Sec. 134-2292. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Commuter vehicle means a motor vehicle parked in a residential area by a person who is not a resident of the designated residential area.

Controlled parking residential area means a contiguous or nearly contiguous area containing streets or parts thereof primarily abutted by property that has a specific residential zone designation on the official zoning map of the town and that is designated for restricted residential parking by the town manager or his designee, pursuant to criteria and procedures established in this division.

Calendar year means the period beginning January 1 and ending December 31 of the same year.

Resident means a person who owns or leases real property within a residential area and who maintains either a voting residence or bona fide occupancy or both at that address.

Residential parking permit means a special permit issued under this division for the privilege of parking on a street designated as a controlled parking residential area.

Continual basis means the usage of permits (both residential and visitor/service) in a manner that avoids primary parking on private property on a regular basis and instead utilizes on-street permit parking. The use of a permit for a vehicle for two or more consecutive days or for four days or more in any seven-day period constitutes prime facie evidence of continual usage.

Sec. 134-2293. Reserved.

Editor's note(s)—Ord. No. 2-2014, § 1, adopted May 14, 2014, repealed § 134-2293, which pertained to designation of controlled parking residential areas, and derived from Ord. No. 2-74, § 6.64(3), 3-26-74; Ord. No. 1-88, § 3, 2-8-88; Ord. No. 1-94, § 4(e), 2-7-94.

Sec. 134-2294. Eligibility and criteria for establishing controlled parking residential areas.

- (a) A residentially zoned area shall be deemed eligible for designation as a controlled parking residential area for residential permit parking if parking therein is impacted by commuter vehicles between 8:00 a.m. and 5:30 p.m. of any day.
- (b) The following objective criteria are established to be used in evaluating the need for restricted parking in a residentially zoned area in accordance with this division. For an area, however big or small, to be eligible for residential permit parking, that area must meet the following criteria:
 - (1) During any period between the hours of 8:00 a.m. and 5:30 p.m., the number of vehicles parked or standing, legally or illegally, on the streets in the area is equal to 50 percent or more of the legal on-street parking capacity of the area. For purposes of this criterion, a legal parking space shall be 20 linear feet measured parallel to the curb or pavement edge.

-
- (2) During the same period as in subsection (b)(1) of this section, 25 percent or more of the vehicles parking or standing on the streets in the area are not registered in the name of a person residing in the area. For purposes of this criterion, the latest available information from the state department of motor vehicles regarding registration of motor vehicles shall be used.
 - (3) In determining whether an area identified as impacted and eligible for residential permit parking shall be designated as a controlled parking residential area, the following factors shall be considered:
 - a. The local needs with respect to clean air and environment in residential areas.
 - b. The possibility of a reduction in total vehicle miles driven in the town.
 - c. The likelihood of alleviating traffic congestion, illegal parking and related health and safety hazards.
 - d. The proximity of public transportation to the residential area.
 - e. The desire and need of the residents for residential permit parking.
 - f. The need for parking regulation to maintain the residential character of neighborhoods.

(Ord. No. 2-74, § 6.64(4), 3-26-74; Ord. No. 1-88, § 3, 2-8-88; Ord. No. 1-94, § 4(e), 2-7-94)

Sec. 134-2295. Procedure for determining controlled parking residential areas.

- (a) In order to determine whether a particular area should be designated as a controlled parking residential area, the town council can request or the town manager may conduct, upon his own initiative or upon a petition of a majority of the households on a proposed residential block addressed to the town manager, a study to determine if the proposed area meets the criteria set forth in section 134-2294. Following the study, the town manager shall determine whether to designate the proposed area under consideration as a controlled parking residential area or to remove the designation of a previously established controlled parking residential area. The town council may also request the town manager to designate an area as a controlled parking residential area based upon a study previously conducted, if the criteria set forth in section 134-2294 are met.
- (b) When the town manager finds the criteria to designate have been met in a controlled parking residential area, he shall cause the regulation to be recorded upon an appropriate map of the town and retained permanently in the office of the town clerk. The town clerk shall also keep an updated residential area parking map, or reasonable facsimile thereof, in an appropriate location on the town's website. In addition, the town manager shall cause parking signs to be erected upon public streets in the area, indicating the times, locations and conditions upon which parking shall be by permit only. When an area has been approved, designated and posted as a controlled parking residential area, it shall be unlawful and a violation of this division to park a commuter vehicle in an area restricted to residential permit parking only without having a valid residential parking permit affixed on the left rear bumper of the vehicle, or in the case of a residential visitor parking permit, appropriately displayed within the vehicle.

(Ord. No. 2-74, § 6.64(5), 3-26-74; Ord. No. 1-88, § 3, 2-8-88; Ord. No. 1-94, § 4(e), 2-7-94; Ord. No. 2-2014, § 2, 5-14-14)

Sec. 134-2296. Issuance of special parking permits upon application.

- (a) Following the official designation of a controlled parking residential area, the finance department shall issue appropriate residential parking permits. Upon application a permit shall be issued only to the owner or operator of a motor vehicle who resides in the controlled parking residential area in which he resides.

-
- (b) The application for a permit shall contain the name of such owner or operator of the motor vehicle; residential address; and the motor vehicle's make, model and registration number. The motor vehicle's registration may, at the discretion of the finance department, be required to be presented at the time of making the application in order to verify the contents thereof. If the vehicle is registered at an address other than the local residence, the applicant shall provide other sufficient proof, acceptable to the finance department, showing residency within the controlled residential parking area. The permit shall be valid for a calendar year, as defined in section 134-2292, and shall be renewed for each successive calendar year. A fee, as determined by resolution of the town council shall be charged for the annual permit and shall be payable at the finance department. After the initial permit has been issued, any renewal shall be affixed to the vehicle no later than January 15 of the applicable current year.
- (c) *Visitor/service permits.* In addition to the decals issued pursuant to section 134-2295(b) above, upon application by owner, owner may be issued visitor/service permits, which permits may be used by such owner for the sole purpose of providing parking on a temporary basis to service vehicles which are conducting work at such owner's premises or for visitors of such owner's residence. The permits shall be used only for the period of time during which business is to be conducted by the service vehicles or for the duration of stay of a visitor to the residence for which the permit is issued. Visitor/service permits are intended for infrequent and temporary use and may not be utilized on a continual basis. The use of a visitor/service permit for a vehicle for two or more consecutive days or for four days or more in any seven-day period constitutes prime facie evidence of continual usage. No more than a total of eight permits, including decals and visitor/service permits, shall be issued for each property.

The application for a visitor/service permit or permits shall be filed by such owner. The permit or permits shall be valid for a calendar year as defined in section 134-2292 and may be renewed each successive calendar year. A fee, as determined by resolution of the town council shall be charged for each visitor/service permit and shall be payable at the finance department. These permits shall not be affixed to the vehicle, but shall be placed in a clearly visible place on the inside of the visitor's or service vehicle observable through the front windshield of the vehicle. The permits shall be valid only for the period of time during which the service vehicle is conducting work at the premises or for the period of time a visitor is at the premises.

- (d) *Temporary group permits.* A temporary group permit may be issued on application of any resident of the district for only one day and for no more than four hours on that day upon a showing by the applicant that during the hours for which the permits are to be issued his or her residence will be used for an assemblage of persons in a way consistent with its residential character and other provisions of law and that such visitors would not be able to park their vehicles without violating the law. However such permits for such an assemblage of persons shall only be issued upon a finding of the facts stated in this section and a further finding that the issuance of such permits will not impair public safety during the time of their validity, and in this connection such permits may be limited as to the streets or portions of streets on which they shall be valid. Finally, the number of such permits issued shall not at any time exceed 50 percent of the number of spaces available in the area in which they are valid.

The application for a temporary group permit shall be filed by the resident seeking the permit. A fee as determined by resolution of the town council shall be charged for each temporary group permit. The permits shall not be affixed to the vehicle, but shall be placed in a clearly visible place on the inside of the visitor's vehicle observable through the front windshield of the vehicle.

A residential parking permit shall not guarantee or reserve to the holder of the permit a parking space within a designated controlled parking residential area.
- (b) A residential parking permit shall not authorize the holder thereof to stand or park a motor vehicle in such places or during such times as the stopping, standing or parking a motor vehicle is prohibited or set aside for specified types of vehicles, nor shall it exempt the holder from the observance of any traffic regulation within the controlled parking residential area.
