Revised Letter of Intent

The proposed project involves an update to the appearance of the residence portico.

The existing property is a single-family home.

Proposed changes will include:

- Replacement of the existing impact door and transom with a single impact door without a transom
- The metal security door will be removed (photo attached)
- PVC shutters will be added to the door sides
- 4 existing round columns will be replaced with 2 tapered columns
- The pediment will be removed from the gable end
- The radius stucco ceiling will be replaced with a white tongue and groove ceiling with recessed lighting
- The existing wall sconces will be removed

I am available at your convenience should you need to speak to me or meet with me personally.

Thank you for your consideration.

Respectfully,
