

## AFFIDAVIT OF ADNAN RANGILA

STATE OF NEW YORK                    )  
  ) ss.:  
COUNTY OF NEW YORK    )

ADNAN RANGILA, being duly sworn, deposes and says, under penalties of perjury, as follows:

1.       I am a Senior Director of Finance for Gucci America, Inc. (“Gucci”). As such, I am fully familiar with the facts contained in this Affidavit.

2.       I submit this Affidavit in support of the application of Gucci (the “Application”) for a special exemption to build-out and operate a retail store in the Town of Palm Beach with more than 4,000 square feet located at 225 Worth Avenue, Florida (the “New Store”) under Application No. ARC -22-034 & Building Permit # B-22-94272 . The New Store will replace the existing Gucci store located at 150 Worth Avenue, Palm Beach, Florida (the “Existing Store”). The New Store will provide much needed additional space for additional styles on the sales floor so that customers have more of a selection of items available for an in-store experience.

3.       In connection Gucci’s Application, Gucci conducted an analysis of customers of the Existing Store to determine if more than fifty (50%) of the customers of the Existing Store are “towns people” of the Town of Palm Beach for purposes of establishing compliance with Section 12 of the Town of Palm Beach Letter of Intent Requirements.

4.       I understand that the definition of towns people for purposes of the Town of Palm Beach Letter of Intent Requirements includes (a) residents of the Town of Palm Beach, (b) people living in the Town of Palm Beach, (c) people that work in the Town of Palm Beach, and (d) people staying in hotel accommodations within the Town of Palm Beach.

5. As the New Store is not completed and opened for business, Gucci analyzed data regarding customers of the Existing Store. This approach makes logical sense as current customers of the Existing Store are expected to become customers of the New Store.

6. Under my supervision, Gucci's Client Development & Insights team reviewed the registration data for the customers of the Existing Store for first quarter of 2022 and prepared the analysis annexed as Exhibit A to this Affidavit (the "Customer Analysis"). At all Gucci stores, the Client Advisor (sales associate) that assists a customer will ask the customer if they are registered with Gucci. If not, the Client Advisor will ask the customer for their name, address and email address so that the customer can receive advertisements and news about Gucci and its various styles and products. The voluntary registration also allows the Gucci sales associates to review the history of the customer's purchases. Customer registration can also be submitted by customers through Gucci's online store. Each registered customer is assigned a unique identification number. Some customers do not provide their city and zip code.

7. The Customer Analysis includes a cover sheet identifying the specific month analyzed (Column A), the total number of customers that purchased items in the Town of Palm Beach store (Column B), the number of customers that are Florida residents without a defined city or zip code (Column C), the number of customers that are residents of the Town of Palm Beach (Column D), the number customers that are out of state tourists (Column E), the number of customers that are assumed guests at hotels in the Town of Palm Beach (Column F) and the percent of customers for the month that are residents of the Town Palm Beach or hotel guests staying in the Town of Palm Beach (Column G).

8. For each month analyzed (January through March 2022), a summary of the registration information for each customer was included identifying for each customer the

customer's unique identification number (replaced by a number for privacy purposes), city, state, and zip code to the extent provided by the customer. The name, specific address and unique identification number of the customer was not provided so that the Customer Analysis and this affidavit could be in compliance with Gucci's customer privacy requirements.

9. With respect to Column D (Town of Palm Beach Residents), this includes the number of customers that included an address within the Town of Palm Beach in their registration. This column also includes a portion of customers that are assumed to live in the Town of Palm Beach that did not include a city and/or zip code in their registration based on an actualized mix. For the actualized mix analysis, Gucci used the penetration by city that was actualized for customers with listed cities and/or states to determine what portion of these customers without a listed city or zip likely live in the Town of Palm Beach. The underlying assumption is that Gucci assumed the percentage mix by city for Florida residents without a listed city and/or zip code would mirror the percentage mix by city of the customers with a listed city and/or zip code.

10. With respect to Column E (Customers that are out of state tourists), this includes the number of customers that were tourists based on the number of customers that lived outside of the State of Florida. Gucci assumed that ninety percent (90%) of the customers included in Column E were hotels guests at one of the many hotels in the Town of Palm Beach (*see* Column F). This assumption is based on qualitative feedback from Gucci's Existing Store. The top four hotels that tourist customers stay at are The Breakers, Colony Hotel, The Four Seasons Resort Palm Beach and the Brazilian Court. I will note that, for Gucci customers that live in a nearby community outside the Town of Palm Beach, there are several options that would be more convenient. In this regard, Gucci maintains stores at the Gardens Mall (3101 PGA Boulevard, suite J217, Palm Beach Gardens, FL), Town Center at Boca Raton (6000 Glades Road Suite, 1146,

Boca Raton, FL), Saks Boca Raton (5800 Glades Rd., Boca Raton FL); Saks Boca Raton Handbags, 5800 Glades Rd., Boca Raton, FL); and Gucci Sawgrass Outlet (1700 Sawgrass Mills Circle, Suite 360, Sunrise, FL). We assumed that given the large coverage of Gucci stores in southern Florida, a customer would likely shop at the closest Gucci location and not travel a significant distance to shop at the Town of Palm Beach store.

11. The percentages included in Column G, which identifies the percentage of customers that are towns people under Section 12 of the Town of Palm Beach Letter of Intent Requirements, is based only on customers included in Column F (Town of Palm Beach Hotel Guests) and the customers included in Column D (Town of Palm Beach Residents).

12. With respect to the month of January 2022, Gucci had 631 customers at the Existing Store. Based on the calculation identified above for Column F, 295 of these customers were guests of hotels in the Town of Palm Beach. In addition, 54 of these customers were residents of the Town of Palm Beach (Column D). **As such, 55% of the customers from January 2022 were considered towns people for purposes of the Section 12 of the Town of Palm Beach Letter of Intent Requirements.**

13. With respect to the month of February 2022, Gucci had 453 customers at the Existing Store. Based on the calculation identified above for Column F, 216 of these customers were guests of hotels in the Town of Palm Beach. In addition, 37 of these customers were residents of the Town of Palm Beach (Column D). **As such, 56% of the customers from February 2022 were considered towns people for purposes of the Section 12 of the Town of Palm Beach Letter of Intent Requirements.**

14. With respect to the month of March 2022, Gucci had 438 customers at the Existing Store. Based on the calculation identified above for Column F, 242 of these customers were guests

of hotels in the Town of Palm Beach. In addition, 34 of these customers were residents of the Town of Palm Beach (Column D). **As such, 63% of the customers from March 2022 were considered towns people for purposes of the Section 12 of the Town of Palm Beach Letter of Intent Requirements.**

15. For the first quarter of 2022, Gucci had a total of 1,522 customers of which 753 were guests in hotels in the Town of Palm Beach and 125 were residents of the Town of Palm Beach. **As such, over 57% of customers of the Existing Store for the first quarter of 2022 were towns people for the purposes of Section 12 of the Town of Palm Beach Letter of Intent Requirements.**

16. After Gucci opens the New Store, Gucci will have the store team collect city and zip code information at a higher rate for the New Store. In addition, Gucci expects to train its client advisors working in the New Store on using the note feature on their client application to obtain more qualitative insight on the customer, including whether the customer is a hotel guest in the Town of Palm Beach, works in the Town of Palm Beach, is a resident of the Town of Palm Beach or lives in the Town of Palm Beach.

---

<sup>1</sup> Number of Florida-Resident customers that do not have a listed city and/or zip code on file. Our customer registration process currently does not require a customer to provide residential city and/or zip information.

<sup>2</sup> Number of customers that live in the town of Palm Beach. Includes a portion of customers that are assumed to live in Palm Beach that do not have a city and/or zip on file.

<sup>3</sup> Number of customers that live outside of the state of Florida.

<sup>4</sup> Assumption: 90% of tourist customers stayed at a hotel in the town of Palm Beach. This assumption is based on qualitative feedback from our Palm Beach Worth Avenue location. The top 3 hotels that tourist customers stay at are Breakers, Colony Hotel The Eau Palm Beach Resort and the Brazilian Court.

<sup>5</sup> The contribution of "Town of Palm Beach Residents <sup>2</sup>" and "90% Hotel Assumption <sup>4</sup>" on total customers that shopped in our Palm Beach Worth Ave location.
