Re: Traffic Mitigation Proposals Spreadsheet

Date: December 3, 2024

GENERAL INFORMATION

Staff has compiled a worksheet that provides a summary of the key traffic mitigation measures currently in progress or under consideration. These ongoing efforts aim to balance the needs of residents, businesses, and regional stakeholders while enhancing traffic flow and safety. A column on the worksheet indicates which items can be done procedurally or are policy-making decisions for the Town Council's future consideration. The purpose of the spreadsheet is to categorize and summarize information and is a *working draft document* that may be a useful resource to the Town Council as they discuss these items and respond to constituents' inquiries.
