Dear Town Council:

My wife and I own 350 Seaspray Ave, an abutter to the Palm Beach Day School. We are strongly in opposition to the proposed parking lot and lighting proposal. We currently have to deal with the school turning on spot lights at 5:30/6:00am which are pointed into our bedroom. Any additional lighting will cause significant disruption to sleeping in our home at 350 Seaspray. Additionally, the paving and elimination of the current trees, which provide a buffer for noise, will further the detrimental impact of this project. This will further eliminate the limited green space we have in Palm Beach.

As residents, I find it unacceptable that I was not notified via Registered Mail of this proposal. I have been on an extended transatlantic crossing, and was just informed of this proposal last evening.

Thank you for your consideration at this late moment.
