

ROVE

Confidential 2023

“I love the message about giving free rides to people in the Hamptons, 'don't drink and drive' and it's also green. It's good for the environment, and it's good for the community.”

— VOGUE

Welcome to *Rove*

ABOUT ROVE

At Rove, we are revolutionizing the ride-sharing experience by combining cutting-edge technology with a passion for sustainability and safety. Founded in 2021 by Jack Brinkley-Cook and Gianpaolo de Felice, Rove is a first of its kind entirely electric and free micro-mobility company. Our commitment to eco-friendliness drives us to provide premium transportation solutions that are not only attainable to all but also environmentally conscious.

In the third quarter of 2023 Rove is expanding to two iconic destinations, Palm Beach, FL, and Aspen, CO. We're excited to bring the seamless, eco-friendly, and reliable Rove experience to these vibrant communities, entirely for free.

Founders Jack Brinkley-Cook and Gianpaolo De Felice

Connecting Downtown Communities

Rove works directly alongside cities, villages, and municipalities in order to make communities better connected. We help combat congestion, parking issues, and drunk driving while being available to all. Rove looks forward to expanding beyond its current markets.

Transforming *Urban* Mobility

Rove is the solution to these pressing challenges. With an entire fleet of Teslas, we offer a zero-emission and eco-friendly transportation option that prioritizes the well-being of our passengers and the planet. Our mission is to provide free short distance rides around populated downtown areas, alleviating traffic, connecting people, and removing drunk drivers from the roads.

Our fleet comprises top-of-the-line Tesla electric vehicles, ensuring passengers enjoy a comfortable, smooth, and noise-free ride, while contributing to a greener environment.

Pioneering *Eco-Friendly*

Central to our mission is our fleet of state-of-the-art Teslas. These electric vehicles boast not only impressive performance but also zero-emission capabilities, making them the perfect fit for our eco-friendly vision. By using only electric vehicles, we significantly reduce carbon emissions, promoting eco-conscious travel and environmental sustainability.

Safety is Our Priority

Safety is the bedrock of Rove's philosophy. Our handpicked team of drivers undergoes rigorous screening and extensive training to ensure that passengers are in good hands throughout their journey. With Rove, you can connect, explore, and enjoy your local surroundings without the worry of impaired or unsafe driving.

From Roots to Routes: Embrace *Nature's* Ride

Experience the Rove difference through our user-friendly app. From the moment you book your ride to the time you reach your destination, expect seamless technology, prompt service, and a commitment to your satisfaction. Whether you're heading to work, exploring the town, or enjoying a night out, Rove is here to make your journey smooth, enjoyable, and planet-friendly.

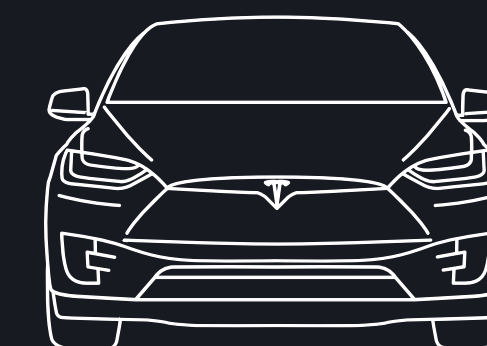

Passengers can access our services without any charges, providing a unique and unmatched experience that fosters brand loyalty and positive word-of-mouth marketing.
