Architectural? Design Review? Links to apps,
board page, calendar, deadlines, etc. etc

None.

S.) What is the time line for the special reviews?

N/A

What is the cost for special review?

T.) Painting the building - are there any codes or
restrictions on paint colors? What does the code say
about design or color restrictions? The City Responded:

Not stipulated by the code; subject to review. The town was unresponsive to attempts at obtaining this information.

ATTACHED SIGNS & WINDOW GRAPHICS

1.) Formula for calculating wall sign square
footage (Max. Sq. Footage - Primary &
Secondary signs):

Each such sign on a building shall not exceed 20 square feet in area and shall be installed flat against the wall of a building or in a ground floor window or door. In addition, if a ground floor licensed business's parking and main entrance is on the back or side of a building not fronting a street, said business shall be allowed one business identification sign installed flat on the face of the building's wall where the business is located. The maximum gross surface area of all business identification signs shall not exceed 20 square feet of area for every 18 feet of lineal feet of building street or via frontage and shall meet the following schedule:

Building Street Frontage and Rear Ground Floor Tenant Parking Frontage	Maximum Gross Surface Area for Business Identification Signs (in square feet)
Less than 18 lineal feet of business frontage	10
18 lineal feet and over of business frontage	20

2.) Sq. Ft allowance for bldg. sides / rear:

See above.

3.) How is the sign area calculated?

The smallest rectangle method.

4.) Total # Wall Signs allowed per building elevation:

One building identification sign (which must have the word "building" in it) may be placed on the front of each wall of a building which fronts onto a street, provided the building identification sign is installed flat against such wall and does not exceed 20 square feet in area.

5.) What is the max letter/character height allowed?

Signs shall be located on only the first floor and shall not go above 15 feet in height or the ceiling height of the first floor of a building, whichever is lower.

6.) Does the ordinance restrict color, design or illumination?

Business identification signs permitted under this division shall consist of lettering which specifies only the name of the establishment as identified in the business tax receipt and state registration, a logo as provided for below and/or the nature of the business. Logos shall be allowed, provided that such logo will fit within a box no more than 12 inches square. Not more than one such logo shall be permitted on the street frontage of each business establishment, and the area of such logo shall be counted toward the maximum allowable gross area of sign.

7.) Does window vinyl need to be permitted, if so how much is allowed?

Any individual business within a building shall be allowed business identification signs in merchandise display area windows and/or entry doors on the first floor; however, such window display and/or door signs shall count towards the allowable total sign area for individual business in a building. Permit is required.

8.) Is the entire graphic calculated or just the company logo and name?

The entire graphic.

FREESTANDING SIGNS

1.) Formula for calculating freestanding sign sq. footage (Max Sq Footage- Primary & Secondary signs):

A property identification yard sign facing a street shall not exceed six square feet in area.

2.) # F/S Signs allowed:

Property identification yard signs are permitted for a property provided that not more than one yard sign is permitted for each vehicular entrance into a property with street frontage.

Internal illumination allowed: Yes.

3.) Height Maximum:

5 feet above lot grade.

Clearance from grade to sign: May not obstruct view.

4.) Set-back of sign from right-of-way or property line:

Be located no further than ten feet from a vehicular entrance onto a property and shall meet the safe site visibility requirements of the town.

This code check is provided with the assumption that you will get the landlord / property owner approval. The information herein is limited to what the city has told us, and we cannot be responsible if they do not inform us that a sign plan is in place. We strongly encourage you to check your lease for landlord criteria and to apply for permits before manufacturing a sign. Sign criteria is reported as presented to us as of the "Completion Date". ETD is not responsible for changes in local sign code after the completion date, nor for the review process interpretations, calculations or fees of local authorities. It is understood that a permit will be obtained prior to manufacture, if required by authorities. The recipient of this code check understands and agrees to the following: This code check is not exclusive and should not be used in place of the definitions, prohibitions and exemptions of the ordinance. This code check is good for the day on which it is completed only. Information contained herein is a guideline and should not in any way be taken as a permit approval. Signs should not be produced until the permit has been issued. Zoning approval is often subject to interpretation that said official makes of the ordinance for their city/county/township; we cannot be held responsible for verbal answers and interpretation. This code check is completed without the knowledge of specific project details and Expedite The Diehl LLC does not assume any liability, we simply provide the code information based on the current code. 2023
