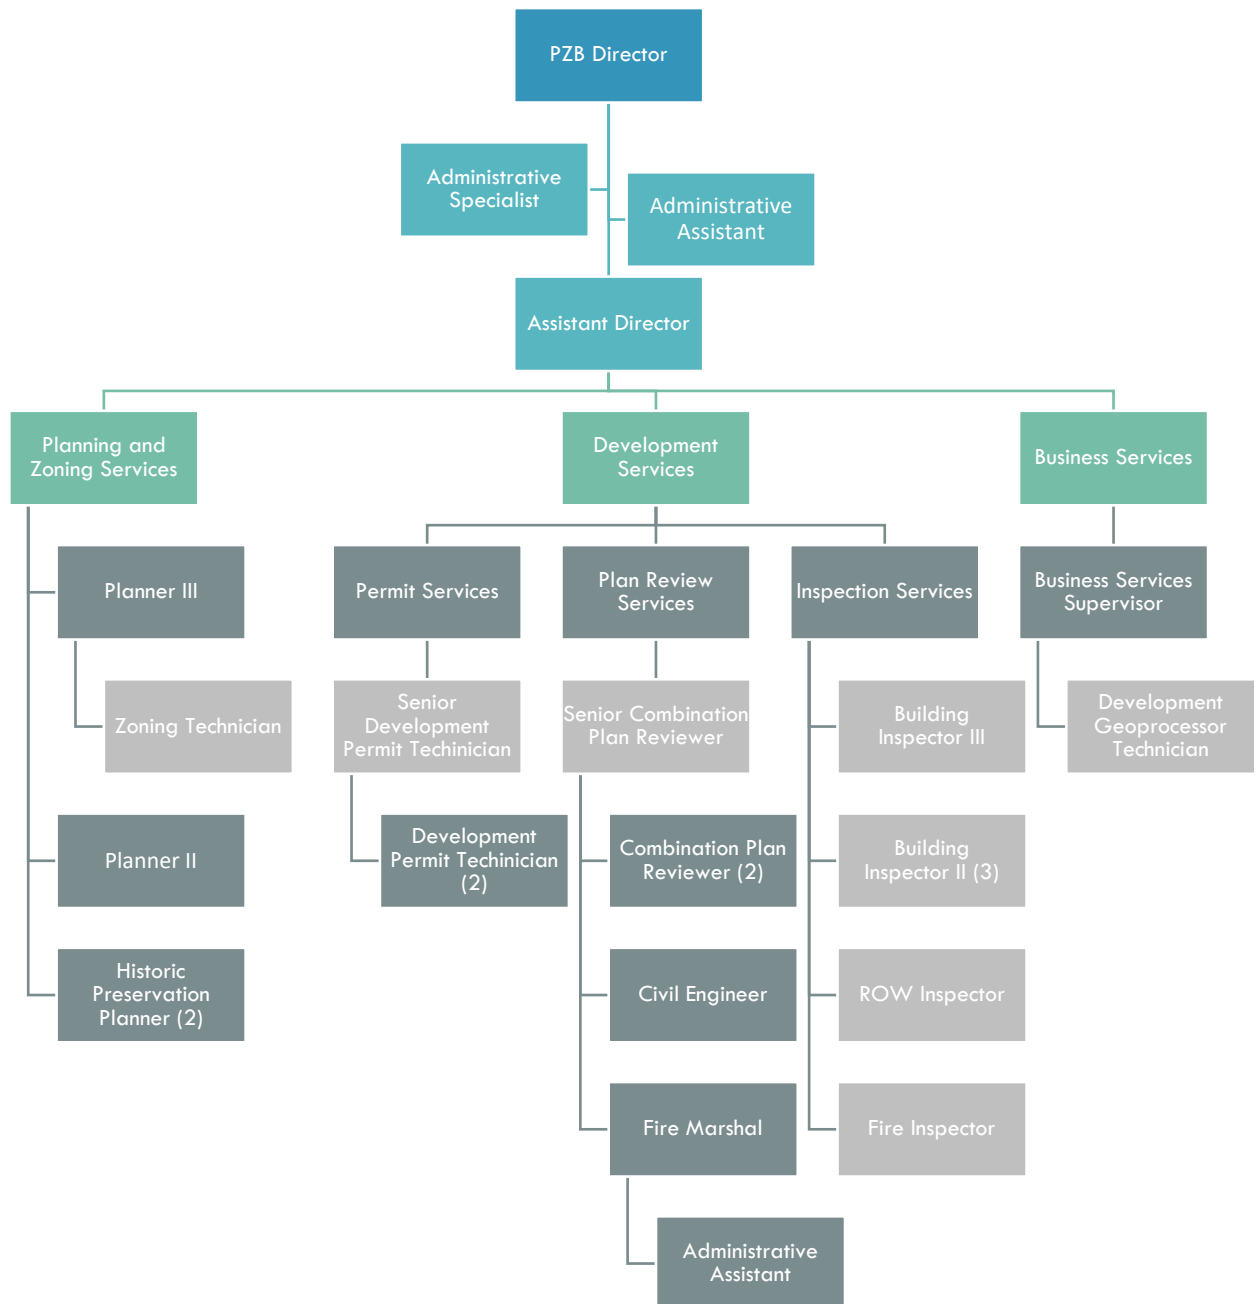

FY 2023 Estimated Request: \$2,238,570

FY 2022 Anticipated Budget: \$1,535,348

FY 2022 Adopted Budget: \$2,004,073

The proposed FY 2023 budget for Inspection / Compliance reflects an estimated 11.7% increase, or \$234,497, which is due primarily to an increase in salaries, benefits and commodities; and a small reduction in contracted services (legal expenses). The program, along with Program 212, now includes full-time Construction Site Monitors (4) and a new Admin. Assistant. This program, along with Program 212 – Permit Issuance, is an Enterprise Fund.

PROGRAM: PERMIT ISSUANCE 212

MISSION

This division exists to provide for the life, safety and welfare of Palm Beach citizens and visitors through the enforcement of building codes and accurate and accessible historical records of all Departmental files. Moreover, this division promotes and maintains high architectural standards of physical structures in Palm Beach.

MAIN ACTIVITIES

The most important things we do to fulfill the mission are:

- Review building permit applications and plans for adherence to Town codes and policies and issue building permits;
- Communicate Town requirements with contractors, designers, property owners and other Town departments;
- Ensure that contractors working in the Town have a valid contractor license;
- Coordinate and support the Architectural Commission;
- Keep citizens informed and educated;
- Process applications for architectural approval of proposed construction projects as directed by codes and policy;
- Record departmental revenues accurately; and
- Organize, digitize and retrieve departmental records for public use.

Town of Palm Beach

PROGRAM: INSPECTION & COMPLIANCE 213

MISSION:

This division exists to provide protective services to the residents and businesses of the Town through professional and responsible enforcement of building codes and Town policies related to unimproved land, development, construction activities, and issuance of business tax receipts.

MAIN ACTIVITIES:

The most important things we do to fulfill the mission are:

- Inspect construction sites to ensure compliance with appropriate State and Town codes and land development regulations;
- Issue permits for right of way parking and storm water improvements; and
- Review commercial operations for conformance to the zoning code.

SALARIES AND WAGES

The salary budget is derived from the payroll data for the Full Time Equivalent Employees (FTE) listed in the table below. The FY2023 budget includes a COLA increase and pay for performance increases.

EMPLOYEE BENEFITS

The employee benefit costs include FICA, health insurance, retirement costs, any paid incentives and allowances, and the performance bonus. The health insurance and retirement costs are based on an allocation of the total Town costs by FTE per program. The large increase is due primarily to the additional of 4 full-time construction monitor positions.

CONTRACTUAL

Contract costs related to construction permits, including permit inspections, travel and education and storage and scanning. The decrease is primarily due to the decrease of \$82,500 in legal advice for the program.

COMMODITIES

Office supplies and any necessary hardware or software enhancements.

FUND 501: SELF INSURANCE FUND (RISK MANAGEMENT)

MISSION

This division exists to provide a safe and healthy work environment for all employees, and to minimize the adverse effects of unexpected losses. Ensuring that a Comprehensive Risk Management Program is in place that best protects the interests of the Town and its employees.

MAIN ACTIVITIES

The most important things we do to fulfill the mission are:

- Identify exposures and address resolutions
- Determine proper method for insurance coverage by analyzing options
- Manage claims in a manner that serves both the interests of the claimant, as well as the Town
- Apply a variety of approaches to control loss and improve personal safety through the following:
 - Safety training, committees, bulletins, manual and handbook
 - Periodic safety inspections of Town facilities and property
 - Conducting motor vehicle report checks
 - Create various manuals and procedures as needed

EXPENSES

SALARIES AND WAGES

The salary budget is derived from the payroll data for the Full Time Equivalent Employees (FTE) listed in the table below. The decrease in salary is from removing the .40 positions in HR and only adding .15 positions in Finance. The FY2023 budget includes a COLA increase and pay for performance increases.

EMPLOYEE BENEFITS

The employee benefit costs include FICA, health insurance, retirement costs, any paid incentives and allowances, and the performance bonus. The health insurance and retirement costs are based on an allocation of the total Town costs by FTE per program. The decrease is from removing the .40 positions in HR and only adding .15 positions in Finance.

CONTRACTUAL

The increase is based upon the actual costs for outsourcing the review of certificates of insurance that was implemented as a result of reorganization and reduction in staff allocated to Risk Management. In addition to the unfunded mandate for PTSD training for public safety and the anticipated increase in premium for the Cyber liability coverage.

COMMODITIES

Slight increase in supplies for a dedicated printer/copier/fax/scanner for Risk Management.

CONTINGENCY

Contingency policies for Risk were adopted October 1, 2001 via Resolution #55-01 to ensure financial stabilization.

FUND 502: SELF INSURANCE (HEALTH BENEFIT)

This program provides for the management of the employee health insurance program. Responsibilities include: planning, organizing, implementing, and directing the self-insurance fund of the Town's Health Insurance Program.

The Town of Palm beach is proposing to re-establish a Town Clinic, located at Public Works, on Old Okeechobee Road in West Palm Beach. The former clinic, originally opened in 1973 and staffed by a Town employee nurse, administrative assistant and PT physician, was closed in 2016 when it was decided that similar services could be provided by outside contractors at a lower cost.

In the years following, the complexity and costs of managing multiple contractors and employee absenteeism resulted in a re-examination of the business model. The new model proposed differs from the former Town Clinic in that it will be fully outsourced (including the registered nurse practitioner, administrative support and physician oversight) to a single full-service provider. Concentra, is the #1 national provider that specializes in occupational health management and effective and efficient coordination and oversight of workers compensation claims. With a focus on total employee health and return on investment to municipalities, the clinic will provide a level of service that will greatly increase overall employee health, reduce employee absenteeism, and the need for at least five departments to manage and administer multiple providers. This model also has the potential to reduce the costs of overall health insurance premiums through preventative health, early detection, group pharma purchases, and decreased claims for all Town employees. The clinic budget in the first year is estimated at \$347K of which \$40K are startup costs. The budget allocated for the most current model in 2022 was 108K with considerable unbudgeted and invisible additional costs which are outlined in the Annexes following the revenue and expense summary and FTE summary.

RE: Final Proposal for On-Site Occupational Health Clinic (Town Clinic 2.0)

DATE: June 29, 2022

Background

On March 17, 2022, the People & Culture Department received approval from the Town Manager's Office to proceed with an RFI (Request for Information) process to solicit submissions from several potential suppliers for the establishment of an on-site occupational health clinic. Immediately following, together with the Procurement & Contract Management Division, an RFI process was undertaken.

On April 22, 2022, in tandem with the 2023 budgeting schedule, a preliminary proposal (see Annex A attached) was put forth to the Town Manager's office for the clinic and, once approved, a placeholder of \$500,000 was entered into the preliminary draft of the People & Culture health budget. By early May, following a pre-bid meeting with four potential suppliers, a single submission was received from the leading candidate, Concentra.

Established in 1979 and as the largest company in the country specializing in occupational health, their initial submission was well received and was, pleasingly, considerably lower than the amount provisioned for the 2023 budget (\$500K) based on market recommendations. Two subsequent meetings were held with Concentra representatives and other Town user Department Heads to iron out further details, ensure there were no gaps in the services required by the Town and to establish an optimal model for final submission.

In all exchanges, the supplier presented themselves as extremely well equipped and professionally sound with an advantageous focus on total employee health and return on investment to the Town. References were checked with other contracting municipalities and all came back as highly positive. Concentra's final proposal and costing were received on June 10, 2022, with a proposal for \$346,432 in the first year of operation, with approximately \$40,000 representing first year startup costs. (See Annex B).

While the initial six to nine months will focus on occupational health services, there is clear capacity of the provider to assume an increased patient load which could soon include family members and provisions for group health and prescription services, all of which have the potential of reducing the Town's contribution to healthcare premiums. It would also be an excellent recruitment and retention benefit to the Town as many other municipalities offer and house their own Clinics.

It is difficult to do a cost comparison between the model in use by the Town now and the new outsourced clinic model because of the large number of invisible costs and risks embedded in the current practice:

- Lost/paid work time due to waiting for and attending off-site appointments
- Lost/paid work time due to lack of preventive care and immediate follow up options
- Insurance claims due to personal physician visits and prescriptions costs
- Insurance claims due to delayed visits to personal physicians and exacerbation of illness (also partially attributed to COVID)
- Investment of staff time in multiple departments required to secure, coordinate, administer multiple suppliers throughout the region and country.
- Overtime costs for public safety to attend annual physicals outside of normal shifts
- Lack of HIPAA compliance with multiple departments exchanging confidential employee health information via email

Comparing the 2022/23 Town Clinic Model against the 2016 Model would be equally difficult due to the number of value-add features provided by Concentra that were not in place in previous years.

Notwithstanding the difficulty of illustrating hidden and former costs, the following table attempts to provide a summary of the different services, models and costs associated with the current and potential model.

- Not including hidden costs of current model.

Recommendation

After a thorough review of the Concentra proposals, discussions with other municipalities using their services, and preliminary determinations of the positive impact it could have on the Town's overall health costs, People & Culture wholeheartedly recommends moving forward with the Town Clinic 2.0 model. If approved, a separate financial account code will be established for the TC and all costs monitored and reported upon, juxtaposed against future insurance claims and premium costs.

RE: Preliminary Proposal for On-Site Occupational Health Clinic

DATE: April 22, 2022

Background

The Town's Clinic was first established in 1973 and was located at the Town's facility on Old Dixie Highway. Later, the Town Clinic moved to the Public Works building. The Clinic was staffed by a Town contracted full-time Registered Occupational Health Nurse and part-time administrative assistant with a part-time contract physician making visits twice per week. The clinic handled a full range of occupational health and workers' compensation needs, including, but not limited to:

- Pre-employment physical and drug screens
- Annual physicals for Police & Fire
- Voluntary physicals for employees 50 years of age or older
- DOT physicals
- Random Quarterly DOT drug screens
- Random Monthly Police & Fire drug screens
- Vaccines – Hepatitis, Tetanus, Flu
- Return to work
- FMLA
- Training for Occupational Exposure, Drug & Alcohol reasonable suspicion
- Managed contracts with 3rd party vendors, including, but not limited to LabCorp, MRO, diagnostic testing

These services provided the Town and its employees a value-added service and benefits.

In 2014, the longstanding Registered Occupational Health Nurse retired, and was replaced a year later by another Registered Occupational Health nurse who separated from the Town in 2017. The administrative assistant separated with the Town in 2016 and was not replaced. Throughout the years, the roles and responsibilities have been redistributed between the Assistant HR Director, the Risk Manager, the HR Coordinator, the Police and Fire Rescue Departments and several outsourced medical service providers.

Experience & Lessons Learned

Since the time the Town Clinic closed its doors, the Town has experienced a significant number of challenges which included:

- Difficulty coordinating and executing the vast range of services required between so many Town employees and external service providers
- HIPAA risks associated with pre-employment screenings for police & fire candidates being forwarded throughout the Town via unencrypted emails.
- Outsourced service providers no longer providing required testing. Difficulty in arranging appointments with outsourced service providers.
- Lack of knowledge of outsourced service providers in occupational health needs specific to the Town.
- Disadvantage of external services being geographically located in multiple locations (some of which are inconvenient for staff to reach)
- Reduction in workforce availability due to inaccessibility of external services (e.g., minor injury/ailments or workers compensation cases)
- Lack of on-site services during the COVID 19 pandemic which placed extra strain on Fire Rescue, Police, Human Resources, and Risk Management staff to track COVID cases, assist with scheduling testing, obtaining vaccines, approving COVID related payroll, return to work per CDC guidelines, and updating procedures
- Overtime expense for Police & Fire employees to obtain annual physicals off-site

Many of these challenges were identified in the period following the close of the Clinic and the HR Senior Staff at the time explored the possibility of partnering with clinics of other municipalities (e.g., City of West Palm and Palm Beach County). These inquiries, however, were unsuccessful due to unwillingness of the other parties. HR staff also conducted some preliminary inquiries about outsourcing the entire clinic but did not pursue them as it was not considered cost effective (it is believed that invisible cost factors and risks were not included in the assessment). In the period following, those invisible cost factors and risks have become increasingly concerning which has led to the current proposal.

Proposal for Clinic 2.0

Over the past several months, People & Culture has begun to examine the possibility of re-establishing a clinic using a single external provider. Discussions with the Gehring Group, the Town's Group Health broker, have revealed a trend for several municipalities to contract with a single sourced provider that can provide the majority of occupational health services required onsite.

Phase I - RFI "Request for Information" (see attached) was advertised through the Purchasing Department to a shortlist of well-known and pre-vetted service providers.

Phase II – long-term goals of the Town's clinic would expand to include group health related services to covered employees and their dependents.

Advantages & Disadvantages

The advantages of establishing a Clinic 2.0 are numerous and include the following:

- Centralization of most, if not all, clinic services into a single, convenient location at Public Works accessible to all employees and, eventually, their families
- Improved and time-saving annual open enrollment process

- Full compliance with HIPAA health information requirements
- Access to a clinic manager associated with the clinic who would be responsible for managing all clinic personnel and service requirements
- Reduced absenteeism and decreased down-time of employees who currently miss work due to off-site doctor and clinic visits
- Increased health of employees due to more accessible preventive and curative health facilities
- Improved Town Wellness program and positive impact on staff
- Decrease in health premium costs to Town
- Decrease in prescription costs to Town through bulk purchasing and distribution
- Pre-positioned health services in the event of a subsequent pandemic
- Centralization of and improved management of costs which are now distributed between multiple departments.

The initial disadvantages of a centralized clinic include temporary increased costs which would be reduced over time. Another disadvantage would be dependence upon a single supplier which would be mitigated through vigorous screening and performance monitoring.

Financial

The People & Culture Department has placed a nominal projection of **\$500,000** in its budget which would be shared between the Health and OPEB budgets. It has removed costs budgeted in FY 2022 for HR General 123 outsourced services but has yet to coordinate with either Police or Fire Rescue to estimate the potential budget savings in their respective departments. A final projection will be provided upon conclusion of the RFI and review of proposals (current deadline date for submission is May 5, 2022). Also at that time, the Department will provide a more comprehensive cost-benefit analysis which will include all costs, real and hidden.

RE: RFI Onsite Clinic

Dear Duke Basha:

We are delighted to have the opportunity to present The Town of Palm Beach (hereinafter referred to as "Town of Palm Beach"), with our pricing proposal for onsite services. Since 1993, Concentra® has implemented, operated, and managed onsite programs for employers of all sizes. It would be our privilege to build on our relationship with Town of Palm Beach by introducing the proposed services at your location.

Concentra understands the importance of forging strong, productive relationships. We believe that by providing great service and applying our holistic approach to care, we deliver meaningful health outcomes that add real value in both the short and long terms. We draw from a pool of experienced professionals to serve our clients' needs. We assign an initial point of contact during the procurement and contracting phases and designate operational resources to provide ongoing account management and program support. These individuals monitor contract deliverables and program expectations to help ensure we achieve successful outcomes that effectively meet the program objectives. In addition, the account management team helps to ensure the services rendered under the contract remain compliant with all applicable local, state, and federal regulations.

For this opportunity, I am Town of Palm Beach's initial point of contact. Should you have questions concerning this document, please feel free to contact me via phone or by email.

Concentra values Town of Palm Beach's consideration of our cost proposal. We look forward to the opportunity to serve as a strategic partner to Town of Palm Beach and your participant population.

Respectfully submitted,

Kate Tanis
Director of Onsite Sale

Pricing Overview

The following pricing was created based on current conversations between Concentra and Town of Palm Beach. The outlined pricing is valid for 90 days post the date of submission to Town of Palm Beach. If there are staffing/scope modifications, we would update the pricing accordingly and resubmit.

Concentra's onsite clinic pricing structure is designed to drive maximum financial efficiency for Town of Palm Beach. This method of reimbursement focuses on total employee health and return on investment. Our goal is to provide an onsite clinic program that leads to long-term success and a mutually beneficial relationship. We are motivated to improve the overall health and quality of life for Town of Palm Beach employees rather than to increase clinic volume to drive billable services.

Concentra's model is an **annual fee for program staffing and management**. Concentra would bill labor and fixed fees to Town of Palm Beach as a flat monthly fee at 1/12 of the annual rate. All other costs would be passed through as incurred. Our standard payment terms are net 30 days. Concentra's pricing would increase three percent (3%) upon each 12-month anniversary of a signed Agreement. Pricing for each component of the proposed model is in the following table. **Descriptions and details of each cost and fee follow the table.**

Estimated Start-up Costs (One-time Fees)

Furniture, Fixtures, and Equipment (FF&E)

Concentra reserves the right to perform a walkthrough of the clinic location and would purchase and pass through only the cost of the equipment and supplies necessary to outfit the clinic space in accordance with Concentra standards. Concentra would leverage our vendor relationships to acquire the lowest commercially available prices for these items. The actual supply and equipment costs are dependent upon the facility's size and configuration.

Network Connectivity

The clinic would need to have access to a dedicated Internet line meeting Concentra's speed, capacity, and security standards. The estimated fees cover the use of an Aruba RAP device with which to connect to an existing network connection from a local network provider. Installation of a brand new network may be needed, so Concentra welcomes the opportunity to discuss the unique options available for Internet per location. All costs incurred by Concentra in the installation of the agreed upon solution would be passed through, as incurred.

Data Feed Configuration

If Town of Palm Beach desires to upload eligible participant demographics and/or electronic claims data information for onsite clinic encounters to an insurance carrier and/or third-party administrator (TPA), then Concentra would construct a customized database configuration for this capability. If the capability is not desired, this fee would not be charged.

No data feeds have been included in the estimate. If Town of Palm Beach requires one or more data feeds, additional fees would apply.

- If the desired data feed matches our standard layout, each additional feed would cost \$2,500.
- If customized feeds are needed (for insurance carriers, etc.), then these feeds would be created and would be billed on a time and materials basis at a rate of \$75 per hour of developer time.

Technology/Software Installation

This fee would apply for the physical implementation and installation of the technology/electronic medical record (EMR) solution designed for Town of Palm Beach.

Implementation Fee

We would manage all facets of clinic implementation including:

Execution of implementation plan

Opening of onsite clinic

Development of workflow and clinical operating procedures for program stakeholders

Internal/external implementation planning calls

Joint team meetings to review scope and services

Initial walk-through of onsite clinic location

Set up of billing procedures (location set-up in system, TIN)

Recruitment of personnel and interview of candidates by Town of Palm Beach's management, if desired; please note that all employment decisions would be made by Concentra

Credentialing of clinicians and human resource (HR) orientation (onboarding of clinic staff)

Supply/equipment review and orientation

Concentra-specific training for onsite clinic policies/procedures

Marketing program design (marketing materials to be passed through at cost)

Implementation Team Travel

Travel costs for implementation team to set up and prepare clinic for service would be passed through as incurred.

Estimated Labor Fees (Staffing)

Concentra provides and supports all aspects of clinic and personnel management to include salaries, benefits, licensing, and medical malpractice/liability insurance. Backfill coverage to help ensure clinic operations remain uninterrupted during staff member vacation or sick leave is optional at Town of Palm Beach's request and billed as incurred. The staff would be hired up to 30 days prior to the opening date of the clinic to provide adequate training. Any hours worked prior to clinic opening would be billed, as incurred, at the hourly rate listed in the table above. After the clinic opens, labor fees would be charged monthly and include components described in the following sections.

Base Salary

Establishing base salary for a clinical position at the onsite clinic is based on existing staff salaries and market intelligence, along with:

Clinical specialty

Experience of clinician

Additional certifications, such as advanced cardiac life support (ACLS), certified case manager (CCM), and others

Work schedule – i.e. shift work, weekend coverage

Local salary variances – based on geographic location

Concentra's recruiting team members research these factors through standardized due diligence utilizing electronic database queries and professional interviews. Additionally, local clinical team members provide knowledge and direction of market trends and expectations.

Benefits

A thorough array of personal benefits is provided for all full-time employees who work 32 hours or more per week, as well as their spouses. Concentra benefits include:

Body & Mind

- Medical
 - ✓ PPO, CDHP
 - ✓ Short-/long-term disability
 - ✓ Life insurance, AD&D
- Pharmacy benefits
- Dental, vision
- Employee Assistance Program (EAP)
- Paid Time Off (Vacation, Sick Time, Bereavement, Holidays, etc.)

Financial

- 401(k) Plan
- Health Savings Account (HSA)
- Flexible Spending Accounts (FSA)
- Referral Bonus Programs
- Employee Discount Programs

Professional Advancement

- Tuition Reimbursement
- Continuing Medical Education (for licensed clinical staff)
- Clinical certifications, such as National Institute for Occupational Safety and Health (NIOSH), and others, as needed

Optional Backfill Coverage

All full-time Concentra team members receive annual time off for vacation and sick leave based upon company policy. Professional team members also receive time off for continuing education and training. We have not incorporated coverage expense into the labor costs to backfill staff during these times. In the event that backfill is temporarily requested by Town of Palm Beach and Concentra is able to provide coverage, then those backfill hours would be billed by the hour, as incurred, at the applicable hourly rate in the table, in addition to the monthly fixed fee for the staff member being backfilled. Please note that if a staffing agency is used to provide coverage, the difference in rates would be a pass-through to Town of

Palm Beach, as agency pricing is traditionally higher than the base wage rate. Concentra would avoid agency staffing where possible.

Volume Adjustments

Concentra would closely monitor the utilization of the clinic. Any requested adjustments to the onsite clinic hours of operation and/or staffing would be modified upon agreement between the parties and documented by an executed amendment to the agreement.

If additional hours are deemed temporarily necessary for existing team members that are not overtime hours, they would be billed at the applicable hourly rate in the pricing table. If overtime hours are deemed temporarily necessary, overtime hours would be billed at 1.5 times the applicable hourly rate in the pricing table.

If Town of Palm Beach requests that Concentra staff work on one of the six standard Concentra holidays (New Year's Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, and Christmas Day), then holiday hours worked would be billed at two times the applicable hourly rate in the pricing table.

If clinic staff absences are not covered by backfill staffing, or if the clinic location is deemed unavailable to work (due to temporary site shutdowns, Town of Palm Beach recognized holidays, etc.), the monthly fixed fees would continue to apply.

If one-time events, such as annual biometric, infectious disease testing, or vaccine events, are scheduled, **and require additional staff**, additional labor fees would apply. Any consumables used in relation to such an event would be passed through at cost, as incurred.

Physician Oversight

For the Registered Nurse model, the monthly retainer for physician oversight shall include up to two (2) hours of the assigned physician's time per month.

For the Advanced Practice Clinician model, the monthly retainer for physician oversight shall include up to eight (8) hours of the assigned physician's time per month.

Any additional physician hours worked beyond this amount shall be billed on an hourly basis, as incurred.

Management Fee

The hourly rates for each staff member in the table above include costs for managing the onsite program, including:

General and administrative costs (including functions such as billing, HR, finance, accounting, legal, risk)
Designated medical and operational leadership and support
Profit

Estimated Ongoing Fixed Fees

Hardware Use Fee

This amount is estimated based on our current understanding of the hardware equipment necessary, such as computers, printers, scanners, iPad, etc. Upon award, Concentra would perform a walkthrough of the clinic to determine actual equipment to be configured. The annual hardware use fee is based on actual equipment required.

The estimate includes hardware to operate the EMR platform – including all maintenance, upgrades, and replacements during the initial life of the contract.

Software Fee

The annual software fee includes licensing, database maintenance, help desk support, and fees for data transfer. This fee covers the annual electronic medical record license fees per user, charged to Concentra

by the vendor for the technology/electronic medical record (EMR) solution designed for Town of Palm Beach.

Software fees are subject to change as scope of service and/or staffing model changes.

Estimated Pass-Through Costs

Internet Network Connectivity

The cost for Concentra to manage ongoing internet connectivity, and related vendor costs, would be passed through at cost, as incurred.

Medical Supplies

As necessary, Concentra could purchase supplies necessary to support the operation of the onsite clinic through our vendor relationships, including, but not limited to, medications, vaccinations, and clinical supplies. Supplies would be passed through at cost, as incurred.

Laboratory

As necessary, Concentra could purchase laboratory supplies or services through our vendor relationships, including but not limited to, in-clinic rapid testing and associated CLIA waiver and also shipping specimens to outside reference laboratories. Laboratory related costs would be passed through at cost, as incurred.

Phone/Office Supplies/Admin/Travel/Other

Cell Phones – If it is necessary for onsite clinic team members to carry a cell phone, the costs of that device and related data plan would be passed through at cost, as incurred.

Uniforms – Concentra would manage all uniform purchases for dedicated clinic staff. These costs would be passed through at cost, as incurred.

Postage/Office Supplies – If necessary, Concentra could purchase postage, office, and break room supplies that would be passed through at cost, as incurred.

Facility/Equipment/Hazardous Waste – If necessary, Concentra could manage on-going facility fees such as clinic equipment maintenance (including calibrations), biohazard disposal fees, laundry, parking fees, and janitorial services. Fees would be passed through at cost, as incurred.

Travel – Expected travel includes periodic onsite clinic visits for supervising physician and management team members, travel for continuing medical education (CME) and other training for onsite clinic team members (as needed), and any additional travel requested by Town of Palm Beach. All travel costs would be passed through at cost, as incurred, according to current annual Internal Revenue Service (IRS) guidelines.

Third Party Services – Required third-party relationships, such as medical review officer (MRO), X-ray over reads, translation services, etc., as necessary for ongoing clinic operations and optimal patient care, would be passed through at cost, as incurred.

Ultrasound and X-Ray Costs

All ultrasound and X-Ray services would be provided by a mobile third-party provider. These costs are currently priced at \$220 per ultrasound and \$83 per X-Ray. These prices are subject to change and would be passed through to the Town of Palm Beach as incurred without markup or management fee.

Concentra appreciates the opportunity to present our services and capabilities for onsite occupational health care services for Town of Palm Beach and we look forward to additional discussions on implementing your onsite program.

FUND 320: EQUIPMENT REPLACEMENT FUND

This fund was established to provide a means to replace capital and computer equipment, excluding enterprise fund equipment, when the end of its useful life has been reached.

Equipment is replaced when it is determined that due to its age, condition, operation and maintenance costs, obsolescence, and depreciation, it is no longer economical to maintain. Depreciation is funded annually with a transfer from the various departments to the Equipment Replacement Fund based on the economic life and replacement cost of the equipment utilized by each department. The calculation for funding was modified in FY2006 to use replacement cost rather than original cost to insure sufficient funds are available when the asset is replaced.

Depreciation for fixed assets is calculated using the straight line method which takes replacement cost less anticipated salvage value divided by the expected useful life of the asset.

The established asset value threshold for inclusion in the Equipment Replacement Fund is: \$5,000 for fixed assets, and \$3,000 for computer assets.

Retirement Fund
Town of Palm Beach

FUND 600: RETIREMENT FUND

The Town provides pension benefits for General Employees, Police Officers and Firefighters. Approximately 275 active employees and 443 retirees are covered by the three Plans.

The Town of Palm Beach Retirement System Board of Trustees is responsible for the administration of all of the Town's pension assets and retirement programs. An outside pension consultant serves the board as retirement system administrator. Details of the pension benefits are outlined later in this section.

The Town's Retirement Plan Administration consists of Town Staff in Finance and Human Resources and an external provider, GRS Consulting. In FY20, a Defined Contribution Committee was formed. This committee is involved in the oversight of the fiduciary obligation for management of the DC retirement plans and is managed by Human Resources.

The contribution requirements of the Plan members are established and may be amended by the Town Council. Plan members are required to contribute a percentage of their pensionable earnings.

Benefit Group	Defined Benefit Plan Employee Contribution	401(a) Defined Contribution Plan			
		Mandatory Contribution		Voluntary Contribution (post tax)	
		Employee	Employer	Employee	Employer
General Employees	3.5%	3%	3%	Voluntary up to the maximum allowable under IRS regulations	Up to 2.0%
Lifeguard Employees	3.5%	3%	3%		Up to 2.0%
Firefighter Union	8.5%				
Firefighter Non-Union	8.5%				
Police Officer	8.5%				

The FY23 actuarially determined contribution to the defined benefit plan totals \$11,457,243. Due to concerns about the rising unfunded liability in the pension fund, a funding policy was adopted that would require annual appropriations of the annual required contribution plus \$5,420,000 to be capped at \$16 million, indexed for inflation. The Retirement Board approved a reduction in the UAAL amortization period from 25 years to a hybrid amortization of 15 years for experience gains/losses and plan changes and 20 years for assumption/method changes.

The Town began contributing the entire contribution in October of each fiscal year beginning in FY17. This early contribution allows for a reduction for interest savings due to the earlier than expected payment timing.

Retirement Fund Town of Palm Beach

The funded ratio history for the each of the pension plans is shown in the chart below.

As of Fiscal Year End	FY2017	FY2018	FY2019	FY2020	FY2021
General Employees	72.20%	72.90%	73.60%	75.70%	79.40%
Lifeguards	63.10%	63.80%	66.00%	69.50%	75.10%

UNFUNDED ACTUARIAL ACCRUED LIABILITY (UAAL)

The UAAL as of September 30, 2021, for all pension groups is \$85,333,977. The table below summarizes the causes for the increase since 2009.

Experience (Gain)/Loss include demographic experience due to salary increases, retirements, terminations, mortality experience and other census changes that differ from the actuarial assumptions. In addition, it also includes the gains/losses from investments.

Assumption changes include reductions in the investment assumption, changes in several demographic assumptions after an experience study and changes in the mortality tables. Benefit changes include the reduction in benefits in 2012 offset by benefit improvements made since 2012.

UAAL AND EMPLOYER CONTRIBUTION FORECAST

A ten-year forecast of the Unfunded Actuarial Accrued Liability (UAAL) and Employer Contribution has been prepared by the actuary. The current assumptions include the reduction in investment return by .2% per year from 6.6% used in the September 30, 2021 Actuarial Valuation Report to 6.0% as of September 30, 2024.

This forecast was stress tested using an estimated actual return on the market value of assets of 5% per year and 3% per year. The results are shown on the following charts for UAAL and Employer Contribution.

Since last year, there has been improvement in the UAAL forecast. This is due to the Town's commitment to contribute an additional \$5,420,000 per year to the system, which has been included in the forecast and the reduction in the amortization period from 25 years to a hybrid of 20 years for assumption changes and 15 years for experience gains/losses and plan changes.

If not employed or participating in DROP on August 12, 2017, retirement eligibility age of 65 with 10 or more years of service.

Pension Amount

Plan A

- a) *General:* Average final compensation (AFC) times the sum of a) 2.75% for service earned after September 30, 1990, to a maximum of 82.5%, plus 2.35% for service earned on or before September 30, 1990 for the first 30 years of service, plus, b) 1.0% for service in excess of 30 years.

Retirement Fund Town of Palm Beach

- b) *Ocean Rescue*: AFC times the sum of a) 2.85% for the first 25 years of service with a maximum of 71.25%, plus, b) 1.0% for service in excess of 25 years.
- c) *Police Officers and Firefighters*: AFC multiplied by the sum of a) 3.5% per year of credited service to a maximum of 87.5 percent, plus, b) 2.0% per year of credited service, if any, in excess of 43.75 years.

Plan B

General and Ocean Rescue: The normal form of pension is a pension payable for life. Also see Automatic Death Benefit. AFC multiplied by 1.25% per year of credited service from May 1, 2012, through April 30, 2017 and multiplied by 1.70% per year after May 1, 2017.

Union Firefighters: The normal form of pension is a pension payable for life. Also see Automatic Death Benefit. AFC multiplied by 1.25% per year of credited service from May 1, 2012 through September 30, 2017. AFC multiplied by 2.75% per year of credited service on or after October 1, 2017.

Police and non-union Firefighters: The normal form of pension is a pension payable for life. Also see Automatic Death Benefit. AFC multiplied by 1.25% per year of credited service from May 1, 2012 through September 30, 2016. AFC multiplied by 2.75% per year of credited service on or after October 1, 2016.

Members can elect an optional **survivorship benefit with an actuarial reduction in benefit**.

Average Final Compensation (AFC):

Plan A: Average of the highest 2 consecutive years within the member's last 5 years of credited service.

Plan B: AFC after April 30, 2012, is the average of the final 5 years of credited service.

DROP Retirement: Both Plan A and Plan B

Eligibility - Same as Normal Retirement. Participation must be terminated within 5 years of DROP commencement.

Pension Amount

General and Ocean Rescue: 100% of member's accrued benefit at the date of election to participate in DROP. Grandfathered General and Ocean Rescue employees: 98% of member's accrued benefit at the date of election to participate in DROP

Police and Firefighters: 100% of the member's accrued benefit at the date of election to participate in DROP.

The rate of return credit for the DROP and Share accounts is calculated based on a five-year trailing average annual return of the plan, and applied to the DROP and Share balances at the end of each quarter on the average daily balance for the quarter.

Early Retirement (General Employees Only):

ELIGIBILITY

Plan A: Age 50 with 10 or more years of credited service based on a monthly reduction from normal retirement date as explained below.

Plan B: Early retirement at age 60 with 10 or more years of credited service, based on a monthly reduction from normal retirement date based on actuarial equivalency.

PENSION AMOUNT

Plan A: Computed as a normal retirement benefit but reduced 6/10 of 1% (3/10 of 1% if service credit is 20 or more years) for each month early retirement precedes the member's normal retirement date.

Retirement Fund Town of Palm Beach

Deferred Retirement (Vested Termination Benefit): Both Plan A and Plan B

Eligibility - 10 or more years of service (waived for frozen benefits). Pension begins upon meeting requirement for normal retirement. Contributions must be left on deposit in the System; failure to do so results in forfeiture of the vested benefit. Frozen accrued benefits as of April 30, 2012 are vested immediately.

Pension Amount - Computed as for normal retirement, based upon Plan A frozen benefit, or Plan B service and AFC at time of termination.

Duty Disability Retirement: Both Plan A and Plan B

Eligibility - No age or service requirements.

General Employees and Ocean Rescue: Payment of sixty percent of the monthly AFC (greater of Plan A or B); or if the member retires prior to attaining the age for normal retirement, the amount of the monthly pension shall be computed as if the member has continued to accrue credited service until the date the member would have attained the age for normal retirement provided that the member has been in receipt of the disability benefit for at least five years.

Police Officers and Firefighters: Payment of sixty percent of the monthly AFC (greater of Plan A or B); or if the member retires prior to attaining the age for normal retirement, the amount of the monthly pension shall be computed as if the member has continued to accrue credited service until the date the member would have attained the age for normal retirement provided that the member has been in receipt of the disability benefit for at least five years.

Non-Duty Disability Before Retirement: Both Plan A and Plan B

Eligibility - 10 or more years of service (waived for frozen benefit).

Pension Amount - Computed as for normal retirement. For Police and Firefighter benefit groups, the disability pension benefit shall not be less than a payment of 30 percent of the member's AFC at the time of disability.

Elective Survivor Benefits

Eligibility – The member dies while in the employ of the Town with at least 10 years of credited service and not participating in the DROP. Survivor beneficiary shall be in writing and filed with Human Resources Department.

Duty Death Special Provision: Both Plan A and Plan B

Eligibility – Death while actuarially performing duty for the Town or was the natural and proximate result, independent of all other causes, of a personal injury or disease arising out of and in the course of the actual performance of duty for the town.

- 1) 10-year vesting requirement waived
- 2) Surviving children is 25% of deceased member's AFC, not to exceed 75% of AFC when four or more surviving children.
- 3) Surviving spouse is paid difference between 75% of deceased AFC and aggregate amount paid surviving children.

Automatic Death After Retirement Pension:

Plan A: To Surviving Child(ren): 25% of the retiree's pension payable to age 18, not to exceed an equal share of 75% of the retiree's pension. Payments to surviving children may be paid to age 25 if retirement if no surviving spouse.

To Surviving Spouse: The difference, if any, between 75% of the deceased retiree's pension and the aggregate amount paid to any surviving children for the month.

Plan B: Reduced option forms of payment are available for survivorship benefits.

Retirement Fund
Town of Palm Beach

Post-Retirement Cost-of-Living Adjustments:

Plan A: Pensions are increased 2.0% annually based on the total pension payable subsequent to an initial 3-year deferral period.

Plan B: None.

Purchase of Service Credit: Both Plan A and Plan B

A vested member who has not purchased service credit under Prior Governmental Service, including Military Service elsewhere may purchase years or fractional parts of years of service, not to exceed 5 years, to be added to years of credited service provided that the member contributes the sum that would have been contributed to the retirement plan to pay the full actuarial cost.

Purchase of service by members of benefit group firefighter may only be based upon actual prior service as a firefighter or service in the military and purchase of service by a member of benefit group police officer may only be based upon actual prior service as a police officer or service in the military.

FUND 610: HEALTH INSURANCE TRUST (OPEB)

The Town makes post-employment health care benefits available to retirees and funds a portion of the retiree health insurance benefits. In FY2007, the Town established a Health Insurance Trust for the funding of these benefits. The trust was established with an initial deposit of \$16,000,000 transferred from the reserves from the Health Insurance Fund. The Town's Investment Advisory Committee oversees the investment of the assets of this trust.

An actuarial valuation of the retiree health plan was conducted as of October 1, 2021. The Town's Actuarial Accrued Liability as of October 1, 2021 was determined to be \$27,343,375 using a 5.0% discount rate and return on assets and resulting in a funded ratio of 147.8%. The annual budgeted contribution for FY2023 is \$331,217.

The Town provides to the retirees self-insured medical and prescription plan(s) administered by Cigna.

Required Monthly Contributions

Contribution amounts are determined by the medical plan chosen, the years of employment service, and the amount of pension earned according to the retiree sliding scale for insurance premiums. Contributions are required to both retiree and dependent coverage. The premium cost sharing between retirees and the Town ranges from 50% to the maximum charge allowable per state statute for the non-Medicare group.

RESOLUTION NO. 091-2022

A RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF PALM BEACH, PALM BEACH COUNTY, FLORIDA, APPROVING A PROPOSED OPERATING MILLAGE RATE OF 2.8966 FOR THE TENTATIVE FISCAL YEAR 2023 BUDGET; APPROVING THE COMPUTED ROLLED-BACK MILLAGE RATE OF 2.4843 TO BE PROVIDED TO THE PROPERTY APPRAISER IN ACCORDANCE WITH F.S. 200.065; ESTABLISHING THE DATE, TIME AND PLACE OF THE FIRST AND FINAL BUDGET HEARINGS TO CONSIDER THE PROPOSED MILLAGE RATES AND TENTATIVE FISCAL YEAR 2023 BUDGET AND DIRECTING THE TOWN MANAGER TO TRANSMIT THIS INFORMATION TO THE PROPERTY APPRAISER OF PALM BEACH COUNTY IN ACCORDANCE WITH THE REQUIREMENTS OF F.S. 200.065.

WHEREAS, F.S. 200.065 requires the Town of Palm Beach to provide specific budgetary information to the Palm Beach County Property Appraiser within thirty-five (35) days of certification of taxable value by the Property Appraiser (July 1st) including its proposed millage rate, its rolled-back millage rate and of the date, time, and place of the first and final public hearings to be held to consider the proposed millage rate and the tentative budget for Fiscal Year 2023 commencing on October 1, 2022; and

WHEREAS, the Town Council met on July 14, 2022, to review and consider the proposed budget prepared by the Town Manager, including his recommendations pertaining to the proposed millage rate, rolled-back millage rate and the date, time and place of the First and Final public hearings to be held to consider the proposed millage rate and the tentative budget for Fiscal Year 2023 commencing on October 1, 2022, for the purpose of making the necessary taxing authority decisions relative to the requirements of F.S. 200.065.

NOW, THEREFORE, BE IT RESOLVED BY THE TOWN COUNCIL OF THE TOWN OF PALM BEACH, PALM BEACH COUNTY, FLORIDA, as follows:

Section 1. The foregoing recitals are hereby ratified and confirmed.

Section 2. The proposed Operating Millage Rate of 2.8966 necessary to provide the Ad Valorem taxes required to balance the tentative Fiscal Year 2023 General Fund Budget is hereby approved.

Section 3. The computed rolled-back millage rate of 2.4843 to be provided to the Property Appraiser in accordance with F.S. 200.065 is hereby approved.

Section 4. The date, time and place of the first budget hearing to consider the proposed millage rate and tentative budget shall be September 14, 2022, commencing at 5:01 p.m. in the Town Hall Council Chambers, 360 South County Road, Palm Beach, Florida.

Section 5. The date, time and place of the final budget hearing to consider the proposed millage rate and tentative budget shall be September 22, 2022, commencing at 5:01 p.m. in the Town Hall Council Chambers, 360 South County Road, Palm Beach, Florida.

Section 6. The Town Manager is hereby directed to do all things necessary to comply with the requirements of F.S. 200.065, including, but not limited to, the transmittal of the tentative taxing authority decisions contained within this resolution to the Property Appraiser's Office in the appropriate format required.

TOWN OF PALM BEACH

Recreation Department

MEMORANDUM

TO: Jane LaClainche, Director of Finance
FROM: Carolyn S. Stone, Assistant Town Manager
Mark Bresnahan, Recreation Division Director
SUBJECT: FY 2023 Proposed Fee Schedule
DATE: June 30, 2022

The proposed FY23 fee schedule includes recommended increases in all areas - golf, tennis, and recreation center fees.

Golf

Proposed golf green fees have been increased between \$4 (regular rate) and \$5 (regular weekend and holidays) across the board. These fees were reviewed with Club Caddie, the provider of POS and electronic tee time sheets. Riding cart rentals went up \$1 across the board, as did all practice range buckets, and resident annual pass rates between \$250 and \$750. Dynamic pricing will be used to maximize revenue and increase play during underutilized times.

Tennis

The proposed fee schedule for tennis operations includes a 4% increase in all annual and seasonal fees for residents, and a 5% increase for nonresidents. The previous family rate has been broken into two categories, one is now referred to as “2 Adults (same household)”, which is similar to the fitness center and constitutes the vast majority of this category of passholders, along with a new family pass (up to 5 for a family household).

Mandel Recreation Center

Staff is recommending an increase to two of the rental fee classifications (clean-up and additional staff) of \$5 per hour. Proposed fees for the fitness center include increasing fees as follows as well as eliminating the six-month pass:

- Annual Pass
 - \$15.00 increase for a single; \$20.00 increase for two resident adults of the same household
- Monthly Pass
 - \$15.00 increase for a single; \$25.00 increase for two resident adults of the same household
- 3 Month Pass
 - \$20.00 increase for a single; \$20.00 increase for two residents of the same household
- Daily Pass
 - \$4 increase for resident daily, \$5 increase for resident guest fee

STAFF RECOMMENDATION

Staff recommends the approval of Resolution No. 094-2022 amending the Town of Palm Beach Marina fees as outlined in the attached fee schedule.

GENERAL INFORMATION

Fee Schedule

The proposed fee schedule for FY23 includes annual and transient fees. It is recommended that seasonal leases be discontinued for FY23 due to the demand for annual leases. FY22 rates were advertised as introductory in order for the Town to gauge market demand for the marina and fill slips. Proposed rates have been increased from FY22 and were determined based on demand and market comparison. The attached fee schedule includes FY22 rates compared to the proposed FY23 rates by slip size.

TOWN ATTORNEY REVIEW

Re: Resolution No. 095-2022 – Fire Prevention Fee Modifications and Special Assignment Overtime Fee Increases.

Date: June 27, 2022

STAFF REQUEST & RECOMMENDATION

Staff requests that the Town Council approve Resolution No. 095-2022 which modifies Fire Prevention Fees and increases the Special Assignment Overtime fees for Police Officer and Firefighter deployments.

GENERAL INFORMATION

Fire Prevention permits and annual life safety inspections are to be set by Resolution. This Resolution revises the category fees for permits and inspections. In addition, it adds two new Business Tax Receipt Categories to allow for fire inspection fees to be collected at the time of issuance of a Business Tax Receipt.

The proposed changes, contained in the attached Exhibit "A", modify fees in the following categories:

- Annual Fire & Life Safety Inspection Fees
- Fire Prevention Fees & Permits
- New/Revised BTR
- Late Fees

In addition, the Resolution increases the Special Assignment Overtime Fees for both Police Officers and Firefighters from \$70 per hour to \$80 per hour and increases the Premium Day fees from \$100 per hour to \$110 per hour. The Special Assignment Overtime fees have not been changed since 2012.

FUNDING/FISCAL IMPACT

There will be minimal fiscal impact for the Fire Prevention Fees. The resolution will allow for increased accuracy in the billing and invoicing process for annual inspections.

The Special Assignment Overtime Revenue will increase depending on the number of details the Police Officers and Firefighters are assigned versus FY22. This revenue source fluctuates based on usage. The Police Officers and Firefighters Special Assignment Overtime rate is currently capped at \$65 per hour. The cap is proposed to be increased to \$75 per hour in order to more effectively fill the demand for Special Assignment Overtime, as they are voluntary work assignments. The fees cover the costs of the services provided by the Town, which have increased since 2012.
