Palm Beach, FL 33480

Re: Right of Way Permit under Master Permit# B-22-95606
1260 N. Lake Way

Dear Town Council,

The Right of Way and M.O.T. under consideration before you today was submitted by Built-X as subcontractor under the Sabatello Construction of Florida Master Permit for the new home under construction at 1260 N. Lake Way. This work is required because it is a deep excavation in the center of N. Lake Way, needed to replace the sewer lateral and connect the existing sanitary sewer main located in the center of the road. This work will take 4 days to complete.

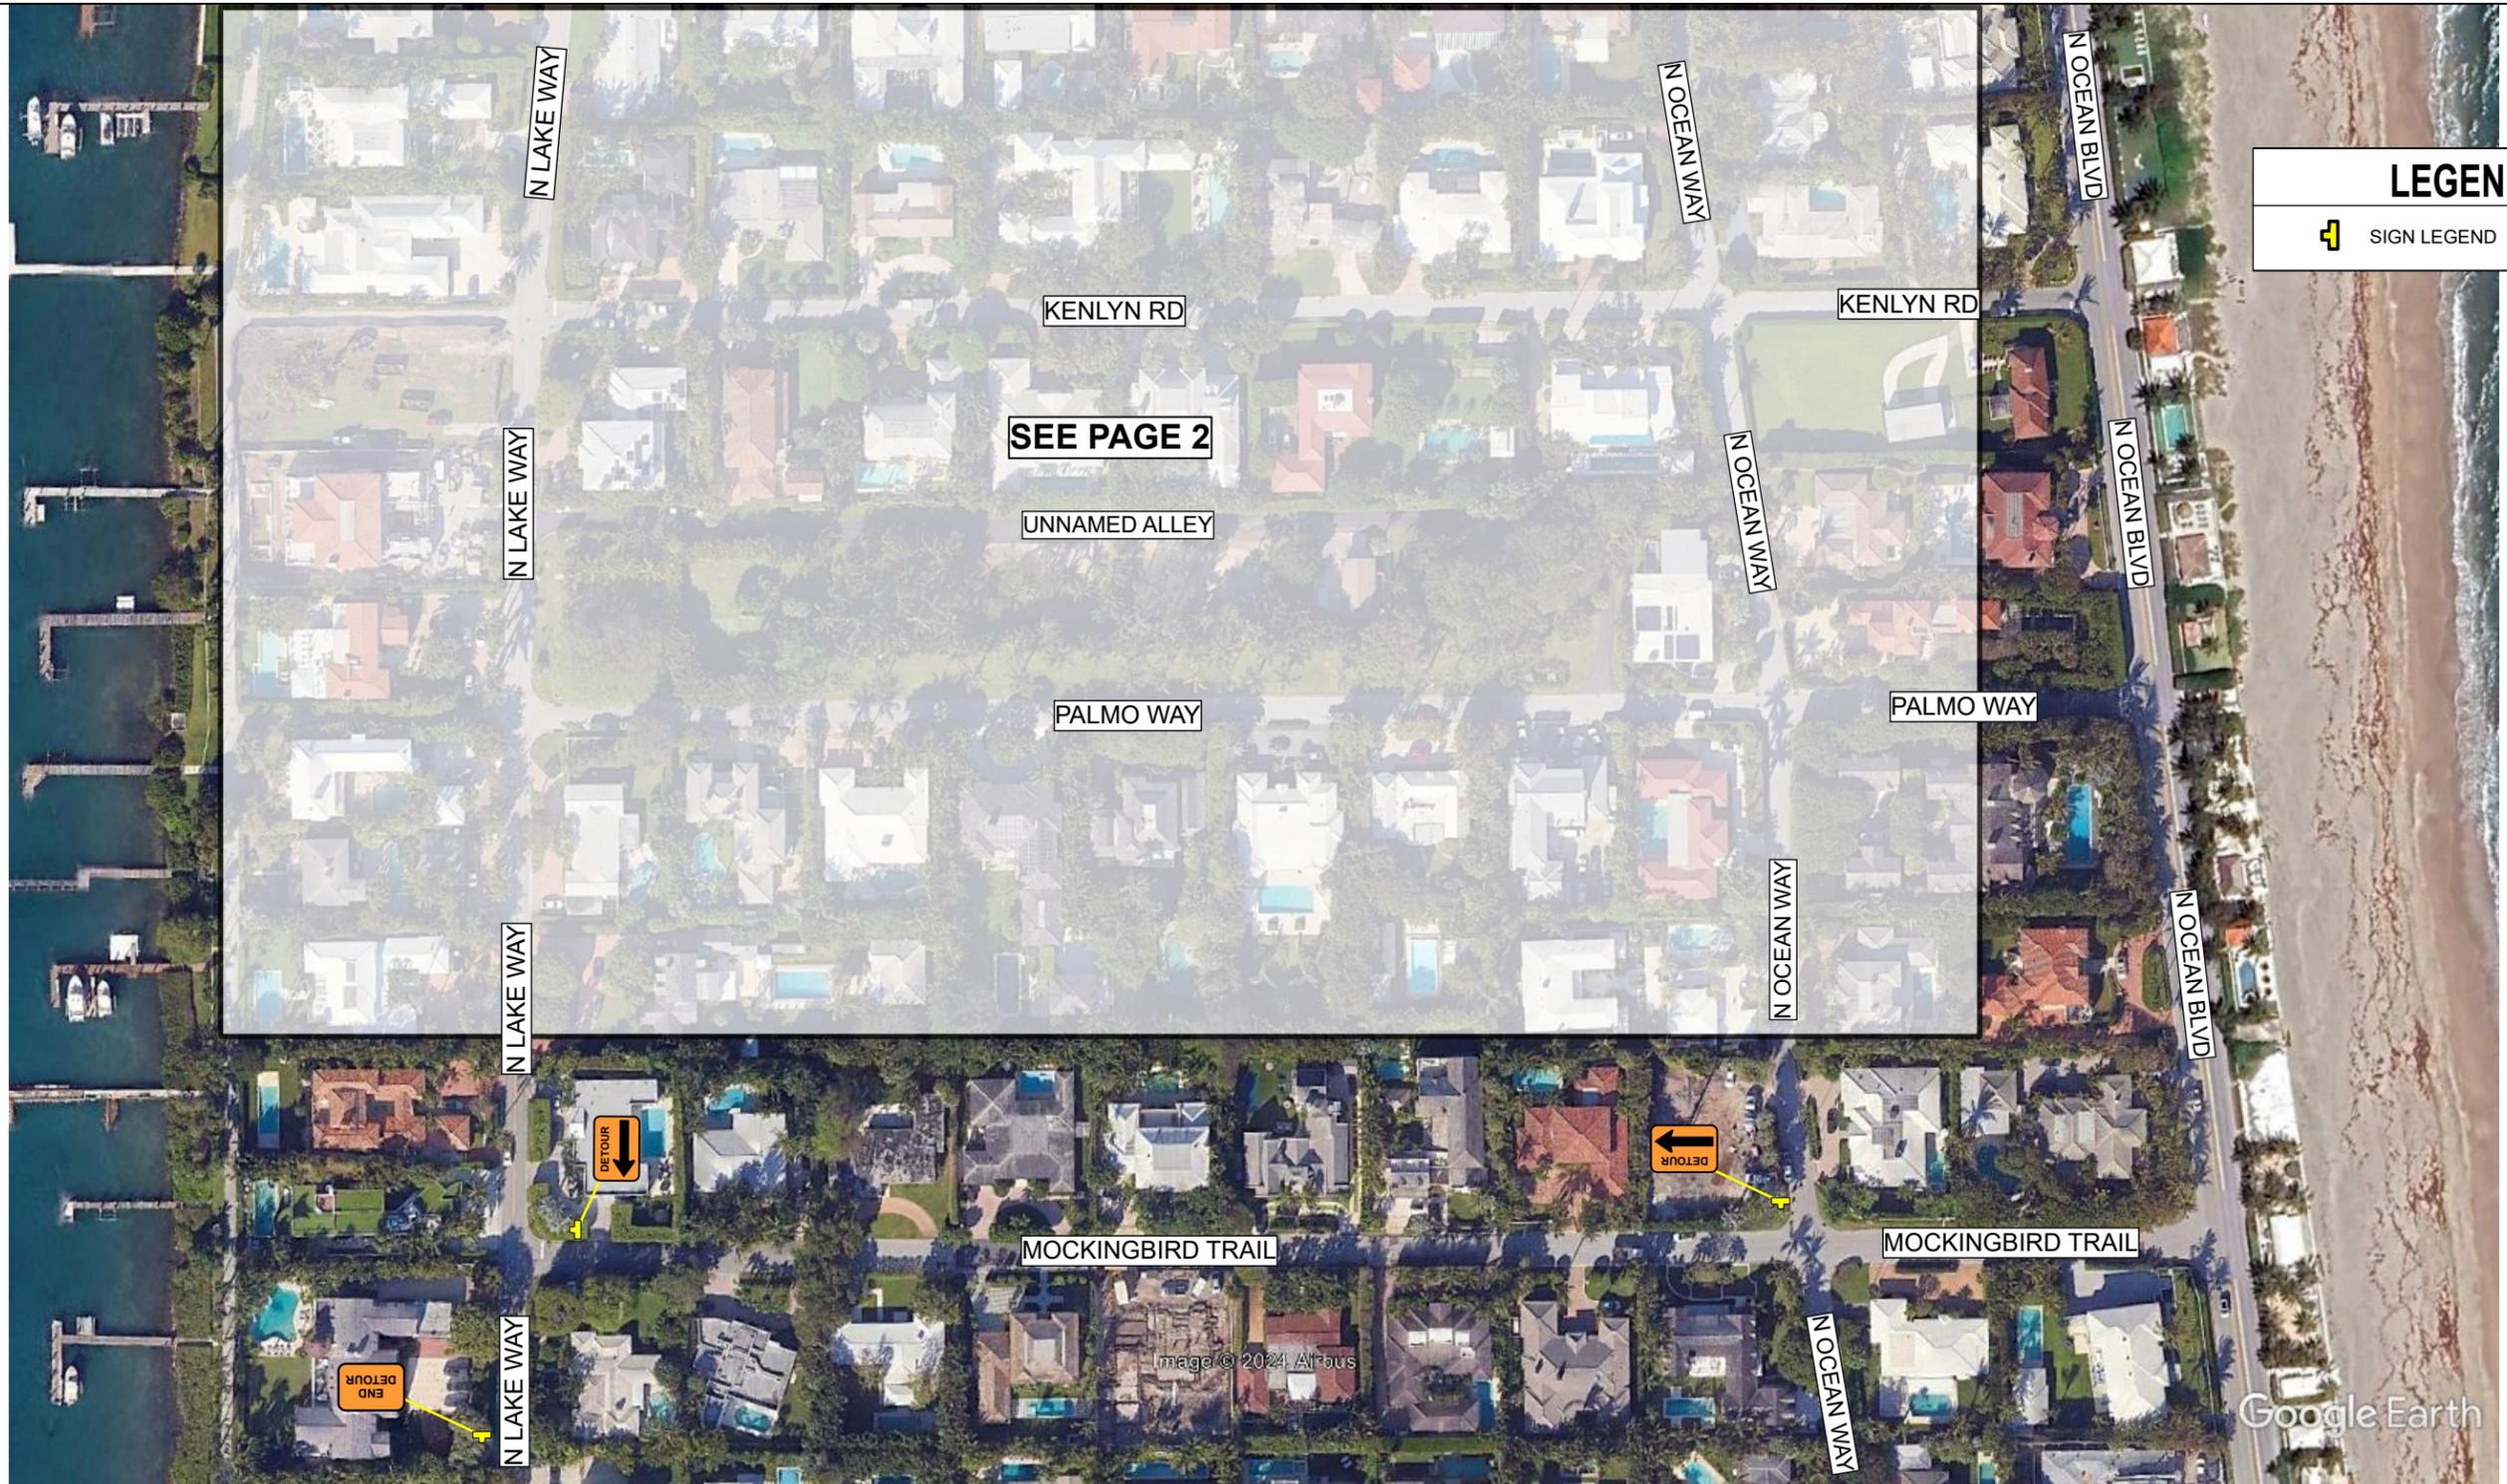

We would like to start and finish week of August 19th. We understand the concerns of the Town related to the road closure and will make every effort to complete the work as expeditiously as possible.

Regards,

Paul Sabatello
Vice President

Notes for Figure 6H-20—Typical Application 20 Detour for a Closed Street

Guidance:

1. This plan should be used for streets without posted route numbers.
2. On multi-lane streets, Detour signs with an Advance Turn Arrow should be used in advance of a turn.

Option:

3. Flashing warning lights and/or flags may be used to call attention to the advance warning signs.
4. Flashing warning lights may be used on Type 3 Barricades.
5. Detour signs may be located on the far side of intersections. A Detour sign with an advance arrow may be used in advance of a turn.
6. A Street Name sign may be mounted with the Detour sign. The Street Name sign may be either white on green or black on orange.

Standard:

7. When used, the Street Name sign shall be placed above the Detour sign.

Support:

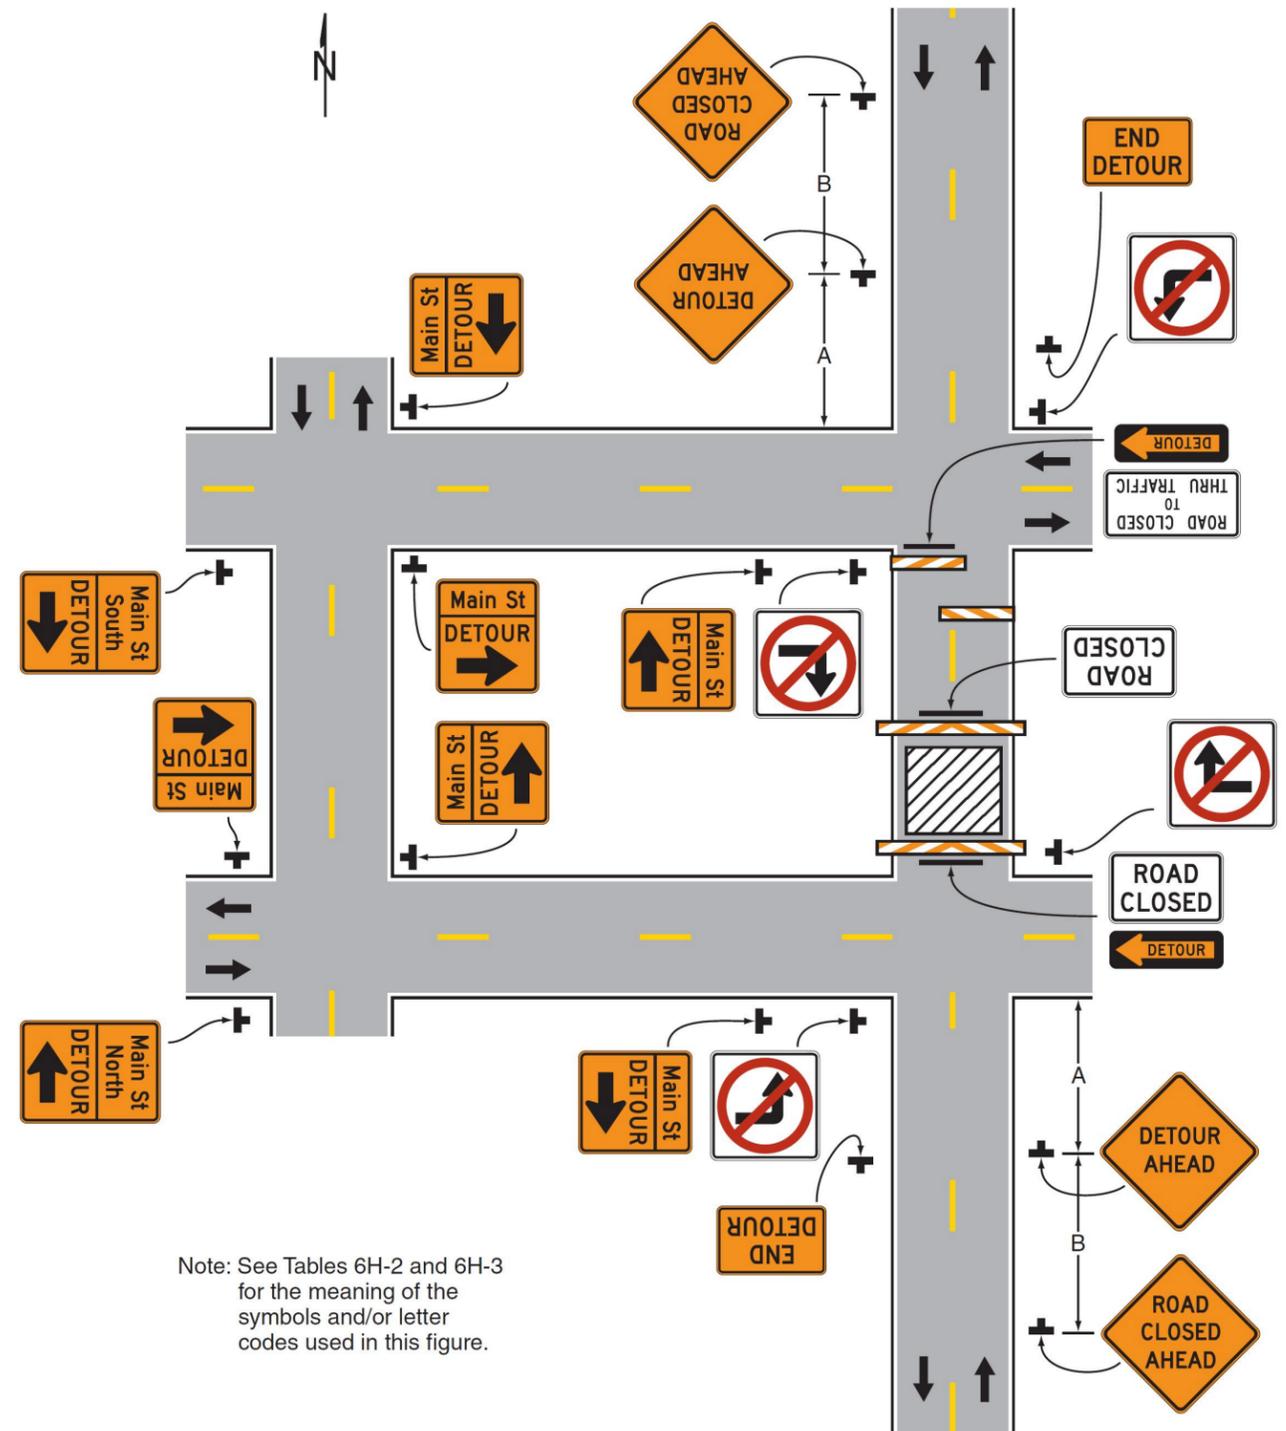

8. See Figure 6H-9 for the information for detouring a numbered highway.
