RE: 10 Tarpon Isle, Palm Beach, FL

To whom it may concern:

The office of Fernando Wong Outdoor Living Design is pleased to resubmit our application with consideration to the input of the commission.

To reflect the comments the following changes have been made to plans

- Existing Tennis Court will remain as clay.
- Renderings have also been provided to show black and white fencing options, we here at the office at Fernando Wong suggest the black option to minimize visibility.
- Glass safety fence added to East Pool
- Permitter safety fence has been adjusted to reduce neighbor visibility in the following ways.
 - North fence is concealed within two cocoplum hedges.
 - South (no neighbors) fence will remain as proposed to maintain water views
 - West fence will be concealed with a cocoplum hedge
 - East fence will be concealed with exception to the existing railing at the east pool.

Kind Regards,
